

Record Request No. 10

Request:

What is the time for comment period after the Niagara Mohawk AMI filing? If the Company has any other information on the New York process, please include in the response.

Response:

After Niagara Mohawk Power Corporation (Niagara Mohawk) files the AMI Collaborative Report on or about October 1, 2018, Niagara Mohawk anticipates that the New York State Public Service Commission will issue a notice in the New York State Register in accordance with the provisions of the State Administrative Procedures Act. The notice typically provides for a minimum 60-day public comment period from the date of publication. Sometime thereafter (generally three to six months), the Company anticipates that the Commission will issue an order adopting, rejecting, or modifying the proposals in the AMI Collaborative Report.
