Dear Mr. Bianco:

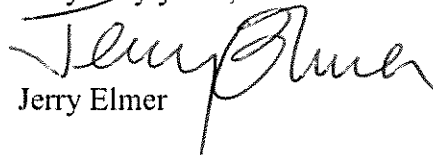

Re: Invenergy Project, Docket SB 2015-06

I write with regard to CLF's First Data Request directed to Invenergy, filed and served January 13, 2016; and Invenergy's (partial) Objection thereto, dated January 19, 2016.

Counsel for CLF and Invenergy discussed this matter earlier today in an effort to resolve the discovery disagreement. Such a resolution might, in part, involve CLF entering into a suitable confidentiality agreement with Invenergy. Based on that discussion, CLF believes that it is possible, though not yet certain, that the parties will be able to resolve the discovery disagreement.

However, in the event that the parties are not able to resolve the discovery dispute, CLF reserves the right to file a suitable motion to compel.

Very truly yours,

Jerry Elmer
