**Re: Docket No. 4237**

Dear Ms. Massaro,

The Division writes to again express its concern regarding CIVIC Exhibit 2, which the Division and NGrid objected to at hearing and which objections were overruled. According to the Division's expert consultants, the Commission must be aware that if the IEEE document was adopted by IEEE, it would not be a standard. The document would be a "Trial Guide" for informational purposes only. The subcommittee working on this is not tasked with developing a standard, and the document that may eventually be produced will not by definition be an IEEE standard.

Thank you for your attention to this matter.

Very truly yours,

Leo J. Wold  
Assistant Attorney General
