Re: **Dkt. No. 4442** – In re: The Narragansett Electric Company d/b/a National Grid
Tariff Advice Filing for Customer-Owned Street and Areas Lighting Proposal

Thank you for your participation in today's pre-hearing conference. The following represents the dates agreed to today:

The parties were directed by Commission and Division counsel to meet over the next two weeks to engage in good faith negotiations regarding (1) tariff provisions and (2) closing documents. A status report is to be filed following the negotiations to advise the Commission and Division of where agreement has been reached and where agreement was not reached. In the event tariff provisions are changing as a result of negotiations, a redline version shall accompany the report. The scope of the Commission's review has not been formally finalized and thus, the parties are encouraged to attempt to work out as many details as possible prior to the hearing. The municipalities, OER and EERMC have not waived their right to argue for an expanded scope and National Grid has not waived any right to object to the scope of the Commission's review at the hearing in this matter.

11/19/2013 Deadline for negotiations between the parties regarding (1) tariff items and (2) closing documents
11/21/2013 Filing by National Grid of status report of negotiations and its Reply to Division and Intervenor comments.
11/26/13 Filing of Intervenor and Division Reply
12/3/2013 9:30 A.M. – Hearing in Hearing Room A
