From: John Bell *JB*  
Chief Accountant

Date: April 23, 2020

Subject: **Docket No. 4770 – Amended Compliance Filing to Remove References to Terminated Optional Large Demand Rate (G-62)**

On April 3, 2020, the Narragansett Electric Company d/b/a National Grid (NGrid) submitted an amended compliance filing in Docket 4770 for the purpose of removing references to the terminated Optional Large Demand Rate (G-62) from its tariff. Rate G-62 was terminated as of the effective date of rates in this docket and references to Rate G-62 were removed from the tariff as part of NGrid's August 2018 compliance filing. Inadvertently references to Rate G-62 remained in the Qualifying Facilities Power Purchase Rate (QF) Tariff. The Division reviewed the NGrid's filing and is in agreement with the proposed changes to remove references to the terminated Optional Large Demand Rate (G-62). The Division recommends the Commission approve NGrid's April 3, 2020 Amended Compliance Filing.
