RE: Docket 3931 - RI Energy Efficiency and Resource Management Council's Proposed Standards for Energy Efficiency and Conservation Procurement and System Reliability

Dear Ms. Massaro:

It is my understanding that, given the nature of this proceeding, that National Grid¹ is already a necessary party and that a formal intervention is not required.

In the alternative, should that not be the case, please accept this letter as a motion to intervene.

Thank you for your attention to this filing. If you have any questions, please feel free to contact me at (401) 784-7667.

Very truly yours,

Thomas R. Teehan
