REPRESENTATIVE CHRISTOPHER R. BLAZEJEWSKI, *District 2*

January 22, 2013

Chairman Elia Germani
Commissioner Paul J. Roberti
Commissioner Mary Bray
c/o Ms. Luly Massaro, Clerk
Rhode Island Public Utilities Commission
89 Jefferson Boulevard
Warwick, Rhode Island 02888

Re: Docket # 4237, S2387 Sub A

Dear Commissioners:

As the state representative from District 2 in Providence, including Wayland Square, I write on behalf of myself and my constituents concerning Docket # 4237 and the contact voltage legislation enacted last year.

I have been following Docket # 4237 with great interest and concern for public safety. I am particularly attentive to this matter because I was nearby on Angell Street in Providence when a dog was shocked and killed by contact voltage in January 2011.

I understand that the Commission is in the process of implementing the legislation, and it is important that the implementation result in the best program available. I urge you to act in a timely manner with a focus on ensuring the viability of the program testing and protecting Rhode Island residents from injury or death resulting from contact voltage.

Thank you for your work and your attention to this matter.

Sincerely,

Christopher R. Blazejewski
State Representative
District 2 - Providence
