KENT COUNTY WATER AUTHORITY
Docket No. 4611
Eighth Set of Data Requests
Division of Public Utilities and Carriers
November 14, 2016

1. Reference Rebut. Sch. 1C of Mr. Woodcock's rebuttal testimony,
 - a. Please explain why there is no KCWA production for 2016.
 - b. The total of the amounts in the "Pro Forma" column (430,800, 1,135,328 and 1,781,270) do not equal 2,935,062. Please provide the corrected schedule.
 - c. Please explain why the total purchased water would not decrease given that KCWA water production is expected to increase as stated in Note 1 on the schedule.

RESPONSE:

- a) As shown on Rebut Sch 1E, the estimated production in FY 16 was estimated at 100,000 (thousand gallons). Because the exact amount has no bearing on the calculations, I had not updated it nor included on Rebutt. Sch. 1C. The actual FY 16 production was 96,175,000 from Mishnock. (E. Greenwich off line.)
- b) The value is not the sum of the various amounts. As shown in footnote (3) to the schedule, the pro forma total was adjusted for the change in sales from FY 2015. As submitted with my rebuttal testimony, the amount shown (2,935,062) was not updated and reflected the change in sales from FY 2016 (not FY 2015). The corrected values should be as shown on the attached.

Because of the changes (shown in blue) the overall purchases from Providence Water are expected to be reduced from those shown in my Rebuttal Testimony.

- c) As shown above, the values will decrease.

Witness responsible: C. Woodcock
