**Re: National Grid 2009 Renewable Energy
Procurement Plan – PUC Docket 4012**

Dear Ms. Massaro:

The Rhode Island Division of Public Utilities and Carriers (“Division”) has reviewed the filing of The Narragansett Electric Company d/b/a National Grid (“National Grid”) in the referenced docket, National Grid’s responses to the Public Utilities Commission’s first and second sets of data requests, and the position statements of several other parties. In addition, the Division has discussed portions of National Grid’s filing with a National Grid representative in order to form a clearer understanding of some of positions taken in the filing. After due consideration of the forgoing, the Division has no objection to National Grid’s 2009 Renewable Energy Procurement Plan.

I am providing you with this original and nine copies for filing with the referenced docket. Copies of this letter will be provided to the service list in Docket 4012 by electronic and regular mail.

Sincerely,

William K. Lueker, Esq. (R.I. Bar No. 6334)

Special Assistant Attorney General
