**Re: Tariff Advice Filing To Amend R.I.P.U.C.
NG No. 101, Section 1, Schedule A, General
Terms & Conditions – PUC Docket No. 3881**

Dear Ms. Massaro:

In a letter dated September 25, 2007, Laura S. Olton, Esq., General Counsel for The Narragansett Electric Company, d/b/a National Grid (“Company”), submitted to the Rhode Island Public Utilities Commission on behalf of the Company a tariff advice filing to amend the Company’s General Terms and Conditions for natural gas service, R.I.P.U.C. NG No. 101, Section 1 Schedule A, Part 3, Sheet 4 (“Terms and Conditions”), to be effective November 1, 2007. After summarizing the purpose of this tariff advice filing, General Counsel Olton notes that the “Company has discussed this tariff advice filing with the Division of Public Utilities and Carriers, and the Division supports the tariff amendments.” The purpose of my letter to you today is to confirm General Counsel Olton’s statement.

The Division of Public Utilities and Carriers engaged in a number of discussions with Company personnel over the past few months regarding the issue of remetering and submetering of gas services by a limited number of the Company’s customers. The proposed changes to the tariff resulted directly from those discussions. The Division of Public Utilities and Carriers agrees with the Company that the proposed tariff revision will appropriately address the identified problem.

Thank you for your attention to this matter. If you have any questions regarding this letter, you may contact me at (401) 274-4400, ext. 2299.

Sincerely,
