

PUC 1-61

Request:

Please itemize by account and amount all advertising and media-related costs included in operations and maintenance expense, and source of funds. Please also include a copy of each advertisement and the cost of each for fiscal years 2015-2017.

Response:

Advertising and media-related costs included in operations and maintenance expenses for the Company for Fiscal Years 2015 to date are broken down as follows:

- Fiscal Year 2015: \$1,806,027.15
- Fiscal Year 2016: \$1,310,479.84
- Fiscal Year 2017: \$994,447.82
- Fiscal Year 2018 (partial): \$336,744.21

Please see the following attachments for further details:

- Attachment PUC-1-61-1 for itemized charges by account and amount.
- Attachment PUC-1-61-2 for samples of marketing materials developed for the Company’s gas and electric customers during this period.

Attachment PUC-1-61-3 for samples of mandated communications issued to the Company’s gas and electric customers during this period.

The table below represents the advertising and media costs by source of revenue from Fiscal Year 2015 to date. There are no energy efficiency expenses included in operations and maintenance expense.

	<b>Fiscal Year 2015</b>	<b>Fiscal Year 2016</b>	<b>Fiscal Year 2017</b>	<b>Fiscal Year 2018</b>
Customer Comms/Advertising	\$1,184,377.68	\$987,976.52	\$590,514.46	\$162,175.77
Digital Channel Engagement	\$296,236.27	\$174,377.79	\$180,480.57	\$82,999.08
Customer Education(Mandates)	\$177,281.42	\$84,486.69	\$159,129.34	\$57,865.30
Event Marketing	\$74,231.87	\$40,188.38	\$40,310.49	\$31,889.07
Gas Growth	\$73,899.91	\$23,450.45	\$24,012.97	\$1,815.00
<b>Total</b>	<b>\$1,806,027.15</b>	<b>\$1,310,479.84</b>	<b>\$994,447.82</b>	<b>\$336,744.21</b>

The Narragansett Electric Company  
d/b/a National Grid  
RIPUC Docket No. 4770  
Responses to Commission's First Set of Data Requests  
Issued November 28, 2017

---

National Grid's sponsorship of WPRI Channel 12 News weather cam includes advertising spots and online messaging, particularly during major storm events. The sponsorship runs year-round, and it is an annual contract funded by Customer Communications at a cost of \$66,000.

## Broadcast: Radio (Bill Help)

---

**ANNCR:** We all know what winter means: big puffy coats, boots, gloves and scarves.

And for most of us, it also means using more energy to keep warm.

At National Grid we know it can be hard to handle those high winter bills.

That's why we want you know to about all the tools we offer to help manage your energy usage and expenses.

This winter consider [ngrid.com](http://ngrid.com) forward slash bill help your toolbox. The place to go for the tools you can use to help manage your bill.

Like our budget payment plan, which allows you to spread out your energy costs over the course of the year, so your bill is more predictable.

And to help save money there's energy saving tips, rebates, incentives and services that can help you keep costs down.

When it comes to dealing with winter bills the right tools can make all the difference.

Go to [ngrid.com](http://ngrid.com) forward slash bill help to learn more.

National Grid.

Here with you. Here for you.

## Broadcast:Radio (Gas)

---

**ANNCR:** Ahh summer... It's a great time of year to enjoy your home.

**Kid:** "Mom... I'm so bored!"

**SFX:** *Mosquito noises and a bug slapper*

**ANNCR:** Take in the great outdoors, and even do a little work around the house.

**Mom:** "Umm... honey, can you finish the fence this weekend?"

**SFX:** *Beach/summer noises*

**ANNCR:** While you're enjoying summer, National Grid reminds you to be safe. If you smell a strong odor like rotten eggs in or around your home, it could be a gas leak. Leave the area immediately and take everyone with you. Once you're a safe distance away, call our gas emergency hotline at 1-800-640-1595. You can also call 911.

And if you're planning an excavation project it's the law to call 811 before you dig to find out where utility and gas lines may be buried.

Some could be closer to the surface than you think.

So make this summer, a safe summer.

**SFX:** *Kid doing a cannon ball jump into the ocean*

**ANNCR:** And remember to be alert around gas. Get more safety tips at [facebook.com/nationalgrid](https://www.facebook.com/nationalgrid).

## Broadcast: Radio (Electric)

---

**ANNCR:** Ahh summer... It's a great time of year to enjoy your home.

**Kid:** "Mom... I'm so bored!"

**SFX:** *Mosquito noises and a bug slapper*

**ANNCR:** Take in the great outdoors, and even do a little work around the house.

**Mom:** "Umm... honey, I don't think those shutters are going to paint themselves."

**SFX:** *Beach/summer noises*

**ANNCR:** While you're enjoying your summer, National Grid reminds you to be safe. When you're doing any work outside be aware of overhead lines. Keep yourself and any tools or ladders at least 10 feet away. Overhead lines aren't insulated and can carry enough power to cause serious injury or even death.

If you're planning an excavation project it's the law to call 811 before you dig to find out where utility lines may be buried. Some could be closer to the surface than you think.

And after a big storm, look out for downed power lines. If you see a downed wire, keep people away and call National Grid at 1-800-867-5222. So make this summer, a safe summer.

**SFX:** *Kid doing a cannon ball jump into the ocean*

**National Grid Prepared for Winter Storm**  
A message to our customers — January 2016

As winter weather bears down on New England, National Grid field crews and support personnel are prepared in the event the weather causes damage to our regions electricity network. Crews and personnel are ready to address any service issues that may arise from the storm.

While storm preparations are important, so too is the safety of our customers and employees. We would like to advise customers to be cautious as high winds, heavy snow and ice can pose a serious safety risk. With driving conditions expected to be potentially treacherous, we also urge particular caution when driving around crew work locations, especially where visibility might be limited by blowing snow.

**To ensure your safety, please make note of the following tips:**

- National Grid customers who experience an outage should call 1-800-465-1212 to expedite restoration.
- Never touch downed power lines, and always assume that any fallen lines are live electricity wires. If you see one, report it immediately to National Grid or your local emergency response organization.
- Power problems can sometimes interrupt public water supply systems or disable well pumps, so it's an especially good idea to keep a supply of bottled drinking water handy, as well as some canned food.
- People who depend on electricity-powered life support equipment, such as a respirator, should let National Grid know. To register as a life support customer, call the company's New England Customer Service Center at 1-800-332-3223.
- Check on elderly family members, neighbors and others who may need assistance during an outage period.

**Electricity & generator safety**

- If you use a generator to supply power during an outage, be sure to operate it outdoors. Before operating a generator, disconnect from National Grid's system by shutting off the main breaker located in the electric service panel. Failure to do this could jeopardize the safety of line crews and the public.
- If you lose power, turn off any appliances that were on when the power went off, but leave one light on so you will know when power is restored.
- Remember: it's not safe to work in an elevated bucket during periods of increased wind gusts. Our line workers begin restoration work only when conditions are deemed safe.

**Stay connected**

National Grid provides multiple channels for customers to learn about service issues and interruptions during storms. Customers can follow the storm on their mobile devices by using the National Grid mobile app or texting the word STORM to NGRID (64743). The company provides real time outage information on its [Outage Central](#) web site. National Grid also provides storm and restoration updates through [Facebook](#) and [Twitter](#).

**National Grid Storm Restoration Update**  
A message to our customers — February 6, 2016

Good Morning,

What a difference a day makes – skies are clear and the sun is shining.

Yesterday's snow storm hit the region harder than originally forecasted, and the heavy, wet snow caused significant outages. We are grateful for your patience as our crews work to repair downed wires and restore all outages. Less than 24 hours from the start of the storm, we had already restored power to close to 80% of impacted customers in MA, and 60% of impacted customers in RI.

We intend to complete the vast majority of restoration by midnight today. If you are still without electric service, please let us know by calling 1-800-465-1212, or via [Outage Central](#).

Above all, please stay safe – watch for sagging wires, tree branches, and slick surfaces. For more safety tips, use your mobile device to visit us at [www.nationalgrid.com](#).

**Stay connected**

National Grid provides multiple channels for customers to learn about service issues and interruptions during storms. Customers can follow the storm on their mobile devices by using the National Grid mobile app or texting the word STORM to NGRID (64743). ## Gas Growth: Web Hosting

## Gas Growth: Direct Marketing

---

**Let's help our customers get a jump on savings!**

We are very pleased to announce the launch of our **Late Spring / Early Summer 2014 Gas Conversion Campaign**, launching June 30. This initiative educates homeowners about the significant financial savings that they can achieve by converting to clean, efficient natural gas heat and encourages them to take action.

**Engage your customers.**  
We invite you to take an active role in this media campaign. Please refer to the [Information Sheet](#) to review a sample version of the direct mail component, as well as, talking points to facilitate your discussions. **It's an excellent opportunity to help your customers convert early and get ready to maximize their savings when heating season starts.**

**We greatly value the strong relationship with our trade allies and encourage you to contact your Gas Sales Support Representative if you have any questions.**

© 2014 National Grid USA Service Company, Inc.

# Gas Growth: Direct Marketing

Everyone in your neighborhood can have all the benefits of natural gas.

**nationalgrid**  
HERE WITH YOU. HERE FOR YOU.

Sample A. Sample  
123 Main Street  
Anytown, US 12345-6789

### Convert to Natural Gas for only \$950!

But hurry, this offer expires June 30, 2014.

Dear Sample,

Opportunity's still knocking, and you could be saving. Your neighbors are already interested in converting to clean, efficient natural gas. So, if you've been thinking about switching, now is the perfect time.

#### Tap into the natural gas advantage.

Converting your home from heating oil to natural gas is good for you and the environment.

**Cut your utility bills:** As you can see from the chart – #2 heating oil is more expensive than natural gas, which could represent substantial savings for your family.

**Help preserve the planet:** Natural gas is the cleanest-burning fossil fuel, helping to reduce CO<sub>2</sub> emissions by 27%.

**Enjoy greater convenience:** Natural gas flows directly into your home, eliminating the need to arrange for deliveries.

#### Save even more with rebates and 0% financing.

We're offering valuable rebates and incentives that may save you money on high-efficiency heating equipment\*. Plus, you may qualify for 0% financing through the Rhode Island Saving Energy (RISE) program after you complete your home energy assessment\*\*.

**Don't let this huge opportunity pass you by!**  
**In order to bring your neighborhood all the benefits of natural gas, we require certain participation levels.**  
**So, join your friends and neighbors by letting us know that you want to convert your home today.**  
**Call 1-877-MyNGrid, ext. XXX. But hurry, this incredible offer ends June 30, 2014.**

Sincerely,

Karrie Doyle  
Manager, Inside Sales

Source: Energy Information Administration (EIA) 2014 Annual Energy Outlook (AEO).

Convert to natural gas heating, cut your business' expenses and boost your bottom line!

**nationalgrid**  
HERE WITH YOU. HERE FOR YOU.

Sample A. Sample  
123 Main Street  
Any town, US 12345-6789

Dear Sample,

Today, many businesses are looking for ways to do more with less. And, with clean, efficient natural gas heating, you may do just that!

As you can see from the graph, No. 2 heating oil was more than twice the price of natural gas in 2013\*. That's real savings that businesses, like yours, would be able to leverage throughout the year.

#### Savings your business can count on.

The price gap between heating oil and natural gas is predicted to last for years to come. And, maintenance costs are typically lower with natural gas. So, if your business has ever considered converting, now is the time.

#### Pay per use, not in advance.

Unlike oil, natural gas is piped directly into your facility, so it's more reliable and you only pay for what you need! It's an easy way to reduce pre-paid expenses and free up cash flow.

#### An environmentally smart choice.

Natural gas produces 27% lower CO<sub>2</sub> emissions compared with burning heating oil. It is – easily – the cleanest-burning, most energy-efficient fossil fuel.

#### Make this a part of your business plan today!

Contact National Grid to arrange your free, no-risk, no-obligation gas conversion consultation. The sooner your business converts to natural gas heating, the sooner you may see a rise in your bottom line.

