RENEWABLE ENERGY RESOURCES ELIGIBILITY FORM

**The Standard Application Form
Required of all Applicants for Certification of Eligibility of Renewable Energy Resource
(Version 7 – June 11, 2010)**

**STATE OF RHODE ISLAND PUBLIC UTILITIES COMMISSION
Pursuant to the Renewable Energy Act
Section 39-26-1 et. seq. of the General Laws of Rhode Island**

NOTICE:
When completing this Renewable Energy Resources Eligibility Form and any applicable Appendices, please refer to the State of Rhode Island and Providence Plantations Public Utilities Commission Rules and Regulations Governing the Implementation of a Renewable Energy Standard (RES Regulations, Effective Date: January 1, 2006), and the associated RES Certification Filing Methodology Guide. All applicable regulations, procedures and guidelines are available on the Commission’s web site: www.ripuc.org/utilityinfo/res.html. Also, all filings must be in conformance with the Commission’s Rules of Practice and Procedure, in particular, Rule 1.5, or its successor regulation, entitled “Formal Requirements as to Filings.”

- Please complete the Renewable Energy Resources Eligibility Form and Appendices using a typewriter or black ink.
- Please submit one original and three copies of the completed Application Form, applicable Appendices and all supporting documentation to the Commission at the following address:

Rhode Island Public Utilities Commission
89 Jefferson Blvd
Warwick, RI 02888
Attn: Renewable Energy Resources Eligibility

In addition to the paper copies, electronic/email submittals are required under Commission regulations. Such electronic submittals should be sent to: Luly E. Massaro, Commission Clerk at lmassaro@puc.state.ri.us

- In addition to filing with the Commission, Applicants are required to send, electronically or electronically and in paper format, a copy of the completed Application including all attachments and supporting documentation, to the Division of Public Utilities and Carriers and to all interested parties. A list of interested parties can be obtained from the Commission’s website at www.ripuc.org/utilityinfo/res.html.
- Keep a copy of the completed Application for your records.
- The Commission will notify the Authorized Representative if the Application is incomplete.
- Pursuant to Section 6.0 of the RES Regulations, the Commission shall provide a thirty (30) day period for public comment following posting of any administratively complete Application.
- Please note that all information submitted on or attached to the Application is considered to be a public record unless the Commission agrees to deem some portion of the application confidential after consideration under section 1.2(g) of the Commission’s Rules of Practice and Procedure.
- In accordance with Section 6.2 of the RES Regulations, the Commission will provide prospective reviews for Applicants seeking a preliminary determination as to whether a facility would be eligible prior to the formal certification process described in Section 6.1 of the RES Regulations. Please note that space is provided on the Form for applicant to designate the type of review being requested.
- Questions related to this Renewable Energy Resources Eligibility Form should be submitted in writing, preferably via email and directed to: Luly E. Massaro, Commission Clerk at lmassaro@puc.state.ri.us

SECTION I: Identification Information

1.1 Name of Generation Unit (sufficient for full and unique identification):

Record Hill Wind LLC

1.2 Type of Certification being requested (check one):

Standard Certification Prospective Certification (Declaratory Judgment)

1.3 This Application includes: (Check all that apply)¹

- APPENDIX A: Authorized Representative Certification for Individual Owner or Operator
- APPENDIX B: Authorized Representative Certification for Non-Corporate Entities Other Than Individuals
- APPENDIX C: Existing Renewable Energy Resources
- APPENDIX D: Special Provisions for Aggregators of Customer-sited or Off-grid Generation Facilities
- APPENDIX E: Special Provisions for a Generation Unit Located in a Control Area Adjacent to NEPOOL
- APPENDIX F: Fuel Source Plan for Eligible Biomass Fuels

1.4 Primary Contact Person name and title: Michael Novello, Vice President, Record Hill Wind LLC

1.5 Primary Contact Person address and contact information:

Address: c/o Wagner Wind Energy I, LLC

PO Box 160, 150 Orford Road

Lyme, NH 03768

Phone: 603-208-2003

Fax: 603-795-4631

Email: mnovello@wagnerforest.com

1.6 Backup Contact Person name and title: Abigail Krich, consultant, Record Hill Wind LLC

1.7 Backup Contact Person address and contact information:

Address: 18 Cherry St #2L

Somerville, MA 02144

Phone: 607-227-8100

Fax: 617-500-4408

Email: krich@boreasrenewables.com

¹ Please note that all Applicants are required to complete the Renewable Energy Resources Eligibility Standard Application Form and all of the Appendices that apply to the Generation Unit or Owner or Operator that is the subject of this Form. Please omit Appendices that do not apply.

