Warwick, RI 02888

**RE: Docket 3975 – Termination Rules**  
**National Grid Responses to Commission Data Requests – Set 1**

Dear Ms. Massaro:

Enclosed for filing, please find ten (10) copies of National Grid's<sup>1</sup> responses to the Commission's First Set of Data Requests, which were issued on July 31, 2008 in the above-referenced docket.

With respect to Commission Data Request 1-1, the Company apologizes that, given the short turn-around time, its detailed customer-specific data relates to the Company's electric customers only. The data that was requested goes beyond the information normally provided in the Company's monthly filings in Docket 1725. Thus, preparation of these responses required that programs be written to access and organize the data as requested by the Commission. The Company is, however, working diligently to supplement its response concerning its gas customers to Commission Data Request 1-1. Once I became aware of the Commission's request for an expedited response to these information requests, Information Technology personnel were removed from pending assignments and reassigned to this project, and I expect that shortly additional information to complete the Company's responses to these requests. In the interim, the Company has expedited the preparation of its Gas termination information normally filed in Docket 1725 and is submitting that as a partial response to Commission Data Request 1-1.

Finally, with respect to Commission Data Request 1-2, the Company's responses relate to both electric and gas customers and are complete.

Thank you for your consideration in this matter. If you have any questions, please contact me at (401) 784-7667.

Very truly yours,

Thomas R. Teehan

<sup>1</sup> Submitted on behalf of National Grid d/b/a National Grid ("Company").

Commission Data Request 1-1

Request:

For each of the following data requests, please eliminate any identifying information, such as customer name or account address.

Please provide a list of every customer, by customer number (not by account number) and city, that is currently shut off identifying whether the shut off is for electric, gas or both.

- a. For each of those customers currently shut off, identify the date of termination, the amount owed as of the date of termination and the last 12 months payment history. Please sort this list in descending order by greatest amount owed.
- b. For each of those customers currently shut off, identify what amount is required to turn that customer back on.
- c. For each of the customers currently shut off, identify whether that customer had a previous shut off for which a payment agreement was not satisfied.

Response:

With respect to Commission Data Request 1-1, the Company apologizes that, given the short turn-around time, its detailed customer-specific data relates to the Company's Electric customers only. The data that was requested goes beyond the information normally provided in the Company's monthly filings in Docket 1725. Thus, preparation of these responses required that programs be written to access and organize the data as requested by the Commission. The Company is, however, working diligently to supplement its response concerning its gas customers to Commission Data Request 1-1 and expects that shortly it will be able to complete the Company's responses to these requests. In the interim, the Company has expedited the preparation of its Gas termination information normally filed in Docket 1725 and is submitting that as a partial response to Data Request 1-1. Finally, with respect to Commission Data Request 1-2, the Company's responses relate to both electric and gas customers and are complete.

- a. Please see attached spreadsheet
- b. Please see attached spreadsheet
- c. Please see attached spreadsheet

\*April 2004 Data is for April 16-30 only

Commission Data Request 1-2

Request:

Identify how much money in excess of the amount allowed for uncollectibles has not been collected for the past year and who has borne that loss.

Response:

Please see table below which relates to gas and electric customers information.

<b>Rhode Island Bad Debt Analysis (\$Millions)</b>			
	<b>Actual Bad Debt August '07- July '08</b>	<b>Approximate Regulatory Recovery</b>	<b>Estimated Over/(Under) Recovery</b>
Rhode Island Gas	9.8	9.9	<b>0.1</b>
Narragansett Electric	12.1	4.7	<b>(7.4)</b>
Total Rhode Island	21.9	14.6	<b>(7.3)</b>
<b>NOTE:</b> Net Bad Debt Expense, valued at about \$7.3 million for Rhode Island Gas and Narragansett Electric combined was borne by National Grid.