Sincerely,

Ilana Williams  
Director, Customer Communications

Source: Energy Information Administration (EIA) 2014 Annual Energy Outlook (AEO).

P.S. Call toll-free 1-877-773-7454 and mention ID# CLXXXX, or visit [mygrid.com/business](http://mygrid.com/business) today to arrange your free, no-risk, no-obligation gas conversion consultation.

## Gas Growth: Direct Marketing

Sample A. Sample  
123 Main Street  
Anytown, US 12345-6789

With natural gas,  
a healthier environment  
is born.

That's life on the grid.

Dear Sample,

More and more Rhode Islanders are relying on natural gas for comfort and efficiency. Even hospitals and schools depend on natural gas to create a better environment for their patients and students.

**Natural gas isn't just better for you, it's better for everyone.**

- No odor or residue
- Cleanest and safest fossil fuel
- Less expensive and more efficient than home heating oil\*
- Only pay for what you use
- No running out, scheduling deliveries or negotiating with your oil company
- Perfect for ranges, ovens, dryers, grills and generators

**It's more affordable than you might think.**

If you live on or near a gas main, you may be eligible to have natural gas brought into your home at no cost. Rebates may be available on energy efficient heating equipment. Plus, 0% financing options could be available through RISE Engineering based on eligibility.

**We're here to help you get started.**

Sign-up for a no-cost, no-obligation gas conversion consultation.

Call 1-877-MYNGRID or visit [ngrid.com/ri-convertogas](http://ngrid.com/ri-convertogas).

I'm interested in a no-cost gas conversion consultation.

Please fill out this form and mail it back to us.

Customer Service  
**1-800-322-3223**

## A toolbox full of tips for managing your energy bill.

Winter in Rhode Island means big puffy coats, boots, gloves and scarves. And for most of us, it also means using more energy to keep warm. We know that sometimes it can be hard to handle those high winter bills.

Visit [ngrid.com/billhelp](http://ngrid.com/billhelp) for the tools you can use to help manage your energy usage and expenses this winter. There, you'll find information about our Budget Plan\*, which allows you to spread out your energy costs over the course of the year, so your bill is more predictable. You'll still pay for the exact amount of energy used annually, but your consumption rate is divided by 12 to determine your monthly budget amount.

You'll also find energy-saving tips, rebates, incentives and services that can help you keep costs down. When it comes to dealing with winter bills, the right tools can make all the difference.

\*To qualify for the Budget Plan, your account must be current with no outstanding balance.

## Where to look for assistance with your bill this winter.

If you are unable to pay your utility bill, you may qualify to receive help from the Good Neighbor Energy Fund. Administered through the Salvation Army, the fund is available to any qualifying Rhode Islander in temporary financial crisis who is not income eligible for federal or state funds.

For more information, visit [www.rigoodneighbor.com](http://www.rigoodneighbor.com) or call the Salvation Army at **1-401-490-0240**.

You can be a good neighbor! Please consider donating to the fund by using the envelopes included with your utility bills.

## Keep meters, vents clear of snow and ice.

Winter weather can result in the buildup of ice and snow on and around your gas and/or electric meters. Please consider the following and make them part of your winter safety checklist.

- Ice and snow buildup around the fresh air and exhaust vents for gas appliances may result in equipment malfunction and could possibly create harmful carbon monoxide.
- Icicles on overhangs near the meter can fall and damage the meter and pipes. Be sure to remove them regularly.
- Please mark your meter if it is located near a snowplow path.

## Pay your bill the easy way with DirectPay.

With this free service, your bank, savings and loan or credit union will automatically pay your National Grid bill from your account. Just think – no more checks, stamps or trips to the post office. Your bill will be paid on time, even if you're away or misplace your bill. For more information, visit [www.nationalgrid.com](http://www.nationalgrid.com) and click on Customer Services.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

March/April 2015

# WeConnect

Energy news for our customers in Rhode Island

**nationalgrid**

HERE WITH YOU. HERE FOR YOU.

Every National Grid employee carries a photo ID card, and any contractor doing work for us is also required to carry ID.

Gas Emergency  
**1-800-640-1595**  
or call **911**  
Electric Emergency  
**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Guard against scam artists, impersonators.

National Grid and local police departments continue to receive calls from customers targeted by billing scam artists and imposters posing as utility employees. Please be alert for these imposters who may try to gain access to sensitive account information or attempt to gain entry to your home.

- Every National Grid employee and all contractors doing work for us, carry a photo ID card. If someone requesting entry into your home or business does not show an ID card, don't let them in and please call Customer Service at **1-800-322-3223**. If you feel you are in immediate danger, call **911**.
- We do call customers with outstanding balances, requesting payment and notifying of the potential for service interruption (due to non-payment). However, we do not accept pre-paid debit cards for payment and would never ask a customer to acquire one of these cards to make a bill payment.
- If you are in doubt that a caller is from National Grid, ask them to verify their identity by providing the last five digits of your account number. **DO NOT** give the caller your account number.

## Make some change. See some change.

Every Rhode Islander can use less gas and electricity and we can help. We have a variety of services and some could even lower your utility bill. You can learn about rebates, find out how to have your refrigerator recycled, or check out a program for your business. Simply visit [www.nationalgrid.com](http://www.nationalgrid.com) and click on *Energy Efficiency Services* to get started.

## Pay your bill the easy way with online bill payment

Online payment is an easy way to pay and manage your energy bill.

### Direct pay

Pay your bill automatically — without the hassle of check writing, stamps, mailing and due dates — because your exact bill amount is always withdrawn automatically from your account. Visit [www.nationalgrid.com](http://www.nationalgrid.com) for details.

## Financial assistance programs may help you with your energy bill.

### Discount rate

A discount rate is available to Rhode Island low income electric and gas service customers who meet the eligibility requirements. All recipients of the Low Income Home Energy Assistance Program (LIHEAP) will automatically be enrolled in this benefit.

### Special protections

Programs are available if you, or a regular member of your household suffers from a serious illness (certified by a physician), or you have an infant under the age of 24 months residing in your home and, due to financial hardship, you cannot pay your overdue bills.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Use an authorized agency when paying your bill in person.

If you pay your National Grid bill in person, be sure to use an authorized payment agency to ensure that payments are made on a timely basis, and that your account is being credited properly.

### Know before you go. Contact the payment agent and ask:

- Do they accept payments for National Grid bills?
- What form of payment do they accept?
- Are there dollar limits or any service fees?

### When you pay in person:

- Bring your bill with you to ensure that your payment is properly credited.
- Always keep a receipt or other record of your payment.

## Planning spring planting? Call 811 first.

If planting a tree or shrubs is on your to-do list this spring, please keep overhead and underground utility lines in mind.

Before beginning any digging project call **811** at least two full working days in advance. It's a free service and it's the law. When you call **811** the Call Before You Dig Center will notify National Grid and other participating utilities so that we can mark our underground wires, pipes or cables to prevent personal injury, property damage and service interruptions.

As a National Arbor Day Foundation Tree Line USA Utility award winner since 2000, we're here to remind you to plant safely. Choose a low-growing variety (less than 30 feet tall) when you're planting within 25 feet of overhead utility lines. In addition to selecting the correct species for your area, the proper placement of your new tree will ensure that it grows away from utility lines, and will require less pruning.

Your local nursery can suggest the right varieties for your yard.

Visit [www.nationalgrid.com](http://www.nationalgrid.com) for selection and planting tips.

## Lower the temperature on your water heater.

Set your water temperature at home to 120 degrees. A lower setting uses less energy, and you're less likely to burn your skin (at 140 degrees you risk burns in six seconds or less). It's always a good idea to test the water temperature before your child gets in the tub.

And don't forget you can wash your clothes in cold water for even more savings—clothes come out just as clean.

## Do you own a gas line? Have it inspected for safety.

Customer-owned natural gas lines are those that begin at the outlet of the gas meter and extend either above or below ground. Examples of these types of lines include connections to outside gas lighting, gas heaters for pools or hot tubs, natural gas barbecues or gas appliances in attached buildings. These lines are the responsibility of the customer and should be checked for safety, including possible leaks and corrosion. Please call a qualified contractor to complete this inspection.

If you smell gas, do not send an email. Call us immediately, 24 hours a day at **1-800-640-1595**, or call **911**.

Stay connected. Text **STORM** to **NGRID** and receive mobile alerts about severe weather conditions in your area.

## Cut down on clutter with paperless billing options.

We offer a variety of ways to make managing your account and bills easier.

### doxo™

- With doxo\*, our newest billing option, you can view and pay your National Grid bill directly from your mobile device or computer. Sign up for free at [www.doxo.com/nationalgrid](http://www.doxo.com/nationalgrid)

### National Grid eBill

- We will deliver your bill as a secure PDF directly to your email inbox. (You'll no longer receive a bill in the U.S. mail.)
- In a few clicks, you can view, print, or save your bill.
- What's more, you can conveniently and securely select your payment method to pay your bill directly from the PDF.

### Your bank's website

- Many banks offer the ability to view and pay National Grid bills via their websites. Visit your bank's website for details.

For more bill pay options, visit [www.nationalgrid.com](http://www.nationalgrid.com) and click on the green "pay my bill" button.

\*The doxo™ website and mobile app are independently operated and maintained by doxo™ Inc., a third party vendor selected by National Grid.

## If you smell gas, take action right away.

Your safety is our top priority. That's why we ask all of our customers to know the signs of a gas leak and what to do in the event of one.

### Indoors

- If you smell gas (the odor is similar to rotten eggs), take action right away.
- Do not use the telephone, do not smoke or turn on light switches, appliances or any electrical equipment.
- All occupants should leave the house immediately.
- Once you are in a safe area, call our gas emergency line at **1-800-640-1595**, or call **911**.

### Outdoors

- If you smell gas and see a white cloudy mist, bubbles in standing water and/or hear a hissing, roaring or whistling sound, it could be a gas leak.
- Leave the area immediately and call our emergency number or 911 right away.

**Smell gas. Act fast.**

## Please report suspected energy theft.

Thieves who steal energy by tampering or bypassing meters or piping put lives in danger, threaten public safety and damage property. If you have information about energy theft, please call our toll-free number at **1-800-322-2234**. All information will be kept confidential.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Where to look for bill payment assistance.

We understand when the unexpected sometimes happens. We can often help customers who need assistance in paying their energy bill. One of our programs is designed for spreading current and overdue payments over time. If you qualify, we can work out a payment arrangement together. Please call the phone number on your bill for more information.

## Close your shades in the summer.

Sunlight passing through windows heats your home and makes your air conditioner work harder. You can block this heat by keeping blinds or drapes closed on sunny days.

For rebates on energy efficient appliances, energy-saving tips and more, visit [www.nationalgrid.com](http://www.nationalgrid.com) and click on Energy Efficiency Services.

## Know carbon monoxide signs and symptoms.

Carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless. Common sources of carbon monoxide in the home include malfunctioning fuel-burning appliances such as hot-air furnaces, space heaters and natural gas ranges. Exposure to carbon monoxide can make you ill, or in extreme cases, can be fatal. Symptoms include headaches, dizziness, weakness, confusion and loss of muscle control.

### Protect your family

- Have all heating equipment checked yearly by a professional.
- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- Never use a gas range for heating.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.

If you suspect carbon monoxide or your carbon monoxide detector sounds the alarm, go outside immediately and call **911**. Do not return until the source is found and authorities say it is safe.

## Stay alert near power lines.

Safeguard yourself and your family by being mindful of overhead power lines when you are working or playing outdoors.

- Stay at least 10 feet away from residential electric lines and equipment.
- Stay alert. Keep ladders at least 10 feet away from power lines when carrying, moving and raising them.
- Keep away from wires when working with tools, pipe, lumber and siding – all of which can conduct electricity.
- Never allow children to climb trees near or underneath overhead lines.
- Never build a tree house in trees that are under or near power lines.
- If you see a downed power line, keep everyone away and call us immediately at **1-800-465-1212**.

