Re: Narragansett Bay Commission - Abbreviated Rate Filing – Docket 3707

Thank you for your participation in today's pre-hearing conference held in the above-referenced matter. The parties identified at the pre-hearing conference are the Narragansett Bay Commission ("NBC") and the Division of Public Utilities and Carriers ("Division"). In light of NBC's failure to accept the Commission's modification to the Settlement Agreement, a hearing will held at **1:30 P.M., Monday, June 19, 2006** on NBC's rate filing. At this hearing, the Commission will take testimony and ask questions on the following:

1. Employee co-payments on Health Insurance Plans.
2. NBC's Operating Reserve.
3. Questions (of a general nature) on the financial statements of NBC's non-union defined benefit plan; such questions would only be asked if NBC is able to respond to Commission's February 6, 2006 data request #3 (Set 2) and provide such audited financial statements.

At the pre-hearing conference, Mr. Edge represented that NBC still concurs with the Division's cost of service position as filed by Mr. Catlin in his surrebuttal testimony.
