The Narragansett Electric Company
d/b/a National Grid
RIPUC Docket No. 4568
In Re: Review of Electric Distribution Rate Design
Pursuant to R.I. Gen. Laws § 39-26.6-24
Responses to Public Utilities Commission's First Set of Data Requests
Issued on August 14, 2015

Supplemental
PUC 1-31

Request:

Is the Navy still on Rate G-62? If so, has the Company considered the effect of moving the Navy from G-62 to G-32? What effect will the proposed consolidation have on the Navy's annual electricity costs?

Response:

The Navy is a Rate G-62 customer. In proposing to consolidate the G-32 and G-62 rate classes, the Company considered the effect of this proposal on all customers in the affected rate classes, including the Navy. The annual bill impact of moving the Navy from Rate G-62 to Rate G-32 based on billing determinants for the twelve months ended December 2014 is an increase of \$306,961, or a 2.8% increase from calendar year 2014's total annual bill of \$10,826,320.
