R.I.P.U.C. Docket No. 4393
2014 Standard Offer Service Rates
Period of January – June 2015 For Residential and Commercial
And Period of January – March 2015 For Industrial
Responses to the Lt. Governor Elect Daniel McKee's Second Set of Data Requests
Issued on December 3, 2014

Lt. Governor Elect
Daniel McKee 2-1

Request:

With regard to the RFPs that National Grid conducted in 2014 for Standard Offer Service in Rhode Island, the Company issued three RFPs for commercial load for the period January 2015 through June 2015. Each RFP included one tranche consisting of 30% of the commercial load obligations for the period beginning January 2015 through June 2015. The Company received final bid prices for those commercial load obligations on May 14, 2014, August 13, 2014, and November 12, 2014, respectively, according to the National Grid bid summaries posted on the Commission web site.

Please provide these final bid prices (cents per kWh) received on those three dates in 2014 for the three tranches each consisting of 30% of the commercial load obligations for the January 2015 through June 2015 time period. Please provide the prices at the retail customer meter, excluding RES compliance.

Response:

The Company objects to this data request on the basis that public disclosure of this information would violate the confidentiality provisions of the Company's contracts for Commercial Standard Offer Service.

Notwithstanding the aforementioned objection, while the monthly contract prices are considered confidential information and cannot be released, the Average Winning Price is public information. Below are the Average Winning Prices for each 30% tranche for the Commercial Group for the period January 1, 2015 to June 30, 2015.

Final Bid Date	Average Winning Price
5/14/2014	12.23
8/13/2014	11.43
11/12/2014	12.97

The Average Winning Prices are shown in cents per kWh as a retail price (that includes transmission and distribution losses and excludes RES compliance) and are calculated with the estimated monthly volumes for the period at the time of each Final Bid Date.
