EXPLANATION OF BILLING CHARGES

NBC rates for sewage collection and treatment are subject to approval by the Rhode Island Public Utilities Commission (RIPUC).

All NBC customers are billed a Customer Charge and a Consumption Charge. Bills are issued monthly.

Customer Charge

Residential Customers are billed a customer charge based upon the number of dwelling units. Residential structures up to six (6) dwelling units are considered residential customers. All residential condominiums are billed as residential customers, regardless of the number of dwelling units/meters.

Commercial and Industrial Customers are billed a customer charge based upon meter size.

Consumption Charge

All customers are billed consumption charges based on the amount of water used. If a customer's water supplier provides meter readings less frequently than monthly, NBC will estimate and bill consumption based upon prior usage. The consumption charges will be adjusted to reflect actual usage when NBC receives an actual meter reading.

Other Charges

Collection costs and other service fees.

TERMS OF PAYMENT:

All bills are due and payable upon receipt. A late charge penalty of 1% per month will be assessed on unpaid account balances over thirty (30) days from the billing date.

Customers are responsible for costs incurred by the NBC as part of any collection proceeding in accordance with NBC's Terms and Conditions on file with the RIPUC.

Cash, check or money order payments equal to the total balance due will be accepted at all Citizens Bank locations throughout Rhode Island.
