Re: The Narragansett Electric Company d/b/a National Grid
v. The Town of Hopkinton, et al (PUC Docket No. 4076)

Dear Patti:

This will confirm our discussion this morning during which I requested that the hearing scheduled for October 28 in the above matter be postponed and the matter held in abeyance while National Grid assesses an alternative site. I have spoken with Patricia Buckley, Hopkinton Town Solicitor, and she has agreed to this request. We have also agreed that Hopkinton will not file pre-filed testimony this week. The site visit scheduled for Thursday, October 22 will proceed as scheduled.

I appreciate your accommodation in this matter.

Sincerely,

Peter V. Lacouture
