IN RE: NATIONAL GRID PROPOSED FY 2012 GAS
INFRASTRUCTURE, SAFETY AND RELIABILITY
PLAN PURSUANT TO R.I.G.L. §39-1-27.7.1

DOCKET NO. 4219

NOTICE OF TECHNICAL SESSION

Pursuant to the provisions of Sections 39-1-1 and 39-3-11 of the General Laws, as amended, the Public Utilities Commission ("Commission") will conduct a technical record session on **Thursday, February 17, 2011 @ 10:00 A.M.** in Hearing Room A of the Public Utilities Commission, located at 89 Jefferson Boulevard, Warwick, Rhode Island. The technical session may continue thereafter from day to day and time to time as required.

In this docket, the Commission will examine the propriety of a filing by Narragansett Electric d/b/a National Grid seeking approval of a proposed Gas Infrastructure, Safety and Reliability Plan for FY 2012 ("Gas ISR" or "Plan"). The Plan was submitted to comply with the provisions of R.I.G.L. §§39-1-27.7.1, which provides for an annual infrastructure, safety and reliability spending plan for each fiscal year and an annual rate reconciliation mechanism that includes a reconcilable allowance for the anticipated capital investments and other spending pursuant to an annual pre-approved budget. The filing also includes a proposed Gas ISR tariff provision that sets the annual rate reconciliation mechanism and proposed Gas ISR factors. The proposed Plan would account for additional revenues of approximately \$2.1 million that will be collected through the Distribution Adjustment Charge effective April 1, 2011. The annual bill impact on an average residential heating customer using 922 therms per year would result in an annual rate increase of \$7.47 or 0.4 percent. The Commission may approve different rates that may be higher or lower than those proposed by National Grid.

The filing may be examined at the Commission's office and at the office of National Grid, 280 Melrose Street, Providence, Rhode Island. The filing can also be accessed under the Commission's Docket Menu at www.ripuc.org, Docket No. 4219. Reference is made to Chapters 39-1, 39-3 and 42-35 of the Rhode Island General Laws.

The Public Utilities Commission is accessible to the handicapped. Individuals requesting interpreter services for the hearing impaired must notify the Commission Clerk's office at 941-4500, seventy-two hours in advance of hearing date.