September/October 2015

# WeConnect

Energy news for our customers in Rhode Island

**nationalgrid**

HERE WITH YOU. HERE FOR YOU.

Our mobile app and website put important information at your fingertips.

Gas Emergency  
**1-800-640-1595**  
or call **911**  
Electric Emergency  
**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Mobile bill pay now available.

We've upgraded the National Grid mobile app and mobile website, including the ability to now make an easy one-time payment.

Current mobile features include:

- Make a one-time payment **new!**
- Find authorized pay in person locations **new!**
- Report and check the status of an outage
- View outage maps
- Access important electric and gas safety information
- Find important contacts

To visit our mobile website, go to **www.nationalgrid.com** from your mobile device.

**To download our app, search for National Grid in the iTunes and Google Play stores.**

## Help keep your energy costs steady with the Budget Plan.

The Budget Plan helps make it easier to manage your household energy payments each season by taking the "peaks and valleys" out of energy bills.

### How it works

- The Budget Plan spreads your projected annual energy usage cost into 12 "balanced" monthly payments.
- You still pay for the exact amount of energy used annually but your consumption rate is divided by 12 to determine your monthly budget amount.

The Budget Plan is easy! You get the same convenient payment options you currently enjoy as a National Grid customer including the option to sign up for our popular automatic payment programs.

\*To qualify for the Budget Plan, your account must be current with no overdue balance.

### How to enroll

Visit **www.nationalgrid.com** and sign into your account or call Customer Service, **1-800-322-3223**.

## Important safety reminders

Please clear a path if you know we'll be visiting. Obstacles such as uneven pavement and overhanging tree limbs add to the chances of an accident.

Never hang clothes or anything else from gas pipes. Added weight could loosen or break joints and fittings which might trigger an unsafe condition.

We'd like to remind motorists and pedestrians to be cautious in and around utility roadway work zones for their own safety and the safety of National Grid employees and contractors.

Visit us at **www.nationalgrid.com** and connect with us on

## Stay connected and stay informed.

We want to make sure that you keep informed during a storm. In addition to providing safety and restoration updates on Twitter, Facebook and [www.nationalgrid.com](http://www.nationalgrid.com), we also offer text alerts. To subscribe to text alerts for major statewide storm updates, simply text the word **STORM** to **NGRID (64743)**.\*

*Safety reminder:* Never touch any fallen lines or anything touching fallen wires and move everyone away. Report all fallen wires by calling our electric emergency line, **1-800-465-1212**.

\*We do not charge customers for text alerts, but normal message and data rates may apply based on your mobile carrier plan. You can opt out by texting the word **STOP** to **NGRID (64743)**.

## Beautify your home while reducing energy costs.

Looking to reduce energy costs at home? Plant a tree.

On the north and west side of your home: Plant conifers such as evergreen trees — spruce, cedars, fir or pines to help reduce the wind's chilling effects in winter.

On the east and south side of your home: Plant deciduous trees (trees that drop their leaves in fall) such as maples, oaks, or lindens. They'll help shade and cool the house in summer.

And remember, as with any digging project call **811** first so underground pipes and wires can be marked. It's a free service, and it's the law.

## Help a friend or loved one remember to pay their bill.

With our Third Party Notification Program, any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should their National Grid account become overdue. The caregiver is in no way responsible for bill payment, but can alert the customer if there is a problem. This service provides helpful protection during times of extended absences from home or during illness. Call **1-800-322-3223** for details.

## Help protect your family from carbon monoxide.

Carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless.

Common sources in the home include malfunctioning fuel-burning appliances.

- Have your heating system checked by a licensed heating contractor.
- Check chimneys or flues for debris, birds' nests or other blockage.
- Never use a gas range for heating. Also, never burn coal or charcoal in an enclosed space and never use an outside grill for inside cooking.
- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.

If your carbon monoxide unit sounds the alarm, go outside immediately and then call **911**.

Do not return until the carbon monoxide source is found.

The symptoms of carbon monoxide are similar to the flu and may include headaches, dizziness, weakness, sleepiness, nausea, confusion, tightness of the chest and fluttering of the heart.

# WeConnect

Energy news for our customers in Rhode Island

**nationalgrid**

HERE WITH YOU. HERE FOR YOU.

Guard against scams this season. Visit [www.nationalgrid.com](http://www.nationalgrid.com) for information.

Gas Emergency  
**1-800-640-1595**  
or call **911**  
Electric Emergency  
**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Mobile bill pay now available.

We've upgraded the National Grid mobile app and mobile website, including the ability to now make an easy one-time payment.

To access our mobile website, go to [www.nationalgrid.com](http://www.nationalgrid.com) from your mobile device.

To download our app, search for National Grid in the iTunes and Google Play stores.

## Options for managing your energy bill this winter.

We encourage you to take advantage of our programs and services to help you manage your energy usage and energy bills this winter. For more information on these and other programs, visit [www.nationalgrid.com/billhelp](http://www.nationalgrid.com/billhelp) or call Customer Service.

### Energy efficiency programs.

No matter what the winter weather may bring, employing energy efficiency measures can help to reduce your bill. We offer no-cost and low-cost tips and rebates on energy efficient appliances.

### The Budget Plan

- The Budget Plan spreads your projected annual energy usage cost into 12 "balanced" monthly payments.
- You still pay for the exact amount of energy used annually, but your consumption rate is divided by 12 to determine your monthly budget amount.

*\*To qualify for the Budget Plan your account must be current with no outstanding balance.*

### Discount rate

A discount rate is available to Rhode Island low income electric customers and gas service customers who meet the eligibility requirements. All recipients of Low Income Home Energy Assistance Program (LIHEAP) fuel assistance will be automatically enrolled in this benefit. For more information, please call the phone number on your bill.

For more information on these and other programs, visit [www.nationalgrid.com/billhelp](http://www.nationalgrid.com/billhelp) or call Customer Service at **1-800-322-3223**.

## Important safety reminders

If you smell gas, do not send an email. Call us immediately, 24 hours a day at **1-800-640-1595**, or dial **911**.

Please clear a path if you know we'll be visiting. Obstacles such as uneven pavement and overhanging tree limbs add to the chances of an accident.

Never hang clothes or anything else from gas pipes. Added weight could loosen or break joints and fittings which might trigger an unsafe condition.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Bill payment assistance this winter.

If you are having difficulty paying your utility bill this winter, there are payment assistance options that may be available if you qualify.

### Rhode Island Good Neighbor Energy Fund

This fund, administered by the Salvation Army, may help residents in temporary crisis who cannot pay their energy bill and are not income eligible for LIHEAP funds. The maximum grant is \$350 for the first year and \$175 for subsequent years. For more information, visit [www.rigoodneighbor.com](http://www.rigoodneighbor.com) or call **1-401-831-1119**.

### Low Income Home Energy Assistance Program (LIHEAP) Fuel Assistance

Also known as LIHEAP can provide financial assistance to income eligible applicants. The purpose of LIHEAP is to assist low-income Rhode Island households to meet their home energy costs.

## Protect your family from carbon monoxide.

Carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless.

Common sources in the home include malfunctioning fuel-burning appliances such as hot-air furnaces, space heaters and natural gas ranges.

- Before the heating season begins, have your heating system checked by a licensed heating contractor.
- Check chimneys or flues for debris, birds' nests or other blockage.
- Never use a gas range for heating. Also, never burn coal or charcoal in an enclosed space and never use an outside grill for inside cooking.
- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.
- If your carbon monoxide unit sounds the alarm, go outside immediately and then call **911**. Do not return until the carbon monoxide source is found.

*The symptoms of carbon monoxide are similar to the flu and may include headaches, dizziness, weakness, sleepiness, nausea, confusion, tightness of the chest, fluttering of the heart, redness of the skin and loss of muscle control.*

## Help a friend or loved one remember to pay their bill.

With our Third Party Notification Program, any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should their National Grid account become overdue. The caregiver is in no way responsible for bill payment, but can alert the customer if there is a problem. This service provides helpful protection during times of extended absences from home or during illness. Call **1-800-322-3223** for details.

## TTY service available.

Customers who use text telephones can call us about service, billing or to report an emergency. Dial **711** for the Relay Service and they will contact National Grid's Customer Service.

## Send a greeting card and help a child.

**Boston  
Children's  
Hospital**

Until every child is well™

National Grid is proud to partner with Boston Children's Hospital this holiday season. When you purchase your custom holiday cards at [www.moo.com/bch](http://www.moo.com/bch) 100 percent of the proceeds will go directly to Boston Children's Hospital with a dollar-for-dollar matching donation of up to \$75,000 by National Grid.

Customer Service  
**1-800-322-3223**

## Taking steps to avoid slips and falls this winter.

Icy sidewalks. Slippery steps. Dangerous driveways. During the winter months our field employees encounter a variety of walking conditions. That's why practicing the right way to walk in slippery conditions is an important part of our safety training. You can help by clearing a path if you know we'll be visiting your home or business.

Follow these tips to help avoid injury whenever you encounter winter walking conditions.

- Avoid taking shortcuts across snow-covered areas. Always use cleared sidewalks, paths and parking lots. Be especially careful when stepping to or from different levels (e.g. down or up steps or from curbs).
- Wear the proper footwear for the weather conditions – boots with good tread or anti-slip footwear.
- Keep your eyes on the path and avoid slippery surfaces when possible.
- Take small steps when slippery surfaces can't be avoided.
- Hold on to the handrails on steps and stairs. Place as much of your foot on the step as possible.
- Keep your hands out of your pockets and distribute the weight of bags or packages evenly for better balance.
- Remove as much snow and water from your boots as you can prior to entering a building. Recognize that wet floors and stairs are likely very slippery.

For a look at the Slippery Surface Simulator that's used in our training program, visit <https://youtube/xrs5Es4mV0U>

## Keep meters, vents clear of snow and ice.

Winter weather can result in the buildup of ice and snow on and around your gas and/or electric meters. Please consider the following and make them part of your winter safety checklist.

- Ice and snow buildup around the fresh air and exhaust vents for gas appliances may result in equipment malfunction and could possibly create harmful carbon monoxide.
- Icicles on overhangs near the meter can fall and damage the meter and pipes. Be sure to remove them regularly.
- Please mark your meter if it is located near a snowplow path.

## Where to look for assistance with your bill.

If you are unable to pay your utility bill, you may qualify to receive help from the Good Neighbor Energy Fund. Administered through the Salvation Army, the fund is available to any qualifying Rhode Islander in temporary financial crisis who is not income eligible for federal or state funds.

For more information, visit [www.rigoodneighbor.com](http://www.rigoodneighbor.com) or call the Salvation Army at **1-401-490-0240**. You can be a good neighbor! Please consider donating to the fund by using the envelopes included with your utility bills.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Manage energy bills with the Budget Plan.

When it comes to managing winter energy bills, the Budget Plan<sup>+</sup> can help by allowing you to spread out your energy costs over the course of the year, so your bill is more predictable. You'll still pay for the exact amount of energy used annually, but your consumption rate is divided by 12 to determine your monthly budget amount.

\*To qualify for the Budget Plan, your account must be current with no outstanding balance.

## Help a loved one to remember to pay their bill.

With our Third Party Notification program any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should the account become overdue. For more information, please call the number on your bill.

## Cut down on clutter.

View and pay your bill online with doxo, our newest paperless billing option. Visit [www.doxo.com/nationalgrid](http://www.doxo.com/nationalgrid) to enroll.

## Dryer safety starts with a clean filter.

Failure to clean lint from the dryer trap, vents and other areas poses a safety hazard and also reduces energy efficiency. Consider the following for your dryer safety checklist:

- Most dryer vents and dryers should be inspected every two to three years.
- Replace plastic or vinyl exhaust hoses with rigid or flexible metal venting.
- Check the outdoor vent flap to make sure it is not covered by snow.
- Always operate the dryer with the lint filter and clean it after each use.

## Know carbon monoxide sources, symptoms.

Known as the silent killer, carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless. Common sources include improperly-used or incorrectly vented fuel-burning appliances such as furnaces, stoves, water heaters and fireplaces.

