Re: The Narragansett Electric Company d/b/a National Grid
(E-183 Transmission Line Relocation Project-A/C I-195 Relocation)
Docket No. SB-2003-01

Dear Mr. Ucci:

I have received the "Assented To Motion for a Hearing on Status" which was filed by the City of East Providence today. I was surprised by the representation that it was an "Assented To" motion since I was not consulted by counsel for the City of East Providence. In addition, it is not necessary for the EFSB "to compel" attendance by National Grid. Finally, the City of East Providence included the last half page of a 3 page status report in its motion. In the interest of full disclosure, I am attaching a copy of the 3 page outline for the Board's information.

I am on vacation next week and Dave Campilii is out of state during the week of February 22. However, we will be available for a hearing after the first of March.
