RE: National Grid Tariff Advice Filing for Renewable Energy Growth Program (RE Growth Program) and Solicitation & Enrollment Process Rules (Docket No. 4536)

Dear Ms. Massaro:

On behalf of the Rhode Island Distributed Generation Board ("Board"), the Board would like to notify the Public Utility Commission that at its meeting on December 15th the Board unanimously voted to provide general support for National Grid's recommended 2015 Renewable Energy Growth Tariff and Application documents. The Board enjoyed a productive dialogue with National Grid on the development of the documents, including National Grid providing two (2) public presentations at the Board's public workshops.

The Board recognizes that unexpected issues may arise during the program's first year, which may not have been envisioned by the Board when reviewing the documents. However, the Board is supportive overall and appreciated National Grid's engagement with the Board members and stakeholders during the development of the 2015 Renewable Energy Growth Tariff and Applications.

Sincerely,

Daniel W. Majcher, Esq.

DWM/njr
