CFD –DR 5): Except as provided in response to a previous data request, as to each such public fire hydrant, which you contend was built, constructed or installed by any person, firm or entity other than you and which was conveyed to you, set forth the consideration for such conveyance.

Supplemental Response:

Kent County Water Authority provided all of its available records relating to ownership of fire hydrants in its earlier responses to data requests.

Witness Responsible: Timothy J. Brown, PE

CFD – DR 6): As To each such public fire hydrant, which you contend you built, constructed or installed, advise of the date of construction, date the hydrant was placed in service (if different), set forth all costs of construction, set forth all costs of maintenance since construction (itemization by year), set forth the hydrant's life expectancy and attach records of all maintenance performed on said hydrants.

Supplemental Response:

Maintenance and replacement costs cannot be itemized by municipality because Kent County Water Authority does not have any such records and thus can not be provided. Further, KCWA has provided all of its records related to the costs of construction, maintenance of records, and/or life expectancy as they relate to installation of public hydrants.

Witness Responsible: Timothy J. Brown, PE
