J16S 115kV Transmission Line Thermal Upgrade Project  
Cumberland, RI**

Dear Mr. Watson:

Pursuant to Section 42-98-8 of the General Laws of the State of Rhode Island (“Energy Facility Siting Act”) and Section 1.6 (f) of the Rules of Practice and Procedure of the Energy Facility Siting Board (“Rules”), I hereby notify you that the Notice of Intent Application for the reconductoring of an existing transmission line as described in the application filed with the Energy Facility Siting Board (“EFSB”) by Narragansett Electric Company d/b/a National Grid is docketed as of February 9, 2021 and assigned Docket Number SB-2021-02. This letter shall constitute written notice of the docketing date.

As required by Rule 1.6 (h), the EFSB will hold a (remote) public hearing in Cumberland and will determine within sixty (60) days of the filing “whether the project may result in a significant impact on the environment or the public health, safety and welfare,” thereby requiring full EFSB review.

Should you have any questions, please do not hesitate to call me at 401-780-2173.

Sincerely,

A handwritten signature in black ink, appearing to read "ERodvien".
