PWFD 5-3: Please state if all the time attributed to the Assessor's office for each activity (including visits to the Portsmouth Tax Assessor's Office) is actually carried out by the Assessor or if some of it is carried out by others in his office. If others either currently or historically have performed some of the activities, please state who it was within the Assessor's office that carried out those activities and the annual salary for that position.

Response: The Assessor does use clerical support for two functions. One is to type the forms. The second function is to deliver the forms and have them stamped as received in order to avoid potential problems with the mail. The City did not allocate this time in addition to the Assessor's time as it is so minimal. The clerk's base salary is \$32,941 and they receive an additional \$24,555 in benefits. The clerk probably spends about 3 hours total on Water Fund functions during the year in addition to the time spent by the Assessor.
