Re: Invenergy Thermal Development LLC – Clear River Energy Center  
Docket No. SB-2015-06

Dear Dr. Bianco:

Enclosed for filing in this matter are an original and 10 copies of the Town of Burrillville's 23<sup>rd</sup> Set of Data Requests to Invenergy Thermal Development LLC. Electronic copies have been sent to the service list.

If you have any questions, please feel free to call.

Very truly yours,

  
Michael R. McElroy

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS  
ENERGY FACILITY SITING BOARD

IN RE: INVENERGY THERMAL DEVELOPMENT LLC's :  
APPLICATION TO CONSTRUCTION THE : DOCKET No. SB-2015-06  
CLEAR RIVER ENERGY CENTER IN :  
BURRILLVILLE, RHODE ISLAND :

**THE TOWN OF BURRILLVILLE'S 23<sup>rd</sup> SET OF DATA REQUESTS TO  
INVENERGY THERMAL DEVELOPMENT LLC**

- 23-1 Regarding the water plan, will the newly proposed water treatment system add any mechanical equipment to the site that could produce noise, such as might be associated with a zero liquid discharge system (crystallizer pumps, vapor compressors or brine recirculation pumps), for example? If so, what measures are planned to ensure that this additional noise is adequately mitigated so that the facility remains in full compliance with the Town of Burrillville's noise limits at all times?
- 23-2 Have you ever constructed a natural gas/oil fired electric generating facility of the size and magnitude of the CREC, whose process water demands were addressed with drinking water from a public water supply, delivered by truck, in the manner you are now proposing? If not, are you aware of any similar existing facilities? Please explain in detail.
- 23-3 Have you ever constructed a natural gas/oil fired electric generating facility of the size and magnitude of the CREC whose water treatment process was designed to utilize mobile, trailer mounted demineralization systems as a permanent component of the process? If not, are you aware of any similar existing facilities? Please explain in detail.
- 23-4 Have you ever constructed a natural gas/oil fired electric generating facility of the size and magnitude of the CREC whose miscellaneous low volume plant services such as general housekeeping, floor/equipment drains and general maintenance was supplied from the same process water, drained separately to a waste disposal tank, until removed from the property so as not to intermingle with the sanitary wastewater system? If not, are you aware of any similar existing facilities? Please explain in detail.
- 23-5 Have you ever constructed a natural gas/oil fired electric generating facility of the size and magnitude of the CREC whose onsite potable water from domestic use was supplied by an onsite drilled well, with sanitary waste supplied by a separate onsite wastewater treatment system constructed on the property? If not, are you aware of any similar existing facilities? Please explain in detail.

Respectfully submitted,  
Town of Burrillville  
By its attorneys