1.8 Name and Title of Authorized Representative (*i.e.*, the individual responsible for certifying the accuracy of all information contained in this form and associated appendices, and whose signature will appear on the application):

_____ Mike Novello, Vice President, Record Hill Wind _____

Appendix A or B (as appropriate) completed and attached? Yes No N/A

1.9 Authorized Representative address and contact information:

Address: __ c/o Wagner Wind Energy I, LLC _____
_____ PO Box 160, 150 Orford Road _____
_____ Lyme, NH 03768 _____
Phone: __ 603-208-2003 _____ Fax: __ 603-795-4631 _____
Email: __ mnovello@wagnerforest.com _____

1.10 Owner name and title: __ Record Hill Wind LLC _____

1.11 Owner address and contact information:

Address: __ c/o Wagner Wind Energy I, LLC _____
_____ PO Box 160, 150 Orford Road _____
_____ Lyme, NH 03768 _____
Phone: __ 603-208-2003 _____ Fax: __ 603-795-4631 _____
Email: __ mnovello@wagnerforest.com _____

1.12 Owner business organization type (check one):

- Individual
- Partnership
- Corporation
- Other: _____

1.13 Operator name and title: __ Mike Novello, Vice President _____

1.14 Operator address and contact information:

Address: __ c/o Wagner Wind Energy I, LLC _____
_____ PO Box 160, 150 Orford Road _____
_____ Lyme, NH 03768 _____
Phone: __ 603-208-2003 _____ Fax: __ 603-795-4631 _____
Email: __ mnovello@wagnerforest.com _____

1.15 Operator business organization type (check one):

- Individual
- Partnership
- Corporation
- Other: _____

SECTION II: Generation Unit Information, Fuels, Energy Resources and Technologies

2.1 ISO-NE Generation Unit Asset Identification Number or NEPOOL GIS Identification Number (either or both as applicable): 14665

2.2 Generation Unit Nameplate Capacity: 50.6 MW

2.3 Maximum Demonstrated Capacity: 50.6 MW

2.4 Please indicate which of the following Eligible Renewable Energy Resources are used by the Generation Unit: (Check ALL that apply) – *per RES Regulations Section 5.0*

Direct solar radiation

The wind

Movement of or the latent heat of the ocean

The heat of the earth

Small hydro facilities

Biomass facilities using Eligible Biomass Fuels and maintaining compliance with all aspects of current air permits; Eligible Biomass Fuels may be co-fired with fossil fuels, provided that only the renewable energy fraction of production from multi-fuel facilities shall be considered eligible.

Biomass facilities using unlisted biomass fuel

Biomass facilities, multi-fueled or using fossil fuel co-firing

Fuel cells using a renewable resource referenced in this section

2.5 If the box checked in Section 2.4 above is “Small hydro facilities”, please certify that the facility’s aggregate capacity does not exceed 30 MW. – *per RES Regulations Section 3.32*

← check this box to certify that the above statement is true

N/A or other (please explain) _____

2.6 If the box checked in Section 2.4 above is “Small hydro facilities”, please certify that the facility does not involve any new impoundment or diversion of water with an average salinity of twenty (20) parts per thousand or less. – *per RES Regulations Section 3.32*

← check this box to certify that the above statement is true

N/A or other (please explain) _____

2.7 If you checked one of the Biomass facilities boxes in Section 2.4 above, please respond to the following:

A. Please specify the fuel or fuels used or to be used in the Unit: _____

B. Please complete and attach Appendix F, Eligible Biomass Fuel Source Plan.

Appendix F completed and attached?

Yes No N/A

- 2.8 Has the Generation Unit been certified as a Renewable Energy Resource for eligibility in another state's renewable portfolio standard?
 Yes No If yes, please attach a copy of that state's certifying order.
Copy of State's certifying order attached? Yes No N/A

SECTION III: Commercial Operation Date

Please provide documentation to support all claims and responses to the following questions:

- 3.1 Date Generation Unit first entered Commercial Operation: 1 / 1 / 2 8 / 1 1 at the site.

