Subject: Authority to Interconnect - National Grid - RI-270 / DG WR 12311355 / Construction WR 12117749

Good Morning Matt and Donald:

Authority to Interconnect:

This email shall serve as formal notification that you are authorized to interconnect your 2000kW PV system (Application: RI-270) at 338-342 Compass Circle, North Kingstown, RI 02852 with National Grid's distribution system. A bi-directional meter has been installed at your facility in order to accurately register energy import and export.

If your system ownership information changes, please contact: Distributed.Generation@nationalgrid.com

Note about system ownership: Any changes to ownership information should be reported immediately to ensure that our records are up-to-date, that net metering credits are allocated appropriately, and legal and emergency notifications are issued correctly. Changes to ownership that need to be reported include, but are not limited to: a sale of the generating system to a third party owner, a sale of the property at which the generating system is located (e.g. a new homeowner is moving into a house that hosts a net metered system), or a change in the responsible party for the billing account (e.g. business mergers where the name of the business changes).

If you experience any billing issues, please contact: commercialaccounts@nationalgrid.com or (800) 322-3223

Please refer to National Grid's "First Bill Walk Through" for information about what to expect on your first bill with net metering credits: http://www.nationalgridus.com/non_html/RI_DG_First_Bill.pdf.

If you are looking for general information, please check National Grid's Distributed Generation website for the latest updates and information:

http://www.nationalgridus.com/narragansett/home/energyeff/distributed_generation.asp.

National Grid wishes you the best with your new system and hopes you get many productive years of use.

Regards,

John C. Kennedy
