**RE: Docket 4451- The Narragansett Electric Company, d/b/a National
Grid 2014 Energy Efficiency Program Plan--Transfer of Funds Request**

Dear Ms. Hutchinson:

On November 18, 2014 the Narragansett Electric Company, d/b/a National Grid ("NGRID") filed a request in the above referenced docket with the Public Utilities Commission ("Commission"), for approval by the Division of Public Utilities and Carriers ("Division"), to transfer funds in the 2014 Energy Efficiency Plan. NGRID has requested approval of the Division for certain fund transfers within the residential sector that account for 10% or more of the originating program's approved budget. Further, NGRID sought similar Division approval on September 26, 2014, which was subsequently granted on October 9, 2014. The Company has determined that it has a need for an additional fund transfer.

The 2014 Energy Efficiency Program Plan was approved in Docket 4451 by a Commission Open Meeting decision on December 20, 2013; a written Order Number 21298 was rendered on December 24, 2013 and effective January 1, 2014.

The Company has requested approval to transfer approximately \$160,000 from the Residential New Construction (gas) program to the Energy Star HVAC (gas) program. The requested transfer represents 10% or more of the originating programs approved budget as follows:

Program	Transfer Request	2014 Budget	Percent of Budget
Residential New Construction - Gas	\$ 160,000	\$ 610,000 ¹	26%
Total	\$ 160,000	\$ 610,000	

Pursuant to Section IV.C.1.B of the approved settlement agreement in this docket, any transfers within residential sector programs of more than 10% require Division approval. Accordingly, the Company is seeking Division approval of this transfer of funds. After review and consideration thereof, the Division hereby approves NGRID's fund transfer request.

If you should have any questions please feel free to contact me.

Very truly yours,

Jon G. Hagopian
Senior Counsel
State of Rhode Island
Division of Public
Utilities & Carriers