If the commercial operation date is after December 31, 1997, please provide independent verification, such as the utility log or metering data, showing that the meter first spun after December 31, 1997. This is needed in order to verify that the facility qualifies as a New Renewable Energy Resource.

Documentation attached? Yes No N/A

- 3.2 Is there an Existing Renewable Energy Resource located at the site of Generation Unit?

Yes
 No

- 3.3 If the date entered in response to question 3.1 is earlier than December 31, 1997 or if you checked "Yes" in response to question 3.2 above, please complete Appendix C.

Appendix C completed and attached? Yes No N/A

- 3.4 Was all or any part of the Generation Unit used on or before December 31, 1997 to generate electricity at any other site?

Yes
 No

- 3.5 If you checked "Yes" to question 3.4 above, please specify the power production equipment used and the address where such power production equipment produced electricity (attach more detail if the space provided is not sufficient):

SECTION IV: Metering

- 4.1 Please indicate how the Generation Unit's electrical energy output is verified (check all that apply):

ISO-NE Market Settlement System
 Self-reported to the NEPOOL GIS Administrator
 Other (please specify below and see Appendix D: Eligibility for Aggregations):

Appendix D completed and attached?

Yes No N/A

SECTION V: Location

5.1 Please check one of the following that apply to the Generation Unit:

- Grid Connected Generation
- Off-Grid Generation (not connected to a utility transmission or distribution system)
- Customer Sited Generation (interconnected on the end-use customer side of the retail electricity meter in such a manner that it displaces all or part of the metered consumption of the end-use customer)

5.2 Generation Unit address: 229 Roxbury Notch Road, Roxbury, ME 04275-3203

5.3 Please provide the Generation Unit's geographic location information:

A. Universal Transverse Mercator Coordinates: Zone 19, 370666 E, 4947044 N

B. Longitude/Latitude: -70 37 53.4 / 44 39 54.5

5.4 The Generation Unit located: (please check the appropriate box)

- In the NEPOOL control area
- In a control area adjacent to the NEPOOL control area
- In a control area other than NEPOOL which is not adjacent to the NEPOOL control area ← *If you checked this box, then the generator does not qualify for the RI RES – therefore, please do not complete/submit this form.*

5.5 If you checked “In a control area adjacent to the NEPOOL control area” in Section 5.4 above, please complete Appendix E.

Appendix E completed and attached?

Yes No N/A

SECTION VI: Certification

6.1 Please attach documentation, using one of the applicable forms below, demonstrating the authority of the Authorized Representative indicated in Section 1.8 to certify and submit this Application.

Corporations

If the Owner or Operator is a corporation, the Authorized Representative shall provide **either**:

- (a) Evidence of a board of directors vote granting authority to the Authorized Representative to execute the Renewable Energy Resources Eligibility Form, **or**
- (b) A certification from the Corporate Clerk or Secretary of the Corporation that the Authorized Representative is authorized to execute the Renewable Energy Resources Eligibility Form or is otherwise authorized to legally bind the corporation in like matters.

Evidence of Board Vote provided? Yes No N/A

Corporate Certification provided? Yes No N/A

Individuals

If the Owner or Operator is an individual, that individual shall complete and attach APPENDIX A, or a similar form of certification from the Owner or Operator, duly notarized, that certifies that the Authorized Representative has authority to execute the Renewable Energy Resources Eligibility Form.

Appendix A completed and attached? Yes No N/A

Non-Corporate Entities

(Proprietorships, Partnerships, Cooperatives, etc.) If the Owner or Operator is not an individual or a corporation, it shall complete and attach APPENDIX B or execute a resolution indicating that the Authorized Representative named in Section 1.8 has authority to execute the Renewable Energy Resources Eligibility Form or to otherwise legally bind the non-corporate entity in like matters.

