To R.I. Energy Facility Siting Board,

March 31, 2016

I would like to express my opposition to Invenergy's proposed power plant that would be constructed in the town of Burrillville.

The concerns I have are:

Pollution

Contamination

Water

Noise

Traffic

Visual aspect

Overall impact to the environment, wildlife, wetlands, forestry, and way of life.

I believe these concerns outweigh the positive aspects this plant may bring.

In opposition,
