PUBLIC UTILITIES COMMISSION

Re: Docket No. 1725

Dear Ms. Massaro,

AARP Rhode Island writes to show its support of the General Assembly's request of October 4, 2010 to adopt an emergency regulation to restore gas and electric service to residential customers. Therefore, AARP Rhode Island recommends that the Commission issue an emergency regulation for the period October 7, 2010, through December 1, 2010, on the same terms and conditions as reflected in Order 19779 in Docket No. 1725.

Respectfully submitted,

Kathleen Connell
Senior State Director
AARP Rhode Island.