Appendix B completed and attached? Yes No N/A

6.2 Authorized Representative Certification and Signature:

I hereby certify, under pains and penalties of perjury, that I have personally examined and am familiar with the information submitted herein and based upon my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate and complete. I am aware that there are significant penalties, both civil and criminal, for submitting false information, including possible fines and punishment. My signature below certifies all information submitted on this Renewable Energy Resources Eligibility Form. The Renewable Energy Resources Eligibility Form includes the Standard Application Form and all required Appendices and attachments. I acknowledge that the Generation Unit is obligated to and will notify the Commission promptly in the event of a change in a generator's eligibility status (including, without limitation, the status of the air permits) and that when and if, in the Commission's opinion, after due consideration, there is a material change in the characteristics of a Generation Unit or its fuel stream that could alter its eligibility, such Generation Unit must be re-certified in accordance with Section 9.0 of the RES Regulations. I further acknowledge that the Generation Unit is obligated to and will file such quarterly or other reports as required by the Regulations and the Commission in its certification order. I understand that the Generation Unit will be immediately de-certified if it fails to file such reports.

Signature of Authorized Representative:

Section 39-26-1 et. seq. of the General Laws of Rhode Island

RESOLUTION OF AUTHORIZATION

Resolved: that Michael Novello, named in
Section 1.8 of the Renewable Energy Resources Eligibility Form as Authorized Representative,
is authorized to execute the Application on the behalf of Record Hill Wind LLC,
the Owner or Operator of the Generation Unit named in section 1.1 of the Application.

SIGNATURE:

Thomas J. Colgan
Thomas J. Colgan, President of
Record Hill Wind LLC

DATE:

April 10, 2012

State: New Hampshire

County: Grafton

(TO BE COMPLETED BY NOTARY) I, JOHN G. SOBETZER as a
notary public, certify that I witnessed the signature of the above named Thomas J. Colgan,
and that said person stated that he/she is authorized to execute this resolution, and the individual
verified his/her identity to me, on this date: April, 2012.

SIGNATURE:

John G. Sobetzer

My Commission Expires: January 12, 2015

NOTARY SEAL:

RECORD HILL WIND LLC

CONSENT RESOLUTIONS OF MANAGER

The undersigned, Wagner Wind Energy I, LLC, a Delaware limited liability company which is the sole Manager of Record Hill Wind LLC, a Delaware limited liability company (the "Company") does hereby consent to the taking of the following actions, such actions to be deemed taken effective as of April 10, 2012:

RESOLVED: That the Company be, and it hereby is, authorized to undertake to file a Renewable Energy Resources Eligibility Form with the State of Rhode Island Public Utilities Commission (the "RI Application") and in connection therewith to provide all additional materials and supporting documentation and to execute, deliver and perform all such other documents, instruments and certificates, and to take all such additional actions, as may be required in connection with the same; and further

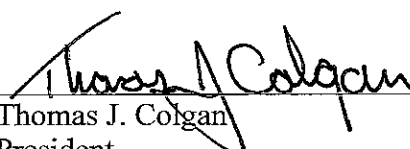

RESOLVED: That consistent with the foregoing, any of the following officers of the Company acting severally be, and each hereby is, authorized to act on behalf of the Company in connection with the RI Application:

President/Chief	
Executive Officer	Thomas J. Colgan
Vice President/Secretary	Michael Novello
Vice President/Chief	
Financial Officer	Keith Milone
Assistant Secretary	Daniel Hudnut; and further

RESOLVED: More specifically, that Michael Novello, named in Section 1.8 of the Renewable Energy Resources Eligibility Form as Authorized Representative, is authorized to execute the RI Application on behalf of Record Hill Wind LLC the Owner or Operator of the Generation Unit named in Section 1.1 of the RI Application; and further

RESOLVED: That any and all actions heretofore or hereafter taken by such officer or officers of the Company within the meaning of the foregoing resolutions be, and hereby are, ratified and confirmed as the acts and deeds of Company.

**RE: RPS Class I Eligibility Decision
Record Hill Wind, 50.6 MW in Roxbury, ME (WD-1210-12)**

Dear Mr. Novello,

On behalf of the Department of Energy Resources (the Department), I am pleased to inform you that the Statement of Qualification Application for Record Hill Wind (SQA ID # 10954) pursuant to the Massachusetts Renewable Energy Portfolio Standard (RPS) – Class I Regulations has been approved, as documented in the enclosed Statement of Qualification. The Department finds that the Generation Unit meets the requirements for eligibility as an RPS Class I Renewable Generation Unit pursuant to 225 CMR 14.05.

Each Massachusetts Class I Renewable Generation Unit is assigned a unique Massachusetts RPS Class I Identification Number (MA RPS Class I ID#), which must be included in all correspondence with the Department. As stated in the Statement of Qualification, your Unit's MA RPS Class I ID# is **WD-1210-12**.

