REPORT

WHEREAS, on October 5, 2010, the Public Utilities Commission (“Commission”) received a letter from Rhode Island Senate President Teresa Pavia Weed and Rhode Island Speaker of the House Gordon D. Fox requesting renewal of its previously adopted emergency regulations to restore gas and electric services to protected low-income customers; and

WHEREAS, for the past two years, the Commission’s Rules and Regulations Governing Termination of Residential Electric, Gas and Water Utility Service (“Termination Rules”) have been changed to allow for the restoration or continuation of service of a utility between October 5, 2009 and December 1, 2009 if the customer who was either terminated or scheduled for termination of service pays a percentage of the balance owed determined by the total of the outstanding back bill; and

WHEREAS, on October 7, 2010, Narragansett Electric Company d/b/a National Grid filed a letter with the Commission recommending that the Commission adopt the same emergency regulations as previously adopted in 2009¹ for the period October 15, 2010 to December 1, 2010; and

WHEREAS, on October 6, 2010, the Division of Public Utilities and Carriers filed a letter indicating that it would have no objection to the Commission promulgating the same emergency rules it promulgated in October 2009 for the period October 7, 2010 to December 1, 2010; and

WHEREAS, at an open meeting held on October 7, 2010 after consideration and deliberation, the Commission found there exists an imminent peril to public health, safety and welfare because Rhode Island's current unemployment rate is extremely high, making it more difficult for Rhode Islanders to meet their financial obligations; and

WHEREAS, the Commission finds it is necessary to adopt emergency regulations to address the imminent peril to public health, safety and welfare; and

WHEREAS, the Commission finds that it is necessary to adopt the following emergency regulation:
