PUBLIC UTILITIES COMMISSION
89 Jefferson Blvd.
Warwick RI 02888
(401) 941-4500

Chairman Elia Germani
Commissioner Mary E. Bray
Commissioner Paul J. Roberti

MEMORANDUM

To: Brent Struthers, Senior Policy Advisor, Law and Policy, NeuStar, Inc.
Cc: Docket No. 2759 Service List
Date: January 18, 2013
Re: Dkt. 2759 – In Re: Investigation into NeuStar’s Request to Reclaim Central Office Codes Assigned to Global NAPs, Inc.

As part of its investigation, the Commission has one question for NeuStar regarding its procedures related to the reclamation of abandoned codes. Please respond at your earliest convenience.

On January 15, 2013, Verizon Rhode Island responded to a Commission Data Request in which Verizon represented that it had disconnected the trunks associated with Global NAPs, Inc., the last on May 24, 2012.

If the Rhode Island Public Utilities Commission grants NeuStar’s request to reclaim the Central Office Codes assigned to Global NAPs, Inc., what will happen to any codes which may contain active numbers that were ported to other carriers prior to the disconnection?