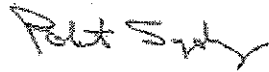

The Department wishes to remind you of the notification requirements in 225 CMR 14.06(5) for changes in the Unit that could affect its eligibility status and in 225 CMR 14.06(6) for changes in capacity, contact information, and identity of the Owner or Operator. The Owner or Operator of the Generation Unit shall submit notification of such changes to the Department no later than five days following the end of the month during which such changes were implemented.

Second, the Department calls your attention to the provision requiring that the amount of the RPS qualified generating capacity must not be committed to any Control Area other than the ISO New England Control Area, pursuant to 225 CMR 14.05(1)(e)1.

Finally, the Department wishes to remind you to be cognizant of the Operating Rules and the reporting requirements of the NEPOOL GIS, which may be amended from time to time, and compliance with which may affect the RPS qualification of your Generation Unit's GIS certificates.

If you have any questions or concerns about the Statement of Qualification or any aspect of the RPS program, please contact Howard Bernstein, RPS Program Manager, at the Department's address, or (617) 626-7355, or howard.bernstein@state.ma.us.

Sincerely,

Robert Sydney
General Counsel

Encl: Statement of Qualification

Commonwealth of Massachusetts
Executive Office of Energy and Environmental Affairs
DEPARTMENT OF ENERGY RESOURCES

STATEMENT OF QUALIFICATION

Pursuant to the Renewable Energy Portfolio Standard – Class I
225 CMR 14.00

This Statement of Qualification, provided by the Massachusetts Department of Energy Resources (DOER or the Department), signifies that the Generation Unit identified below, as described in a Statement of Qualification Application dated September 27, 2011 (SQA ID # 10954), meets the requirements for eligibility as an RPS Class I Renewable Generation Unit, pursuant to the Renewable Energy Portfolio Standard – Class I, 225 CMR 14.05. Therefore, this Generation Unit is duly qualified as an RPS Class I Renewable Generation Unit.

Generation Unit Name, Capacity,
and Location:

Record Hill Wind
50.6 MW
Roxbury, ME

Authorized Representative's Name
and Address:

Mike Novello
CFO
Record Hill Wind, LLC
PO Box 160, 150 Orford Road
Lyme, NH 03768

This RPS Class I Renewable Generation Unit is assigned a unique Massachusetts RPS Identification Number, listed below. Please include the ID number on all correspondence with DOER.

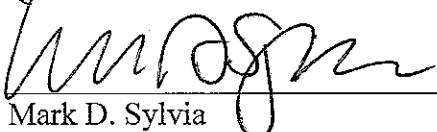

MA RPS Class I ID #: WD-1210-12

This Unit's RPS Effective Date is: **November 28, 2011**

This Unit's NEPOOL GIS Generation Unit Asset Identification Number is:

MSS14665

The Qualification of this Generation Unit is subject to all applicable provisions in 225 CMR 14.00, including but not limited to the following. Pursuant to 225 CMR 14.06(5) and (6), the Owner or Operator of the Unit is obligated to notify DOER of any changes in the characteristics of the Unit that could affect its eligibility status, as well as any changes in the Unit's ownership, generation capacity, or contact information. DOER may suspend or revoke this Statement of Qualification if the Owner or Operator fails to comply with 225 CMR 14.00, including the provisions of this Statement of Qualification.

Mark D. Sylvia
Commissioner
Department of Energy Resources

RECORD HILL WIND, LLC
Request for Certification for RPS Eligibility

ORDER GRANTING NEW
RENEWABLE RESOURCE
CERTIFICATION

WELCH, Chairman; VAFIADES and LITTELL, Commissioners

I. SUMMARY

The Record Hill Wind Facility is certified as a Class I new renewable resource that is eligible to satisfy Maine's new renewable resource portfolio requirement pursuant to Chapter 311, § 3(B) of the Commission rules.

II. BACKGROUND

A. New Renewable Resource Portfolio Requirement

During its 2007 session, the Legislature enacted an Act To Stimulate Demand for Renewable Energy (Act). P.L. 2007, ch. 403 (codified at 35-A M.R.S.A. § 3210(3-A)). The Act added a mandate that specified percentages of electricity that supply Maine's consumers come from "new" renewable resources.¹ Generally, new renewable resources are renewable facilities that have an in-service date, resumed operation or were refurbished after September 1, 2005. The percentage requirement starts at one percent in 2008 and increases in annual one percent increments to ten percent in 2017, unless the Commission suspends the requirement pursuant to the provisions of the Act.

