Record Request No. 1

Request:

This request refers to Comm 2-2 and more specifically the 3 CHP projects to be completed in either 2016 or 2017.

- a) What is the total amount of incentives that will be paid per project?
- b) What is the total amount that will be paid by the customer for each project?

Response:

The three CHP projects are either under construction or committed. The estimates for the kW, incentives and customer cost are:

- 1. 75 kW, incentive of \$75,000, customer cost of \$180,500
- 2. 75 kW, incentive of \$93,500, customer cost of \$141,500
- 3. 1,250 kW, incentive of \$1,513,750, customer cost of \$2,086,250

Incentives can be up to a maximum of \$1,250 per net kW based on the efficiency of the proposed system, and the amount of site savings from other energy efficiency projects that have taken place at the site or to which the customer is committed.

Certificate of Service

I hereby certify that a copy of the cover letter and any materials accompanying this certificate was electronically transmitted to the individuals listed below.