### What you can do

Have all heating equipment checked yearly by a professional.

- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- Never use a gas range for heating.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.

### Know the signs

- The symptoms of carbon monoxide are similar to the flu and may include headaches, dizziness, weakness, sleepiness, nausea and tightness in the chest.

If your carbon monoxide detector sounds the alarm, go outside immediately and call **911**.

## Please don't hang items from gas pipes.

Please don't hang clothing or any other items from gas pipes. The added weight may weaken or break joints or fittings and cause a gas leak.

**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Guard against scam artists, impersonators.

Be alert for scam artists and imposters posing as utility employees who may try to gain access to sensitive account information or attempt to gain entry to your home.

### Please keep these safety tips in mind:

- Every National Grid employee and all contractors doing work for us, carry a photo ID card. If someone requesting entry into your home or business does not show an ID card, don't let them in and please call Customer Service at **1-800-322-3223**. If you feel you are in immediate danger, call **911**.
- We do call customers with outstanding balances, requesting payment and notifying of the potential for service interruption (due to non-payment). However, we do not accept pre-paid debit cards for payment and would never ask a customer to acquire one of these cards to make a bill payment.
- If you are in doubt that a caller is from National Grid, ask them to verify their identity by providing the last five digits of your account number. **DO NOT** give the caller your account number.

## Plant a tree to celebrate Arbor Day. But call before you dig!

April 29 is Arbor Day, the annual observance that celebrates the role of trees in our lives. Celebrate the day by planting a tree – it can add value to your home and help to reduce energy costs!

### Before digging

Before any planting or home improvement project that requires digging, please remember to first call **811** so the location of underground utility lines can be marked. It's a free service, and it's the law.

To provide shade in summer, yet let the sun's warmth in during winter, plant deciduous trees (trees that shed leaves in fall) such as maples, oaks, birch, locusts, lindens on the east and south sides of your home.

### Look up

When planting a tree, remember to look up to determine where your tree will be located in relation to overhead utility lines. Proper tree species selection and placement will avoid utility line conflicts and costly pruning requirements in the future. For advice on the right varieties of trees and shrubs for your yard, visit your local nursery or [www.nationalgridus.com](http://www.nationalgridus.com) for a planting guide.

## Rebates available for electric vehicles.

Did you know Rhode Island residents are eligible for rebates up to \$2,500 for the purchase or lease of electric vehicles? The Driving Rhode Island to Vehicle Electrification (DRIVE) Program is administered statewide by the Rhode Island Office of Energy Resources. Please visit [www.drive.ri.gov/](http://www.drive.ri.gov/) for details.

Electric vehicle purchases may also be eligible for federal income tax credits up to \$7,500. Please visit [www.fueleconomy.gov](http://www.fueleconomy.gov) for more information.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Easy ways to save energy.

We can help you use less gas and electricity. Learn about rebates and ways to save all throughout your home. Visit [www.nationalgridus.com](http://www.nationalgridus.com) for details.

## Pay your bill the easy way with online bill payment.

Online payment is an easy way to pay and manage your energy bill.

### Direct pay

Pay your bill automatically — without the hassle of check writing, stamps, mailing and due dates — because your exact bill amount is always withdrawn automatically from your account. Visit [www.nationalgridus.com](http://www.nationalgridus.com) for details and additional bill pay options.

## Use an authorized agency when paying your bill in person.

If you pay your National Grid bill in person, be sure to use an authorized payment agency to ensure that payments are made on a timely basis, and that your account is being credited properly.

### Know before you go. Contact the payment agent and ask:

- Do they accept payments for National Grid bills?
- What form of payment do they accept?
- Are there dollar limits or any service fees?

## For safety and efficiency turn down the temperature on your water heater

Water heaters are the second highest source of energy usage in the home. To save energy — and money — set your water temperature at home to 120 degrees. You'll be less likely to burn your skin (at 140 degrees you risk burns in six seconds or less).

It's always a good idea to test the water temperature before your child gets in the tub.

Visit [www.nationalgridus.com](http://www.nationalgridus.com) for available rebates, offers and services to help you save energy at home.

### Did you know....

An average water heater lasts about 10 to 15 years and when it fails, it can leave you in a mess. Don't wait until it's too late to upgrade. Remember to always choose ENERGY STAR®-qualified appliances.

## If you own a gas line be sure to check it for safety.

Customer-owned natural gas lines are those that begin at the outlet of the gas meter and extend either above or below ground. Examples of these types of lines include connections to outside gas lighting, gas heaters for pools or hot tubs, natural gas barbecues or gas appliances in attached buildings.

These lines are the responsibility of the customer and should be checked for safety, including possible leaks and corrosion. Please call a qualified contractor to complete this inspection.

## Programs that may help with your energy bill.

### Discount rate

A discount rate is available to Rhode Island low income electric and gas service customers who meet the eligibility requirements. All recipients of the Low Income Home Energy Assistance Program (LIHEAP) will automatically be enrolled in this benefit.

### Special protections

Programs are available if you, or a regular member of your household suffers from a serious illness (certified by a physician), or you have an infant under the age of 24 months residing in your home, and due to financial hardship, you cannot pay your overdue bills. Please contact Customer Service at **1-800-322-3223** for details and eligibility requirements.

## Introducing our new, improved website.

Inspired by your feedback, we went to work designing a better site for you. In addition to a new look and cleaner design, our new site offers:

- Quicker, easier payments (including mobile payments through our app, available from iTunes and GooglePlay)
- Personalized energy usage insights and tracking
- A site search to easily locate information
- Multi-language support
- Faster storm and emergency notifications

**What about my account? Do I need to update my account login or payment details?**  
No, you don't need to update anything. Any payment plans you were enrolled in are still active. And your past usage details and bills are still accessible from your account once you login. Visit [www.nationalgridus.com](http://www.nationalgridus.com) today and explore what our new website has to offer!

## Carbon monoxide safety – seven points to remember.

Carbon monoxide is an invisible, odorless gas that can be deadly if left undetected. When fuels such as natural gas, butane, propane, wood, coal, heating oil, kerosene, and gasoline don't burn completely, they can release carbon monoxide into the air. Common sources include malfunctioning forced-air furnaces, kerosene space heaters, natural gas ranges, wood stoves, fireplaces and motor vehicle engines. **If you suspect carbon monoxide is present, go outside immediately and call 911.** Next, call our gas emergency number, **1-800-640-1595**.

1. Install Underwriters Laboratory (UL) approved home carbon monoxide detectors on every floor of your home. Follow the manufacturer's installation instructions.
2. Check chimneys and flues for debris, bird nests and other blockages, and have them cleaned periodically.
3. Be sure space heaters and wood stoves are in good condition, have adequate ventilation and are used in strict compliance with the manufacturer's instructions.
4. **Never** use a gas range for heating or burn coal or charcoal in an enclosed space.
5. **Never** cover slots or holes in the bottom of the oven with spill pans or foil that can block airflow in the oven.
6. If you use a back-up generator to supply power during an outage, be sure to operate it outdoors.
7. Know that open windows **do not** provide sufficient ventilation to safely operate a generator indoors.

The symptoms of carbon monoxide poisoning are similar to those of the flu and may include headaches, weakness, confusion, chest tightness, skin redness, dizziness, nausea, sleepiness, fluttering of the heart or loss of muscle control.

Visit us at [www.nationalgrid.com](http://www.nationalgrid.com) and connect with us on

## Discover bill pay your way.

We offer a variety of ways to make managing your account and bills easier. For a complete list of all bill pay options visit [www.nationalgridus.com](http://www.nationalgridus.com) and click on the green "pay my bill" button.

## If you smell gas, act fast.

Your safety is our top priority. That's why we ask all of our customers to know the signs of a gas leak and what to do in the event of one.

### Indoors

- If you smell gas (the odor is similar to rotten eggs), take action right away.
- Do not use the telephone, do not smoke or turn on light switches, appliances or any electrical equipment.
- All occupants should leave the house immediately.
- Once you are in a safe area, call our gas emergency line at **1-800-640-1595**, or call **911**.

### Outdoors

- If you smell gas and see a white cloudy mist, bubbles in standing water and/or hear a hissing, roaring or whistling sound, it could be a gas leak.
- Leave the area immediately and call our emergency number or **911** right away.

## Energy theft is illegal and dangerous.

Thieves who steal energy by tampering or bypassing meters or piping put lives in danger, threaten public safety and damage property. If you have information about energy theft, please call our toll-free number at **1-800-322-2234**. All information will be kept confidential.

## Where to look for bill payment assistance.

We understand when the unexpected sometimes happens. We can often help customers who need assistance in paying their energy bill. One of our programs is designed for spreading current and overdue payments over time. If you qualify, we can work out a payment arrangement together. Please call the phone number on your bill for more information.

## Stay alert near power lines.

Safeguard yourself and your family by being mindful of overhead power lines when you are working or playing outdoors.

- Stay at least 10 feet away from residential electric lines and equipment.
- Stay alert. Keep ladders at least 10 feet away from power lines when carrying, moving and raising them.
- Keep away from wires when working with tools, pipe, lumber and siding – all of which can conduct electricity.
- Never allow children to climb trees near or underneath overhead lines.
- Never build a tree house in trees that are under or near power lines.
- If you see a downed power line, keep everyone away and call us immediately at **1-800-465-1212**.

# WeConnect

Energy news for our customers in Rhode Island

**nationalgrid**  
HERE WITH YOU. HERE FOR YOU.

Be kind to work crews.  
Please slow down and use caution when travelling in work zones.

Gas Emergency  
**1-800-640-1595**  
or call **911**  
Electric Emergency  
**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Smell gas. Act fast.

Despite the industry's excellent safety record, a gas leak caused by damage to a pipeline may pose a hazard. Your safety is our top priority. That's why we want you to know the signs of a gas leak, and what to do in the event of one.

**Indoors:** If you smell gas (the odor is similar to rotten eggs) take action right away. Do not use the telephone, do not smoke or turn on light switches, appliances or any electrical equipment.

All occupants should leave the house immediately. Once you are in a safe area, call us immediately at **1-800-640-1595** or call **911**.

**Outdoors:** If you smell gas and see a white cloudy mist, bubbles in standing water and/or a hissing, roaring and whistling sound, it could be a gas leak. Leave the area immediately and call **1-800-640-1595** or call **911**. Don't assume someone else will call.

## Plant safely near electric and gas equipment.

Planting trees and shrubs can add beauty and value to your home. But take extra care not to plant near electrical equipment that may be on your property. As the shrubs mature they may hide this equipment from view, preventing access or delaying our crews from making necessary repairs.

In addition, please do not change the height of the soil or landscaping materials around your outside gas meter. It's important to keep your above-ground meter, piping and valves clear of plants, soil, and mulch or building structures.

As with any digging project, remember you must first call **811**. It's a free service, and it's the law.

## Gas safety in your community.

We work with industry groups and state regulators on methods and programs to keep your natural gas distribution safe. Please help by doing your part. Use natural gas properly. Be alert, and always call **811** before you dig. It's a free service, and it's the law. Natural gas pipelines run under public streets and sometimes under private property. For safety reasons, right-of-way laws can give pipeline owners the right to restrict certain activities near pipelines. Right-of-way maps are filed with local municipalities.

## Stay safe — and connected — during storm season.

Summer storms can occur without warning. Be prepared by keeping these tips in mind after a storm or outage.

### Stay safe. Stay away.

If you see a downed line, keep everyone away and report it to us at **1-800-465-1212** immediately. Repairing downed power lines can be dangerous work, so please drive carefully when you spot our repair crews on the road.

If you see a downed power line, **NEVER**:

- Touch downed power lines or anything coming in contact with fallen lines
- Walk beneath overhead equipment, lines, or wires near a downed line
- Touch someone who is being electrically shocked
- Handle or cut utility poles
- Burn old poles as firewood—this will expose you to the chemicals used to treat and preserve them

### Stay connected.

We have a number of ways to stay connected before, during and after a major storm.

