- **SB-2019-04 Narragansett Electric Company d/b/a National Grid – Petition for Waiver for Temporary LNG Vaporization Old Mill Lane, Portsmouth RI.** On October 24, 2019, National Grid filed a Petition for Waiver from the licensing requirement of the Energy Facility Siting Act to operate a temporary portable liquified natural gas vaporization facility at Old Mill Lane, Portsmouth, Rhode Island. The temporary facility is intended to provide emergency backup natural gas supply to Aquidneck Island. National Grid has argued the waiver is appropriate because the project is temporary and will only be mobilized when it is required to backup the natural gas supply to Aquidneck Island.
