RE: Athens Energy LLC – Docket No. 4569

Dear Mr. Linkletter,

The Public Utilities Commission (Commission) has completed its review of the documentation submitted on behalf of Athens Energy LLC on March 16, 2016 and April 5, 2016 regarding the Athens Energy LLC (Applicant) facility's assigned GIS identification number. The supplied information received on March 16, 2016 notified that the ISO-New England has approved the Athens Energy facility to run at full capacity as originally designed and permitted.¹ On April 5, 2016, the Applicant provided evidence that the facility was assigned a NEPOOL-GIS Asset Identification Number MSS48960.² The Applicant also confirmed that the air permit remains valid for the full 8.5 MW output.

Commission Staff has determined that the supplied documentation is acceptable and is in conformance with Commission Order No. 22043 in Docket No. 4569 certifying the Athens Energy LLC as an Eligible, New Biomass Renewable Energy Resource having a nameplate capacity of 8.5 MW.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

Luly E. Massaro
Commission Clerk

cc: James Webb - Administrator, NEPOOL GIS

¹ Prior to this notice, the facility had been operating at a level of 4.9 MW output capacity. The Commission approved the facility's eligibility as a generation unit having a nameplate capacity of 8.5 MW. Order No. 22043, issued August 18, 2015.

² Previously assigned GIS identification number MSS48878 was retired.
