Re: Docket No. 4450

Dear Ms. Massaro,

AARP Rhode Island writes to request the decision regarding the proposed changes to the Rules and Regulations Governing the Termination of Residential Electric and Gas Service be delayed until further input can be gathered. We also request that the moratorium be extended until April 1, 2014.

AARP Rhode Island believes that protecting this vulnerable population is critical. We cannot neglect the dilemma faced by those whose means have been exceeded by the ever-rising cost of fuel and electricity.

Respectfully submitted,

Kathleen Connell
State Director
AARP Rhode Island
