William E. O'Gara, Esq.
Legal Advisor

Pursuant to Report & Order number 22065 (page 27), Providence Water directed to begin "a review of properties that are held for the benefit of ratepayers, identify ownership, source of funds utilized to purchase these properties, and the ratepayer contributions to these properties".

Providence Water has performed that review as of the close of fiscal year 2015. A complete listing of the properties that are held for the benefit of the ratepayers within the Providence Water system is attached. For each property, we have indicated the plat and lot and city or town the property is located in. We have also indicated the owner, and the date of acquisition and the source of funding.

All properties are either owned by the City of Providence, the City of Providence Water Supply Board or the Providence Public Buildings Authority. Any properties purchased or acquired prior to Providence Water becoming an enterprise fund of the City of Providence (circa 1981 per order of the PUC) were done so by the City with City funds. Once Providence Water was established as an enterprise fund, properties were acquired with bond proceeds issued by the Providence Public Building Authority (PPBA) or the Rhode Island Infrastructure Bank (RIIB) (formerly the Rhode Island Clean Water Finance Agency), or with cash from the Providence Water Restricted Water Quality Protection Fund and monies refunded to Providence Water from the Town of Scituate under the \$5 million tax settlement between Providence Water and the Town. The debt service on the bonds, the Water Quality Protection Fund, and the Scituate refund were funded from rate payers through established water rates.

A copy of this letter has been emailed to the service list for Docket 4571. Any questions please contact me at 521-6300 ext.7238.

Respectfully,

Nancy E. Parrillo
Senior Manager - Finance