#### Receive text alerts.

Sign up for state-level broadcast text alerts by texting the word **STORM** to **NGRID (64743)**.\*

#### Get restoration information.

Text the word **SUM** followed by your town, county or state to **NGRID (64743)**.\* For example, if you live in Providence, simply text SUM Providence to NGRID (64743).

#### Sign up for email alerts.

Create an online profile with us and you'll be able to receive emergency email alerts during storms and other incidents.

\*We do not charge customers for text alerts, but normal message and data rates may apply based on your mobile carrier plan. You can opt out by texting the word **STOP** to **NGRID (64743)**.

## Tips for saving energy this summer.

A few simple steps can help you stay cool and cut energy costs this summer.

- Turn off lights, appliances, TVs, stereos and computers when not in use.
- Unplug your chargers, laptops, anything with a remote control, electric space heater and hot tub when not in use.
- Unplug your old, second refrigerator when not in use.
- Wash your clothes in cold water.
- Clean your electric dryer filter, and clean and straighten the exhaust hose/duct and vent outside.
- When buying new appliances, always choose models that are ENERGY STAR rated.
- Check air conditioner filters at least once a month during the warm season and clean them as needed.
- Use the fan setting at night when the air outside is cool, or open a window and leave the air conditioner off. Keep windows closed whenever the air conditioner is on.
- Closing your drapes or blinds will keep the hot sun out and run your air conditioner less.

## Smell gas. Act fast.

Despite the industry's excellent safety record, a gas leak caused by damage to a pipeline may pose a hazard. Your safety is our top priority. That's why we want you to know the signs of a gas leak, and what to do in the event of one.

**Indoors:** If you smell gas (the odor is similar to rotten eggs) take action right away. Do not use the telephone, do not smoke or turn on light switches, appliances or any electrical equipment. All occupants should leave the house immediately. Once you are in a safe area, call us immediately at **1-800-640-1595** or call **911**.

**Outdoors:** If you smell gas and see a white cloudy mist, bubbles in standing water and/or a hissing, roaring and whistling sound, it could be a gas leak. Leave the area immediately and call **1-800-640-1595** or call **911**. Don't assume someone else will call.

## Connecting with us on the go.

The National Grid mobile app and mobile website include the ability to make an easy one-time payment. Current mobile features also allow you to:

- Find authorized pay in person locations
- Report and check the status of an outage
- View outage maps
- Access important electric and gas safety information
- Find important contacts

To visit our mobile website, go to **www.nationalgridus.com** from your mobile device. To download our app, search for National Grid in the iTunes and Google Play stores.

## Prepare for colder weather with the Budget Plan.

The Budget Plan spreads your projected annual energy usage cost into 12 "balanced" monthly payments.

You still pay for the exact amount of energy used annually but your consumption rate is divided by 12 to determine your monthly budget amount.

The Budget Plan is easy! You get the same convenient payment options you currently enjoy as a National Grid customer including the option to sign up for our popular automatic payment programs.

\*To qualify for Budget Billing, your account must be current with no overdue balance.

To enroll, visit **www.nationalgridus.com** or call Customer Service, **1-800-322-3223**.

Visit us at **www.nationalgridus.com** and connect with us on

### Important safety reminders

Please clear a path if you know we'll be visiting. Obstacles such as uneven pavement and overhanging tree limbs add to the chances of an accident.

Never hang clothes or anything else from gas pipes. Added weight could loosen or break joints and fittings which might trigger an unsafe condition.

We'd like to remind motorists and pedestrians to be cautious in and around utility roadway work zones for their own safety and the safety of National Grid employees and contractors.

## Stay connected and stay informed.

We want to make sure that you keep informed during a storm. In addition to providing safety and restoration updates on Twitter, Facebook and [www.nationalgridus.com](http://www.nationalgridus.com), we also offer text alerts. To subscribe to text alerts for major statewide storm updates, simply text the word **STORM** to **NGRID (64743)**.\*

Safety reminder: Never touch any fallen lines or anything touching fallen wires and move everyone away. Report all fallen wires by calling our electric emergency line, **1-800-465-1212**.

\*We do not charge customers for text alerts, but normal message and data rates may apply based on your mobile carrier plan. You can opt out by texting the word STOP to NGRID (64743).

## Plant a tree to reduce energy costs, but call 811 first.

Looking to reduce energy costs at home? Plant a tree. On the north and west side of your home: Plant conifers such as evergreen trees— spruce, cedars, fir or pines to help reduce the wind's chilling effects in winter.

On the east and south side of your home: Plant deciduous trees (trees that drop their leaves in fall) such as maples, oaks, or lindens. They'll help shade and cool the house in summer. And remember, as with any digging project call **811** first so underground pipes and wires can be marked. It's a free service, and it's the law.

## Help a friend or loved one remember to pay their bill.

With our Third Party Notification Program, any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should their National Grid account become overdue. The caregiver is in no way responsible for bill payment, but can alert the customer if there is a problem. This service provides helpful protection during times of extended absences from home or during illness. Call **1-800-322-3223** for details.

## Take steps to protect your family from carbon monoxide.

- Before the heating season begins, have your heating system checked by a licensed heating contractor.
- Check chimneys or flues for debris, birds' nests or other blockage.
- Never use a gas range for heating.
- Also, never burn coal or charcoal in an enclosed space and never use an outside grill for inside cooking.
- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- If your carbon monoxide unit sounds the alarm, go outside immediately and then call **911**.
- Do not return until the carbon monoxide source is found.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.

### Know the causes and symptoms.

Carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless.

Common sources in the home include malfunctioning fuel-burning appliances such as hot-air furnaces, space heaters and natural gas ranges. The symptoms of carbon monoxide are similar to the flu and may include headaches, dizziness, weakness, sleepiness, nausea and confusion.

HERE WITH YOU. HERE FOR YOU.

For help managing  
winter energy bills visit  
[ngrid.com/billhelp](http://ngrid.com/billhelp)

Gas Emergency  
**1-800-640-1595**  
or call **911**  
Electric Emergency  
**1-800-465-1212**  
Customer Service  
**1-800-322-3223**

## Managing cold weather energy costs.

You have more control over your winter energy bills than you might think. Here are tips for managing those cold-weather costs.

### 1. Mind your furnace.

Don't let furnace filters be out of sight, out of mind. Dirty filters restrict airflow and decrease efficiency, which can drive up your bill. Replace or clean filters once a month during the heating season.

### 2. Lower your water heater's temperature.

Many water heaters are set higher than they need to be, sending dollars down the drain. Lower your water heater's temperature to 120°F and reduce your water heating costs.

### 3. Recycle your old, inefficient refrigerator or freezer.

We'll pick it up at no-cost at a time that's convenient for you. Plus, you'll save up to \$150 a year in avoided electric costs and you'll save even more with a \$50 rebate from National Grid.

Please ensure that your refrigerator or freezer is:

- Between 10 and 30 cubic feet using inside measurements.
- Clean, empty and in working order at the time of pick-up.
- Accessible with a clear path for removal by our recycling contractor, Appliance Recycling Centers of America (ARCA).

For additional information and to schedule an appointment, please call **1-877-889-4762**.

Eligibility: Rhode Island residential electric customers of National Grid may qualify. Refrigerator or freezer must be working. The unit must meet the size requirement of 10 cubic feet - 30 cubic feet. Savings and energy efficiency experiences may vary.

### 4. Enroll in the Budget Plan

The Budget Plan\* helps make it easier to manage your household energy payments each season by taking "peaks and valleys" from energy bills. The Budget Plan spreads your projected annual energy usage costs into 12 "balanced" monthly payments. You still pay for the exact amount of energy used annually, but your consumption rate is divided by 12 to determine your monthly budget amount.

The Budget Plan is easy! You get the same convenient payment options you currently enjoy as a National Grid customer including the option to sign up for our popular automatic payment programs.

#### How to enroll

Visit [www.nationalgridus.com](http://www.nationalgridus.com) and sign into your account, or call Customer Service at **1-800-322-3223**.

\*To qualify for the Budget Plan your account must be current with no outstanding balance.

## Smell gas. Act fast.

Know the signs of a gas leak and what to do in the event of one.

**Indoors:** If you smell gas (the odor is similar to rotten eggs) take action right away. Do not use the telephone, do not smoke, or turn on light switches, appliances or any electrical equipment. Everyone should leave the house immediately. Once you are in a safe area, call **911** or **1-800-640-1595**.

**Outdoors:** If you smell gas and see a white cloudy mist, bubbles in standing water and/or hear a hissing, roaring or whistling sound, leave the area and call **1-800-640-1595** or **911**. Don't assume someone else will call.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## Bill payment assistance this winter.

If you are having difficulty paying your utility bill this winter, there are payment assistance options that may be available if you qualify.

### Rhode Island Good Neighbor Energy Fund

This fund, administered by the United Way, may help residents in temporary crisis who cannot pay their energy bill and are not income eligible for LIHEAP funds. The maximum grant is \$350 for the first year and \$175 for subsequent years. For more information, visit [www.rigoodneighbor.com](http://www.rigoodneighbor.com) or call **211**.

### Low Income Home Energy Assistance Program (LIHEAP) Fuel Assistance

Also known as LIHEAP can provide financial assistance to income eligible applicants. The purpose of LIHEAP is to assist low-income Rhode Island households to meet their home energy costs.

## Discount rate

A discount rate is available to Rhode Island low income electric customers and gas service customers who meet the eligibility requirements. All recipients of Low Income Home Energy Assistance Program (LIHEAP) fuel assistance will be automatically enrolled in this benefit. For more information, please call the phone number on your bill.

For more information on these and other programs, visit [www.nationalgrid.com/billhelp](http://www.nationalgrid.com/billhelp) or call Customer Service at **1-800-322-3223**.

## Help a friend or loved one remember to pay their bill.

With our Third Party Notification Program, any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should their National Grid account become overdue. The caregiver is in no way responsible for bill payment, but can alert the customer if there is a problem. This service provides helpful protection during times of extended absences from home or during illness. Call **1-800-322-3223** for details.

## To ensure your service is complete, please restrain pets.

In an attempt to keep our employees safe, we ask that you properly restrain your pets prior to our arrival. Failure to do so could delay our ability to complete the service order.

## TTY service available.

Customers who use text telephones can call us about service, billing or to report an emergency. Dial **711** for the Relay Service and they will contact National Grid's Customer Service.

## In our community

## We put our energy behind Rhode Island scholars.

Congratulations to the Class of 2016 on receiving the prestigious New England Red Sox Service Scholarships. We are proud sponsors of this event which honors 35 Rhode Island students based on academic performance, community involvement and financial need. The awards were presented at Fenway Park in August.

For details, visit [www.redsoxfoundation.org/nescholarship/ri](http://www.redsoxfoundation.org/nescholarship/ri)

## Be carbon monoxide aware.

Carbon monoxide (CO) is a highly poisonous gas that is colorless, odorless and tasteless. Symptoms of carbon monoxide poisoning are similar to the flu and may include headaches, dizziness, weakness, sleepiness and nausea. Common sources of CO include improperly used or incorrectly vented fuel-burning appliances such as stoves, furnaces, water heaters and fireplaces.

### Here's what to do to stay safe:

- Have all heating equipment checked yearly by a professional.
- Install at least one UL listed CO detector in your home near bedrooms.
- Never use a gas range for heating.
- Never use generators indoors.
- If your carbon monoxide alarm sounds go outside immediately and call **911**.

## Small steps to safety.

Winter walking means icy sidewalks, snowy paths and more. There are several steps you can take to enjoy a safe season:

- Avoid distractions from your phone or other hand-held device.
- Avoid shortcuts and snow-covered areas.
- Use caution when stepping from one level to another.
- Wear anti-slip footwear.
- Take small steps when slippery surfaces can't be avoided.
- Use handrails and guiderails.
- Maintain three points of contact whenever possible.
- Distribute weight of bags evenly for balance and keep hands out of pockets.

## Keep current with Third Party Notification.

Customers can designate a relative, trusted friend or an agency to be a caregiver and receive copies of notices should an account become overdue. Visit [nationalgridus.com](http://nationalgridus.com).