As required by the Act, the Commission modified its portfolio requirement rule (Chapter 311) to implement the "new" renewable resource requirement. *Order Adopting Rule and Statement of Factual and Policy Basis*, Docket No. 2007-391 (Oct. 22, 2007). The implementing rules designated the "new" renewable resource requirement as "Class I"² and incorporated the resource type, capacity limit and the vintage requirements as specified in the Act. The rules thus state that a new renewable

¹ Maine's electric restructuring law, which became effective in March 2000, contained a portfolio requirement that mandated that at least 30% of the electricity to supply retail customers in the State come from eligible resources, which are either renewable or efficient resources. 35-A M.R.S.A. § 3210(3). The Act did not modify this 30% requirement.

² The "new" renewable resource requirement was designated as Class I because the requirement is similar to portfolio requirements in other New England states that are referred to as "Class I." Maine's pre-existing "eligible" resource portfolio requirement is designated as Class II.

resource used to satisfy the Class I portfolio requirement must be of the following types:

- fuel cells;
- tidal power;
- solar arrays and installations;
- wind power installations;
- geothermal installations;
- hydroelectric generators that meet all state and federal fish passage requirement; or
- biomass generators, including generators fueled by landfill gas.

In addition, except for wind power installations, the generating resource must not have a nameplate capacity that exceeds 100 MW. Finally, the resource must satisfy one of four vintage requirements. These are:

- 1) renewable capacity with an in-service date after September 1, 2005;
- 2) renewable capacity that has been added to an existing facility after September 1, 2005;
- 3) renewable capacity that has not operated for two years or was not recognized as a capacity resource by the ISO-NE or the NMISA and has resumed operation or has been recognized by the ISO-NE or NMISA after September 1, 2005; or
- 4) renewable capacity that has been refurbished after September 1, 2005 and is operating beyond its useful life or employing an alternate technology that significantly increases the efficiency of the generation process.

The implementing rules (Chapter 311, § 3(B)(4)) establish a certification process that requires generators to pre-certify facilities as a new renewable resource under the requirements of the rule and provides for a Commission determination of resource eligibility on a case-by-case basis.³ The rule contains the information that must be included in a petition for certification and specifies that the Commission shall provide an opportunity for public comment if a petitioner seeks certification under vintage categories 2, 3 and 4. Finally, the rule specifies that the Commission may revoke a certification if there is a material change in circumstance that renders the generation facility ineligible as a new renewable resource.

³ In the *Order Adopting Rule* at 6, the Commission noted that a request for certification can be made at any time so that a ruling can be obtained before a capital investment is made in a generation facility.

B. Petition for Certification

On October 18, 2011, Record Hill Wind LLC, filed a petition to certify its Record Hill Wind Facility (Facility) as a Class I renewable resource. The Facility, located in Roxbury, Maine, consists of 22 2.3 MW wind turbines for a total gross nameplate capacity of 50.6 MW. The Facility will interconnect with Central Maine Power (CMP) through CMP's Roxbury, Maine substation. The petition states that the Facility will commence full commercial operation in December 2011.

III. DECISION

The Commission has delegated to the Director of the Electric and Gas Division the authority to certify generation facilities as Class I new renewable resources pursuant to Chapter 311, § 3(B) of the Commission rules. *Delegation Order*, Docket No. 2008-184 (April 23, 2008). Based on the information provided by Record Hill Wind LLC, I conclude that the Facility satisfies the resource type, capacity limit and vintage requirements of the rule. The Facility is fueled solely by wind and it will have commenced commercial operations after September 1, 2005. Accordingly, the Record Hill Wind Facility is hereby certified as a Class I new renewable resource that is eligible to satisfy Maine's new renewable resource portfolio requirement pursuant to Chapter 311, § 3(B)(3)(a) of the Commission rules. Record Hill Wind LLC, or the Facility's successive owner, shall provide timely notice to the Commission of any material change in the operation of the Facility, from that described in the petition filed in this proceeding.

BY ORDER OF THE DIRECTOR OF THE ELECTRIC AND GAS
UTILITY INDUSTRIES

Faith Huntington
