AS ELIGIBLE RENEWABLE ENERGY RESOURCE FILED :  
BY ALTUS POWER AMERICA, LLC AND ITS OWNED :  
SUBSIDIARY DW RI SOLAR, LLC – NEW GENERATION :

ORDER

WHEREAS, On December 6, 2013, Altus Power America, LLC and its owned subsidiary DW RI Solar, LLC (Company) filed with the Rhode Island Public Utilities Commission (PUC) an application seeking certification for the Dean's Warehouse I Generation Unit, a 0.4992 MW solar energy generation unit located in Cumberland, Rhode Island, as an eligible New Renewable Energy Resource in accordance with the PUC's Rules and Regulations Governing the Implementation of a Renewable Energy Standard (RES Rules) and R.I. Gen. Laws § 39-26-1<sup>1</sup>; and

WHEREAS, Pursuant to section 6.0 and other relevant Sections of the RES Rules, a thirty day period for public comment was provided during which time no such comment was received; and

WHEREAS, On January 22, 2014, supplemental and clarifying information was provided to PUC staff and their application review consultant via a telephone conversation; and

WHEREAS, Said supplemental and clarifying information included: details on the facility's predicted commercial operation date on February 28, 2014 and the overall status of the installation's construction; and

WHEREAS, After examination, the PUC is of the opinion that the application, including said supplemental information, is proper, reasonable, and in compliance with the RES Rules, and hereby grants the Company certification as an eligible renewable energy resource pursuant to R.I. Gen. Laws § 39-26-1; and

WHEREAS, The PUC's determination in this docket is based on the information submitted by the Company and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is

(21333) ORDERED:

1) The Dean's Warehouse I Generation Unit meets the requirements for eligibility as a New, Solar Renewable Energy Resource with its 0.4992 MW, Grid-Connected Generation Unit having an Expected Commercial Operation Date of February 28, 2014 and located within the NEPOOL Control Area in Cumberland, Rhode Island.

2) As a Generation Unit which has not yet achieved Commercial Operation, eligibility is granted with a conditional requirement that the Company provide the PUC with written documentation verifying Commercial Operation and that the Company provide the Generation Unit's NEPOOL-GIS Asset Identification Number when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date and provision of the NEPOOL-GIS asset identification number, Commission staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy

Resource Facility Certification Number for the Company's Generation Unit.

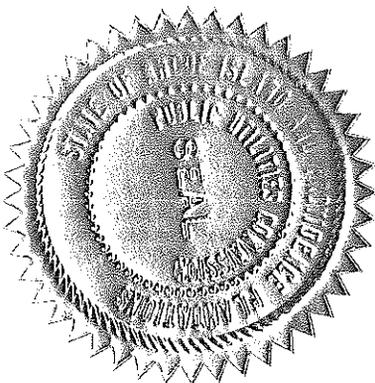

4) The facility's Renewable Energy Certificates ("RECs") become Rhode Island-eligible effective on the first day which the Rhode Island certification number is issued. All RECs associated with the production of eligible energy that are minted on or after the effective date are eligible for the RES.

5) Although the Commission will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting at its behest, to conduct audits or site visits to assist in verification of continued eligibility for and compliance with RI RES Certification at any time at the PUC's discretion.

6) That the Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON FEBRUARY 6, 2014  
PURSUANT TO AN OPEN MEETING DECISION. WRITTEN ORDER ISSUED  
FEBRUARY 7, 2014.
