Travis & Michelle Dickey
240 Old Wallum Lake Road
Pascoag, RI 02859

Dear State & Town officials

My name is Travis Dickey and I am writing to you regarding the proposed power plant on Wallum Lake Road in Pascoag, RI. I am writing to express my opposition for the building of this plant.

My wife and I purchased our home on Old Wallum Lake Road (about a mile away from the proposed site) in June of 2014. At that time we had absolutely no knowledge of the impending plant that was being considered. Had we known of the plans for such a construction, we would not have purchased our current home. Many folks here have felt that this announcement took them by surprise and feel that the people of the town were not given a voice in the matter (nor properly notified).

Since we moved to Burrillville we have had our first child and do not like the idea of raising her so close to the facility. As a younger couple just starting a family, we do not have a substantial amount of money in savings, so any significant drop in property values that a power plant would bring to the area could have a devastating effect on us.

On behalf of my wife Michelle, my daughter and myself, I plead with you to do everything in your ability to oppose the construction of this plant.

Thank you,

Travis Dickey
