Re: The Narragansett Electric Company d/b/a National Grid – Aquidneck Island Reliability Project

Dear Mr. Bianco:

I am enclosing for filing on behalf of The Narragansett Electric Company d/b/a National Grid an original and fifteen (15) copies of an update to our filing in the above docket. The update includes the following:

- Addendum to Question 20 of the License Application;
- Revised response to Question 21 of the License Application; and
- Revised Chapter 10 to replace Chapter 10 in the Environmental Report (revised portions are indicated by a vertical bar in the right margin of the revised pages).

As you have requested, I am also enclosing under seal two (2) unredacted copies of Appendix A of TNEC's Energy Facility Siting Board application for the Project. This Appendix contains critical energy infrastructure information that was redacted in our December 29, 2015 filing to prevent it from being released to the public. We request that the unredacted version of Appendix A be protected from public disclosure and subjected to a protective order pursuant to the Motion for Protective Treatment of Confidential Information that was filed on behalf of TNEC on December 29, 2015.

Please acknowledge receipt of this filing on the enclosed copy of this letter and return it with my messenger. Thank you for your cooperation.

Sincerely,

Peter V. Lacouture
