RE: Docket 4226 - February 2011 Retail Rate Filing
Revision to Schedule JAL-17 Net Metering Report

Dear Ms. Massaro:

Enclosed please find ten (10) copies of a revision to Schedule JAL-17 Net Meter Report in the above-captioned proceeding.

The revisions that were made to the Schedule are following:

- (1) 6 facilities were added to the schedule: RI-000154, RI-000160, RI-000193, RI-000207, RI-000208, RI-000209
- (2) Facility RI-42 was split into two facilities: RI-00042a and RI-00042b
- (3) The "Fuel or Energy Source" description was changed from "PV" to "Solar"
- (4) The column heading "Prime mover" was changed to read "DG Type"
- (5) Concerning Wind facilities, the calculation of "Estimated Annual Generation – kWh" was changed to Capacity (kW) times 2400. (In the original filing, some wind facilities had a conversion rate of 350 or 397.205 and others were not calculating Estimated Annual Generation at all).

Thank you for your attention to this matter. If you have any questions, please feel free to contact me at (401) 784-7667.

Very truly yours,

Thomas R. Teehan