## Assistance with your bill is available.

Low-Income Home Energy Assistance Program can provide financial assistance to income-eligible applications. LIHEAP's purpose is to assist low-income Rhode Island households in meeting home energy costs. For eligibility visit [dhs.ri.gov](http://dhs.ri.gov).

Rhode Island customers unable to pay an energy bill may qualify to receive help from the Good Neighbor Energy Fund. The fund, administered by the Salvation Army, is for those in temporary financial crisis who are not income eligible for federal or state funds. Visit [rigoodneighbor.com](http://rigoodneighbor.com) or call the Salvation Army at **1-401-490-0240**.

You could be a good neighbor – please consider donating to the fund using envelopes included with your utility bills.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## Manage energy bills with Budget Plan.

National Grid's Budget Plan removes peaks and valleys from your energy bills by spreading your payments over the course of the year. To qualify your account must be current with no outstanding balance. Visit [ngrid.com/billhelp](http://ngrid.com/billhelp).

## Remember to clear snow and ice from meters.

Winter weather can result in the buildup of snow and ice on your meter. Please consider adding the following to your winter safety checklist:

- Clear snow and ice around gas meters.
- Mark meter if located near snowplow path.
- Remove icicles on overhangs that could fall and damage meters and pipes.

## Payment options available.

Whether you choose to pay your bill in person or you want to skip lines and pay online the choice is yours – simply visit [nationalgridus.com](http://nationalgridus.com) and choose how to pay. You can also go paperless by visiting the the online paperless billing hub doxo at [doxo.com/nationalgrid](http://doxo.com/nationalgrid).

## Safety tips for dryers.

Promote energy efficiency and keep your dryer running properly by cleaning the filter. Failure to do so can pose a safety hazard. Here are some tips to maintain efficiency:

- Inspect dryer and dryer vents every two to three years and clear any dirt or lint buildup.
- Replace plastic or vinyl exhaust hoses with rigid or flexible metal venting.
- Clear outdoor vent trap from snow and other debris.
- Clean the dryer filter after each use.
- Dry full loads of laundry and you could save \$7 each month.

## Never hang items from gas pipes.

Never hang clothing or other items from gas pipes. Doing so would add weight to the pipes, and could weaken or break joints or fittings causing a gas leak.

## Score big with #EnergyAssist.

National Grid is teaming up with the Boston Celtics to give Rhode Island students a chance to win a Science Technology Engineering Mathematics (STEM) lab renovation for their school. Students are asked to spread the importance of electricity and energy reduction with social media posts tagged #EnergyAssist. The contest begins in March. Visit [nba.com/celtics/community/stem-labs](http://nba.com/celtics/community/stem-labs) to learn more.

[www.nationalgridus.com](http://www.nationalgridus.com)

Gas Emergency  
**1-800-640-1595**  
or call **911**

Electric Emergency  
**1-800-465-1212**

Customer Service  
**1-800-322-3223**

## Act fast in a gas emergency.

If you smell gas anywhere, including your home, go outside immediately and call **1-800-640-1595** or **911**. The following conditions should be reported:

- Smelling gas
- Abnormal pressure or no gas in appliances
- Gas flow to appliances that cannot be shut off
- Continuous flow of water leaking from gas heating unit or water heater
- Roaring, hissing or whistling noise from gas pipes
- Seeing white cloud, mist, fog or bubbles in standing water outside
- Odor that irritates eyes, nose and/or throat

## Be mindful with spring projects.

### Call before you dig

As the days grow longer, thoughts spring toward gardening or home improvement projects. Remember, before any digging begins, call **811** so the location of underground utility lines can be marked. It's a free service and it's the law.

### Look up

Just as important as calling before you dig is to look up before determining the location of trees near overhead lines. With proper selection and placement, you can enjoy your tree for years to come and avoid costly future pruning. For the correct variety of trees and shrubs for your area visit [nationalgridus.com](http://nationalgridus.com) or contact your local nursery.

### Arbor Day

April 28 marks the annual observance of trees – Arbor Day. Do your part by planting a tree to add value to your home and, at the same time, reduce your energy bill. To provide shade in the summer, but maintain the sun's warmth in winter, plant deciduous trees that shed leaves in the fall on the east and south sides of your home. Good candidates would be maples, oaks, birch, locusts and lindens.

**Know what's below.  
Call before you dig.**

## Lower the water heater temperature for safety.

Did you know that water heaters are the second highest source of energy use in the home? The good news is that you can save energy – and reduce your bill – by lowering the water temperature on your heater to 120 degrees. Also, it's important to note the average water heater only lasts 10 to 15 years. Consider upgrading before it's too late. Look to [nationalgridus.com](http://nationalgridus.com) for available rebates, offers, and services to help you save energy. When choosing a new appliance always select ENERGY STAR®-qualified appliances.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## Cut down on clutter: choose DirectPay.

No check. No stamp. No monitoring due dates. DirectPay allows customers to pay bills with automatic withdrawals from a checking or savings account. Visit [nationalgridus.com](http://nationalgridus.com) for details and additional payment options.

## Know before you go.

Looking to make your bill payment in person? If so, be sure to use an authorized agency to ensure your National Grid payment is made on a timely basis and that your account is being credited appropriately. Visit [nationalgridus.com](http://nationalgridus.com) for a list of authorized agencies and be sure to call ahead and ask the following questions:

- Do you accept payments for National Grid bills?
- What form of payment do you accept?
- Do you have dollar limits or any service fees?

## Customers may qualify for assistance.

Rhode Island low-income electric and gas service customers may qualify for a discounted rate upon meeting eligibility requirements. All recipients of the Low Income Home Energy Assistance Program (LIHEAP) are automatically enrolled in this benefit.

If you or another member of your household suffers from a serious illness (as confirmed by a physician), or if you have an infant residing in your house who is under 24 months old and, due to financial hardship, you cannot pay your overdue bills you may qualify for special protections. Contact customer service at **1-800-322-3223** for details.

## Online bill payment.

Make your payments online! Simply visit [nationalgridus.com](http://nationalgridus.com) to review ways to pay. You can also go paperless by visiting the online billing hub [doxo.com/nationalgrid](http://doxo.com/nationalgrid).

## Stay safe: schedule an inspection today.

If you own a gas line – such as those that connect to outside gas lighting, gas heaters for pools or hot tubs, natural gas barbecues or gas appliances in attached buildings – you should contact a qualified contractor to complete a safety inspection. Lines that are customer-owned begin at an outlet of a gas meter and extend either above or below the ground. Such lines are the responsibility of the customer.

## Be comfortable – no matter the season.

Schedule a no-cost EnergyWise Home Energy Assessment\* today and save on upgrades like insulation. If you qualify you could take \$4,000 off insulation improvements which can lower your heating and cooling costs up to 18 percent. Schedule your no-cost assessment today by calling **1-888-633-7947**. Visit [ngrid.com/ri-home](http://ngrid.com/ri-home) to learn more.

\*This offer is for 1-4 unit homes. Additional restrictions apply.

## Heating rebates available.

Living in the Northeast you already know that heating your home can take up to 50 percent of your heating bill. Installing a high-efficiency heating system can make your home more comfortable and you may be eligible for rebates depending on the model you choose. Visit [nationalgridus.com](http://nationalgridus.com) to see the latest on rebates for heating systems, energy-efficient boilers, wireless-enabled thermostats and more.

## Supporting City Year.

National Grid employees assembled gifts for a February teacher appreciation breakfast at Gilbert Stuart Middle School. Each year Rhode Island employees sponsor a City Year AmeriCorps team at the Providence school which serves more than 700 students. Visit [cityyear.org/rhodeisland](http://cityyear.org/rhodeisland) to learn more.

Electric Emergency  
**1-800-465-1212**

Customer Service  
**1-800-322-3223**

## Simple tactics to keep cool, reduce costs.

A well-maintained, energy-efficient home can lower your energy bill while enhancing your comfort. As the outdoor temperature rises there are a few easy tips you can use to improve your home's efficiency.

- Install programmable thermostats to adjust temperatures when rooms are unoccupied, saving you up to \$180 per year.
- Upgrade air conditioning equipment to more energy-efficient models reducing maintenance and lowering energy costs as much as 30 percent overall.
- Change filters on air conditioners to improve air quality.
- Keep doors and windows closed while running your air conditioner.
- Lower blinds and shades during the day to keep your home cool when the sun is out.
- Make sure vents are clear so air is distributed evenly.

Visit [ngrid.com/save](http://ngrid.com/save) for more information.

## No identification? Don't let them in.

National Grid employees, including contractors, are required to carry a photo identification card with company logo. If someone is requesting entry into your home or business without the proper ID, do not let them in and contact customer service at **1-800-322-3223**. If you feel you are in immediate danger, call **911**.

## Handy tip for CO safety.

Carbon monoxide is an invisible, odorless gas that can be deadly if left undetected. It's good to be CO aware year-round even as summer approaches.

If you use a back-up generator to supply power during an outage, be sure to operate it outdoors. Open windows do not provide sufficient ventilation to safely operate a generator indoors. Also, never use a gas range for heating, or to burn coal or charcoal, in an enclosed space.

## Know signs of a gas leak outdoors.

As we spend more time outside during warmer months, it's important to know the signs of a gas leak. If you smell gas and see a white, cloudy mist, bubbles in standing water, and/or hear a hissing, roaring or whistling sound, it could be a gas leak. Don't hesitate – leave the area and call **1-800-640-1595** or **911** right away.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## National Grid again earns Most Ethical Company award.

For the seventh time since 2017, National Grid has been recognized by the Ethisphere Institute, a global leader in defining and advancing the standards of ethical business practices, as a 2017 World's Most Ethical Company®. Ethisphere honors companies that recognize their role in society to influence and drive positive change; consider the impact of their actions on their employees, investors, customers and other key stakeholders; and, use their values and culture as an underpinning to the decisions they make every day.

## Energy theft is dangerous and illegal.

Tampering with or bypassing meters or piping puts lives in danger, threatens public safety and damages property. If you have information about energy theft, please call us at **1-800-322-3223**. All information will be kept confidential.

## Payment assistance is available.

Sometimes the unexpected happens and customers need assistance paying their energy bill. We have programs that can help, such as the Budget Plan, which removes spikes from bills and spreads payments evenly over the course of a year. There are other assistance programs available in Rhode Island as well. Visit [nationalgridus.com](http://nationalgridus.com) to learn more.

## Restrain pets for safety.

In an attempt to keep your furry friends and our workforce safe, we ask that you properly restrain your pets prior to our arrival. Failure to do so could delay our ability to complete the service order in a timely manner.

## Keep that oven door closed.

An easy way to keep energy in check is to keep the oven door closed while cooking and baking. Each time you open the oven the temperature can drop as much as 25° F. Visit [nationalgridus.com](http://nationalgridus.com) to find more money-saving ideas and currently-available energy efficiency rebates.

## Use app to report outages online.

With National Grid's free mobile app, available from iTunes or Google Play, you can report outages and check the status of outages in your area. You can also report outages and downed wires by calling **1-800-465-1212**. If you have life-sustaining equipment in your home, call **1-800-322-3223**. For shelter information, call **211**.

### In our community

## National Grid contributes to heating assistance effort.

In an effort to help Rhode Islanders struggling with heating bills, the National Grid Foundation presented an \$80,000 donation to the "Keep the Heat On" fund. This marks the fourth consecutive donation from the foundation to the program managed by the Diocese of Providence. Keep the Heat On assists families and individuals pay heating bills when all other forms of public and private assistance have been exhausted. Since 2014, National Grid has donated nearly \$400,000 to the program.

## Protect yourself from carbon monoxide.

Fall is a good time to pay attention to potential sources of carbon monoxide around your home. CO is a highly poisonous gas that is colorless, odorless and tasteless, but you can protect yourself from CO by doing the following:

- Schedule a heating system check with a licensed professional.
- Check chimneys and flues for debris, bird nests or other blockages.
- Never use a gas range for heating.
- Never burn coal or charcoal in an enclosed space.
- Install carbon monoxide detectors on every level of your home.
- If your CO alarm sounds, go outside immediately and call **1-800-640-1595**.
- Do not return until the cause of the CO is found.
- Never use generators in enclosed or partially enclosed areas.

