**RE: Docket 4520 - 2014 Supplemental Gas Cost Recovery Filing
Revised Attachment AEL-6S**

Dear Ms. Massaro:

Enclosed please find ten (10) copies of the National Grid's¹ revised Capacity Allocator Percentages as Attachment AEL-6S rev to the Supplemental Gas Cost Recovery (GCR) filing, which was submitted on September 16, 2014. The Attachment AEL-6S rev reflects the updated capacity assignment percentages for the high-load and low-load factors to be used in the determination of pipeline, underground storage, and peaking capacity for Marketers for the period November 1, 2014 through October 31, 2015. The changes in Attachment AEL-6S rev result from reassigning certain traditional pipeline assets as peaking assets as described in the Supplemental Gas Cost Recovery (GCR) filing, and therefore, replaces Attachment AEL-6S.

Thank you for your attention to this filing. If you have any questions, please contact me at (401) 784-7288.

Very truly yours,

Jennifer Brooks Hutchinson
