ENERGY FACILITY SITING BOARD

In re: The Narragansett Electric Company :  
(E-183 115kV Transmission Line : Docket No. SB-2003-01  
Relocation Project – A/C I-195 Relocation :

**STATUS REPORT**

**DEPARTMENT OF ATTORNEY GENERAL**

**July 15, 2015**

This report is filed with the EFSB to fulfill the requirement of quarterly reporting requested by the Board. This report will only detail steps taken by the Attorney General's office in furtherance of the E-183 Underground Relocation Project since April 15, 2015.

- A teleconference call was held on Friday April 24<sup>th</sup> to discuss the peer review report. Counsel for the AG and the cities of East Providence and Providence were on the call along with the consultants.
  - Discussions included the estimate for the route contemplated in National Grid's estimate as well as alternate routes.
  - The consultants were queried on the feasibility of running the lines under the Iway and Point Street bridges. This modality was seen as unreasonable due to structural issues.
- On May 8<sup>th</sup> the parties (East Providence, Providence, and the Attorney General) were sent a supplemental alternative alignment document produced by Haley Aldrich with cost

estimates of an alternative alignment. This document was forwarded to the Energy Facility Siting Board on May 26<sup>th</sup>.

- The invoice for Power Delivery Consulting was sent to National Grid for payment.
- A status conference was held before the Energy Facility Siting Board on June 16<sup>th</sup>. The parties agreed to meet toward the end of July to discuss and agree on an alignment.
- A meeting was scheduled for July 22<sup>nd</sup> for the parties to discuss the alignment.

Respectfully Submitted,

STATE OF RHODE ISLAND,  
DIVISION OF PUBLIC UTILITIES AND CARRIERS

By its attorney,

PETER KILMARTIN  
ATTORNEY GENERAL
