**RE: Docket 4442 - The Narragansett Electric Company d/b/a National Grid
Tariff Advice Filing for Customer-Owned Street & Area Lighting Proposal
Lighting Inventory Report**

Dear Ms. Massaro:

In Report and Order 21704 in Docket No. 4442 (Order), the Rhode Island Public Utilities Commission (PUC) instructed National Grid¹ as follows: “Within 90 days of the annual inventory filing or by April 30, 2015, the Company must file with the PUC a report that provides the distribution of lighting inventory by wattage range with actual output information that may be available to National Grid.” (Order at page 48, paragraph 6).

As of April 22, 2015, there are no customers receiving service on the Street and Area Lighting – Customer Owned Equipment S-05 Tariff, RIPUC No. 2142. Therefore, as of this date, the Company does not have any information to report to the PUC relating to the distribution of street and area lighting inventory by billable wattage range with actual system wattage.

Thank you for your attention to this matter. If you have any questions, please contact me at 781-907-2121.

Very truly yours,

Raquel J. Webster
