

Docket No. 4770
Fortieth Set of Data Requests of the
Division of Public Utilities and Carriers to National Grid
March 29, 2018

Instruction: Each request for workpapers should be understood to include a request for all electronic spreadsheet files with all cell formulas and cell references intact.

Gas Rate Structure

- 40-1. Re: Schedule MAL-32, page 5 of 6. Please quantify, document, and explain the factors contributing to the need for the \$207,649 “Labor Adjustment for GCR.”
- 40-2. Re: the Company’s response to Division Data Request 7-37 and Attachment DIV 7-34-4, page 2 of 2. Please:
- a. Provide contract pricing, vendor price quotes, and any other documentation relied upon to support the \$1,000 cost shown for a Honeywell Wireless Module (CNI4);
 - b. Provide the technical specifications for referenced Honeywell Wireless Module (CNI4) as well as applicable installation guidelines and procedures for that module;
- 40-3. Re: Attachment DIV 7-37, page 1 of 1. This attachment references three different “Share Plans.” Please:
- a. Explain what is “shared” under each plan;
 - b. Document and explain by whom the referenced services are “shared” under each plan;
 - c. Provide a complete copy of each contract entered into by National Grid with Verizon and/or other carriers for the wireless services that will be used to support the metering through IP Wireless devices.
