Docket No. 4364
Responses to Division's Fourth Set of Data Requests

DIV. 4-1 Regarding the response to DIV. 2-3: Which premiums apply to NBC employees, local or national? If both, how many employees are under each option?

Answer: NBC's response to DIV 2-3 was incorrect and should have stated that effective July 1, 2012 NBC's health care provider no longer offers the HMO plan. All NBC's FTEs are covered by the PPO. The response to Division 2-3 has been corrected as follows:

DIV. 2-3 **CORRECTED RESPONSE**

a. Effective July 1, 2012 NBC's health care provider no longer offers the ~~PPO-HMO~~ coverage option. Therefore, the FTEs provided in response to Div 1-8 are all subscribed to the ~~HMO-PPO~~ coverage option.

b.

Healthcare Premiums		
	FY 2010	FY 2011
Family		
National	\$16,174.32	\$17,144.76
Local	15,829.20	16,779.00
Dental	1,066.80	1,148.16
Single		
National	\$5,919.00	\$6,274.20
Local	5,792.76	6,140.28
Dental	383.52	413.04

c. As mentioned in answer a, above; NBC's health care provider no longer offers the ~~PPO-HMO~~ coverage option effective July 1, 2012.

Responses to Division's Fourth Set of Data Requests

DIV. 4-2 Regarding the response to DIV. 2-14: What is the basis for the carbon feed and sodium hydroxide prices if no bids were sought. Can NBC contact suppliers for indicative prices?

Answer: The basis for the carbon feed and sodium hydroxide prices is the Utility Cost Estimate Calculation from SEA Consultants. See attachment from DIV. 1-16 A. NBC is currently in the process of receiving indicative pricing from vendors and will forward information to the Division as it becomes available.