### Symptoms

The symptoms of CO poisoning are similar to the flu and may include headaches, weakness, confusion, chest tightness, skin redness, dizziness, nausea, sleepiness, fluttering of heart and/or loss of muscle control.

## Keep costs steady with the Budget Plan.

Spread your billing costs evenly throughout the year with our Budget Plan. You still pay for the amount of energy used annually, but your use is divided by 12 months to determine your monthly payment.

With the Budget Plan you get the same convenient payment options, including automatic payment. To qualify your account must be current with no overdue balance.

Visit [nationalgridus.com](http://nationalgridus.com) to enroll.

## Important reminders about meters.

### Clear path to the meter.

Please help keep our technicians safe when they are visiting your property. That includes making sure there is a clear path to your electric or natural gas meter.

### Never hang items from gas pipes.

Never hang clothing or other items from gas pipes. Doing so could add weight to the pipes, and could weaken or break joints or fittings, causing a gas leak.

## TTY service available.

TTY users can contact us about service, billing or to report an emergency. Dial **711** for the Relay Service and they will connect you with National Grid's Customer Service.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## Prepare today to face colder days tomorrow.

With long summer days fading from view, now is the time to invest in some smart moves to help you face colder days ahead. Call **1-888-633-7947** to schedule a no-cost energy assessment of your 1-to-4 unit home. If upgrades are recommended, you may be eligible for:

- No-cost targeted air sealing of leaks in drafty areas of your home.
- Seventy-five percent off insulation installation (up to \$4,000) if your home is heated with gas or electricity.
- Twenty-five percent off insulation installation (up to \$4,000) if your home is heated with oil or propane.
- Rebates of up to \$1,000 on qualifying energy-efficient heating, cooling, and water heating equipment.
- The opportunity to apply for zero percent HEAT Loan financing for eligible upgrades.

Please visit [ngrid.com/ri-home](http://ngrid.com/ri-home) to learn more.

## Third Party Notification keeps accounts in check.

Customers can designate a relative, trusted friend or an agency to be a caregiver and receive copies of notices should an account become overdue. Call **1-800-322-3223** for more information.

## We're here to help you navigate through change.

Life changes can be hard. If you are a struggling homeowner, if you rent, or if you are a landlord, there are payment assistance programs in place to help you when you need it the most. Visit [ngrid.com/billhelp](http://ngrid.com/billhelp) to learn about assistance plans and eligibility based on various needs in Rhode Island. We're here to help.

## Stay informed before, during, and after storms.

In addition to providing safety and restoration updates on [nationalgridus.com](http://nationalgridus.com), Facebook, Twitter and Instagram, we also offer text alerts. Sign up for the service by sending the word **STORM** to **NGRID (64743)**. Customers are not charged for alerts, but normal message and data rates may apply based on your mobile carrier plan. Text the word **STOP** to **NGRID (64743)** to opt out.

## Save time and go automatic with DirectPay.

DirectPay allows you to pay your bill automatically from a bank account, taking some time off of your to-do schedule. For a complete list of payment options, visit [nationalgridus.com](http://nationalgridus.com) and click on the green "pay bill" button.

## Runners lace up to support RI charities.

National Grid employees volunteered, and some even laced up, for the fifth annual Rocky Point 5K Race held in Warwick. The June event raised funds for the Girl Scouts of Southeastern New England as well as for the state chapter of the American Cancer Society. Visit [ournationalgrid.com](http://ournationalgrid.com) for more information on the efforts of our employee volunteers in your area.

## Managing your bill

National Grid has options available when it comes to paying your utility bill that can even out your monthly balance, give you assistance as needed, or simply give you more time.

### **Spread costs evenly with the Budget Plan.**

Balance payments evenly throughout the year with the Budget Plan. You still pay for the same amount of energy, but your use is divided by 12 months to determine your monthly payment.

With our Budget Plan you get the same convenient payment options, including automatic payment. To qualify, your account must be current with no overdue balance.

### **Payment assistance eases strain of energy costs.**

#### *Low Income Home Energy Assistance Program*

Fuel assistance, also known as LIHEAP, can provide financial assistance to income-eligible applicants. Visit [dhs.ri.gov/Programs/index.php](http://dhs.ri.gov/Programs/index.php) to see if you qualify.

#### *Good Neighbor Energy Fund*

The Good Neighbor Energy Fund may be able to help customers who do not qualify for other assistance programs. Visit the Good Neighbor Energy Fund at [rigoodneighbor.com](http://rigoodneighbor.com) to learn more.

#### *Discount Rate*

Eligible customers can receive a discounted rate on electric and gas service for their homes. Rhode Island Low Income Home Energy Assistance Program (LIHEAP) participants are already enrolled at this rate. Contact the Rhode Island Department of Health and Human Services at **1-855-697-4347** to learn more.

## Be cautious when paying in person.

Be sure to use an authorized payment agency to ensure your payments are made on a timely basis and that your account is being credited properly. When paying in person bring your bill and always keep record or receipt showing your payment.

Visit [nationalgridus.com](http://nationalgridus.com) to explore payment plans, extensions and related services.

## Safety

### Be ready no matter the elements.

A storm kit can keep you safe no matter the weather. Be sure to include:

- Flashlight • New batteries • Battery-powered radio • Extra food • Water and a manual can opener • Sanitation and personal hygiene items • Extra blankets and warm clothing

Check to see if your carbon monoxide detectors are working properly. We recommend alarms marked with UL 2034 be placed on every level of your home.

Visit us at [www.nationalgridus.com](http://www.nationalgridus.com) and connect with us on

## Safety

### Smell gas. Act fast.

If you smell gas (the odor is similar to rotten eggs) take action right away. Do not use the telephone, do not smoke or turn on light switches, appliances, or any electrical equipment. All occupants (including pets) should leave the house immediately.

If you smell gas outdoors, and see a white cloudy mist, bubbles in standing water and/or a hissing, roaring and whistling sound, it could be a gas leak.

Once you are in a safe area, call **1-800-640-1595** or call **911**. Never assume someone else will call.

## Energy Efficiency

### Give your home an energy makeover.

Our energy specialists will help you say goodbye to drafty rooms. If you live in a 1-to-4 unit household you can qualify for a no-cost home energy evaluation. We will review your home, complete an attic-to-basement evaluation, and provide a custom home energy report outlining recommended energy efficiency improvements.

Call us at **1-866-633-7947** to schedule a no-cost home energy assessment. If upgrades are recommended, you may be eligible for:

- Up to \$4,000 off the installation of approved insulation improvements.
- Rebates of up to \$1,000 on qualifying energy-efficient heating, cooling, and water equipment.
- No-cost targeted air sealing of leaks.
- The opportunity to apply for zero percent HEAT Loan financing for eligible upgrades.

Visit [ngrid.com/ri-home](http://ngrid.com/ri-home) to learn more.

## In our community

### New lab greets students at Middletown elementary school.

National Grid and the Boston Celtics, including rookie Guerschon Yabusele and legend Dana Barros, teamed up to deliver a new Science, Technology, Engineering, Art and Mathematics lab at Aquidneck School.

The elementary school lab in Middletown features digital video cameras, an interactive white board, weather station and various STEAM kits. The school was selected from among hundreds of elementary schools which participated in the April 2017 Energy Assist Conservation Contest and campaign. Visit [ournationalgrid.com](http://ournationalgrid.com) to learn more about community outreach efforts.

### Helping out is part of the job.

Thank you to more than 300 National Grid employees for traveling to North Carolina and Florida, supporting Duke Energy and Tampa Electric with hurricane restoration efforts. We are proud to provide mutual aid to those in need and thank employees and their families for continued support.

**Smell gas. Act fast.**

Gas Emergency?  
**1-800-640-1595**  
or call **911**

## Help a loved one to remember to pay their bill.

With our Third Party Notification program any customer can designate a relative, trusted friend or agency to be a caregiver and receive copies of notices should the account become overdue. For more information, please call the number on your bill.

## Know carbon monoxide sources, symptoms.

Known as the silent killer, carbon monoxide is a highly poisonous gas that is colorless, odorless and tasteless. Common sources include improperly-used or incorrectly vented fuel-burning appliances such as furnaces, stoves, water heaters and fireplaces.

### What you can do

Have all heating equipment checked yearly by a professional.

- Install at least one UL listed carbon monoxide detector in your home, near bedrooms.
- Never use a gas range for heating.
- Never use generators in homes, garages, basements, crawl spaces or other enclosed or partially enclosed areas, even with ventilation.

### Know the signs

- The symptoms of carbon monoxide are similar to the flu and may include headaches, dizziness, weakness, sleepiness, nausea and tightness in the chest.

If your carbon monoxide unit sounds the alarm, go outside immediately and then call **911**. Do not return until the carbon monoxide source is found.

## Dryer safety starts with a clean filter.

Failure to clean lint from the dryer trap, vents and other areas poses a safety hazard and also reduces energy efficiency.

### Consider the following for your dryer safety checklist:

- Most dryer vents and dryers should be inspected every two to three years.
- Replace plastic or vinyl exhaust hoses with rigid or flexible metal venting.
- Check the outdoor vent flap to make sure it is not covered by snow.
- Always operate the dryer with the lint filter and clean it after each use.
- Turn the dryer off if you leave home or when you go to bed.

## Easy ways to decrease your energy usage.

Simple steps can help to reduce energy costs this winter, and all through the year.

- Insulate walls, ceilings and windows where you can.
- Choose the right lights—using new LED bulbs that provide the same amount of light as your old light bulbs, but use less wattage can save you up to \$12 per month.
- Keep your ceiling fans on at home during the winter to redistribute warmer air to where it is most needed.
- Switch to ENERGY STAR® appliances—they use up to 40 percent less energy than conventional models sold before 2001.
- Think before you wash and dry clothes. Dry only full loads of laundry and use the cold water setting on the washer.
- Unplug electronics—turn off the computer at night and save up to \$10 per month.
- Schedule annual heating and air conditioning check-ups to ensure efficient operation.

Visit [www.nationalgrid.com](http://www.nationalgrid.com) for the latest rebates and offers on energy efficient appliances and additional energy-saving tips.

Every National Grid employee carries a photo ID card, and any contractor doing work for us is also required to carry ID.

#### Termination of Service to Elderly or Handicapped Persons

If all residents in your household are 62 years of age or older or if any resident in your household is handicapped, the Company will not terminate your service for failure to pay the past due bill without written approval from the Division of Public Utilities. If you cannot pay your bill all at once, you may be able to work out a payment plan with the Company. The Elderly or Handicapped Forms that must be filled out are available from the Company. The Forms also enable you to participate in "Third Party Notification." If you have any questions or want further information, call the Credit Department at **1-888-211-1313**.

#### Right to Service if You Have a Child Under 24 Months and a Financial Hardship

If you or anyone presently and normally living in your house has a child under 24 months old, we will not terminate your electric service, provided you also have a financial hardship. Please call our Credit Department at **1-888-211-1313** immediately if this applies to you.

## Explanation of General Billing Terms

For Rhode Island Customers

#### **KWH**

Kilowatt-hour, a basic unit of electricity used.

#### **Off-Peak**

Period of time when the need or demand for electricity on the distribution system is low, such as late evenings, weekends and holidays.

#### **Peak**

Period of time when the need or demand for electricity on the distribution system is high, normally during the day, Monday through Friday, excluding holidays.

#### **Estimated Bill**

A bill which is calculated based on your typical monthly usage rather than on an actual meter reading. It is usually rendered when we are unable to read your meter.

#### **Meter Constant**

A number by which the usage on certain meters must be multiplied to obtain the total usage.

#### **Demand Charge**

The cost of providing electrical transmission and distribution equipment to accommodate your largest electrical load.

