*Re: CLF's Expert Testimony in Energy Facility Siting Board Docket SB-2015-06*

Dear Mr. Bianco:

The purpose of this letter is to address certain procedural issues regarding the testimony of CLF expert witness J. Timmons Roberts.

First, it is apparent to CLF that neither the Office of Energy Resources nor the Public Utilities Commission will directly address Prof. Roberts's testimony, which CLF filed with the Energy Facility Siting Board (EFSB). Given this fact and CLF's rights and obligations under the Energy Facility Siting Act, the EFSB Rules of Practice and Procedure, and basic principles of due process, CLF writes now to emphasize that Dr. Roberts's testimony **must** be addressed as a part of the EFSB's proceedings in docket SB-2015-06. *See* CLF's letters of March 31, 2016 and May 4, 2016, both letters available at [http://www.ripuc.org/efsb/efsb/SB2015\\_06\\_CLF\\_ltr2.pdf](http://www.ripuc.org/efsb/efsb/SB2015_06_CLF_ltr2.pdf).

Second, CLF appreciates that the EFSB shared tentative hearing dates for docket SB-2015-06. As the EFSB works to finalize hearing dates, please be aware that Prof. Roberts will be **unavailable** on the following dates:

- September 20-28
- October 18-22
- November 6-20
- December 8-9
- December 22-January 16
- February 22-25

CLF will make Prof. Roberts available on any other dates convenient to the EFSB. And please note that Prof. Roberts will be specifically **available** on several of EFSB's proposed hearing dates, namely:

- October 12-14
- November 1-3
- November 29-December 1

Thank you very much for your attention to this matter.

Best regards,

Max Greene