#### **Gross Earnings**

A tax imposed by Rhode Island general law. Calculated as follows: (Total Delivery Charges + Energy Charges - Misc. Charges) divided by 24. Misc. Charges include deposits and interest.

THE NARRAGANSETT ELECTRIC COMPANY  
d/b/a NATIONAL GRID  
RIPUC Docket No. 4770  
Attachment PUC 1-61-3  
Page 34 of 80

Delivery Service Charges are comprised of the following components:

**LIHEAP Enhancement Charge**

This monthly charge is billed to all customers as required by Rhode Island law. The amounts collected through this charge will be used to provide funding for the Low-Income Home Energy Assistance Program ("LIHEAP") Enhancement Plan, created to supplement the Federal LIHEAP funding being received by customers of Rhode Island electric and natural gas distribution companies. LIHEAP assists low-income households primarily in meeting their home energy needs. The charge will not be more than \$10 per year for each electric or natural gas service account. The charge is subject to change on an annual basis after review and approval by the Rhode Island Public Utilities Commission.

**Customer Charge**

The cost of providing customer related services such as metering, meter reading and billing. These fixed costs are unaffected by the actual amount of electricity you use.

**Renewable Energy Growth Program Charge**

This charge recovers the cost of the Renewable Energy Growth Program, established by R.I. law, that supports the development of eligible renewable energy resources.

**Distribution Service**

The cost of delivering electricity from the beginning of the Company's distribution system to your home or business.

**Transmission Charge**

The charge recovers the cost of delivering electricity from the generation company to the beginning of the Company's distribution system.

**Transition Charge**

Company payments to its wholesale supplier for terminating its wholesale arrangements.

**Energy Efficiency Programs**

The cost of energy efficiency programs offered by the Company.

**Renewable Energy Distribution Charge**

The cost of programs required by R.I. law that provide support for the development of renewable energy.

Supply Service Charges are comprised of:

**Energy Charge**

The charge to provide electricity and other services to the customer by the supplier. This charge also includes the Renewable Energy Standard Charge which is being collected for the purpose of acquiring a portion of Rhode Island's energy supply from renewable energy resources, as required by R.I. General Laws section 39-26-1.

**Right to Dispute Your Bill and to an Impartial Hearing**

If you believe your bill is inaccurate or for any reason payment may be withheld, you should first contact our Customer Service Department at **1-800-322-3223**. If a mutually satisfactory settlement of this matter cannot be made, you have the right to submit this matter to: Reviewing Officer, Division of Public Utilities and Carriers, 89 Jefferson Blvd, Warwick, Rhode Island 02888, Telephone: **401-780-9700**. National Grid will not disconnect your service pending proceedings before a reviewing officer appointed by the Public Utilities Administrator.

**Right To Electric Service During Serious Illness**

If you or anyone presently and normally living in your home is seriously ill, we will not discontinue your electric service during such illness providing you: have a registered physician certify in writing to us that such illness exists, the nature and duration of the illness and you make satisfactory arrangements to pay your bill. This certification must be received within seven (7) days from the date that your physician initially contacts our Credit Department at **1-888-211-1313**.

In addition to **completing the affidavit and having it notarized**, either provide a copy of your Award Letter for proof of receiving SSDI / SSI **or** have your licensed physician (MD, DO, LP), Physician's Assistant (PA), or Registered Nurse Practitioner (RNP) complete the certification section below.

**TO BE COMPLETED BY LICENSED PHYSICIAN:**

Print Patient Name:	
Print Impairment:	
Print Licensed Physician's Name:	
License Number:	
Licensed Physician's Address:	
Licensed Physician's Telephone Number:	

I certify the above-mentioned individual, at the address listed above, is handicapped as defined above and all information provided regarding the patient's health is current and accurate.

the serious illness protection will be removed after three (3) weeks and your account will be subject to collection activity, including termination of service, unless you arrange for payment of your bill. Please contact our Credit Department at **1-888-211-1313**.

**Termination of Service to Elderly or Handicapped Persons**

If all residents in your household are 62 years of age or older or if any resident in your household has an impairment or disability and is handicapped, the Company will not terminate your service for failure to pay the past due bill without written approval from the Division of Public Utilities and Carriers. If you cannot pay your bill all at once, you may be able to work out a payment plan with the Company. The Elderly or Handicapped Forms that must be filled out are attached and also available from the Company and on the National Grid website at **www.nationalgridus.com**. The Forms also enable you to participate in "Third Party Notification." If you have any questions or want further information, call the Credit Department at **1-888-211-1313**.

**If You Have a Child Under 24 Months and a Financial Hardship**

If you or anyone presently and normally living in your house has a child under 24 months old, we will not terminate your service, provided you also have a financial hardship. Please call our Credit Department at **1-888-211-1313** immediately if this applies to you.

**nationalgrid**  
**Explanation of General Billing Terms**  
For Rhode Island Customers

**KWH**

Kilowatt-hour, a basic unit of electricity used.

**Off-Peak**

Period of time when the need or demand for electricity on the distribution system is low, such as late evenings, weekends and holidays.

**Peak**

Period of time when the need or demand for electricity on the distribution system is high, normally during the day, Monday through Friday, excluding holidays.

**Estimated Bill**

A bill which is calculated based on your typical monthly usage rather than on an actual meter reading. It is usually rendered when we are unable to read your meter.

**Meter Constant**

A number by which the usage on certain meters must be multiplied to obtain the total usage.

**Demand Charge**

The cost of providing electrical transmission and distribution equipment to accommodate your largest electrical load.

**Gross Earnings**

A tax imposed by Rhode Island general law. Calculated as follows: (Total Delivery Charges + Energy Charges - Misc. Charges) divided by 24. Misc. Charges include deposits and interest.

1-800-322-3223 | www.nationalgridus.com

Delivery Service Charges are comprised of the following components:

**LIHEAP Enhancement Charge**

This monthly charge is billed to all customers as required by Rhode Island law. The amounts collected through this charge will be used to provide funding for the Low-Income Home Energy Assistance Program ("LIHEAP") Enhancement Plan, created to supplement the Federal LIHEAP funding being received by customers of Rhode Island electric and natural gas distribution companies. LIHEAP assists low-income households primarily in meeting their home energy needs. The charge will not be more than \$10 per year for each electric or natural gas service account. The charge is subject to change on an annual basis after review and approval by the Rhode Island Public Utilities Commission.

**Customer Charge**

The cost of providing customer related services such as metering, meter reading and billing. These fixed costs are unaffected by the actual amount of electricity you use.

**Renewable Energy Growth Program Charge**

This charge recovers the cost of the Renewable Energy Growth Program, established by R.I. law, that supports the development of eligible renewable energy resources.

**Distribution Service**

The cost of delivering electricity from the beginning of the Company's distribution system to your home or business.

**Transmission Charge**

The charge recovers the cost of delivering electricity from the generation company to the beginning of the Company's distribution system.

**Transition Charge**

Company payments to its wholesale supplier for terminating its wholesale arrangements.

**Energy Efficiency Programs**

The cost of energy efficiency programs offered by the Company.

**Renewable Energy Distribution Charge**

The cost of programs required by R.I. law that provide support for the development of renewable energy.

Supply Service Charges are comprised of:

**Energy Charge**

The charge to provide electricity and other services to the customer by the supplier. This charge also includes the Renewable Energy Standard Charge which is being collected for the purpose of acquiring a portion of Rhode Island's energy supply from renewable energy resources, as required by R.I. General Laws section § 39-26-1.

**Right to Dispute Your Bill and to an Impartial Hearing**

If you believe your bill is inaccurate or for any reason payment may be withheld, you should first contact our Customer Service Department at **1-800-322-3223**. If a mutually satisfactory settlement of this matter cannot be made, you have the right to submit this matter to: Reviewing Officer, Division of Public Utilities and Carriers, 89 Jefferson Blvd, Warwick, Rhode Island 02888, Telephone: **401-780-9700**. National Grid will not disconnect your service pending proceedings before a reviewing officer appointed by the Public Utilities Administrator.

**Right To Electric Service During Serious Illness**

If you or anyone presently and normally living in your home is seriously ill, a licensed physician (MD, DO, LP), Physician's Assistant (PA), or Registered Nurse Practitioner (RNP) must complete the serious illness protection form or contact National Grid by telephone at **1-800-322-3223**. This certification must be received within seven (7) days from the date that your licensed physician initially contacts National Grid. If you qualify,

Elderly and Handicapped Certification Form

Account Holder:	
Account Number:	
Service Address:	
Telephone Number:	

**ELDERLY PROTECTION**

I qualify for the Elderly Protection Program on my account. Enclosed is proof of age that all adult household members are 62 or older. Valid proof includes copy of Driver's License, Birth Certificate, Passport, Military ID or Marriage Certificate.

**Please provide ALL household members' information:**

Names of ALL Household Members	Social Security Number	Date of Birth

**THIRD PARTY NOTIFICATION**

I designate the following person to be contacted for Third Party Notification. I understand the contact person is not responsible for paying my electric and/or gas bill. A copy of the collection notice is sent to the designated third party who can look into the situation and help make payment arrangements.

Third Party Name:	
Address:

#### Termination of Service to Elderly or Handicapped Persons

If all residents in your household are 62 years of age or older or if any resident in your household is handicapped, the Company will not terminate your service for failure to pay the past due bill without written approval from the Division of Public Utilities. If you cannot pay your bill all at once, you may be able to work out a payment plan with the Company. The Elderly or Handicapped Forms that must be filled out are available from the Company. The Forms also enable you to participate in "Third Party Notification." If you have any questions or want further information, call the Credit Department at **1-888-211-1313**.

#### Right to Service if You Have a Child Under 24 Months and a Financial Hardship

If you or anyone presently and normally living in your house has a child under 24 months old, we will not terminate your electric service, provided you also have a financial hardship. Please call our Credit Department at **1-888-211-1313** immediately if this applies to you.

National Grid will not disconnect your service pending proceedings before a reviewing officer appointed by the Public Utilities Administrator.

**Right To Electric Service During Serious Illness**

If you or anyone presently and normally living in your home is seriously ill, we will not discontinue your electric service during such illness providing you: have a registered physician certify in writing to us that such illness exists, the nature and duration of the illness and you make satisfactory arrangements to pay your bill. This certification must be received within seven (7) days from the date that your physician initially contacts our Credit Department at **1-888-211-1313**.

RI Disclosure Label May 2016

## Do you know where your power comes from?

Here is some information that can help you make the best decision for your energy needs.

As required by the Rhode Island Public Utilities Commission, we provide customers with what is known as a disclosure label. This label enables you, our customers, to look at the energy sources and air emissions of the power used to serve your needs. You can then compare energy labels from other electric suppliers to make the best choice based on your energy needs.

Our customers in New England are served by an integrated power grid, not particular generating units. The information provided is based on the most recent available information provided by our suppliers via the NEPOOL Generation Information System.

National Grid procures its electricity supply for Standard Offer Service, on behalf of its customers, from system power contracts, not from specific generating units.

For additional information, you may contact National Grid at **1-800-322-3223**, [www.nationalgrid.com](http://www.nationalgrid.com), the Rhode Island Office of Energy Resources at **401-574-9100** or the Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers at **401-941-4500**.

## Electricity Facts

Standard Offer Service  
for National Grid Customers  
in Rhode Island

### NOTES

- Electricity customers in New England are served by an integrated power grid, not particular generating units. The above information is based on the most recently available information provided by the Company's suppliers via the NEPOOL Generation Information System. National Grid procures its electricity supply for Standard Offer Service, on behalf of its customers, from system power contracts, not from specific generating units.
- You may call National Grid at **1-800-322-3223**, the Rhode Island Office of Energy Resources at **401-574-9100** or the Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers at **401-941-4500** for additional information.

### Power Sources

Demand for this electricity product in the period 10/01/2014 - 9/30/2015 was assigned generation from the following sources:

Power Source	Resource Mix
<b>Biomass</b>	<b>0.8%</b>
<b>Coal</b>	<b>3.1%</b>
<b>Diesel</b>	<b>1.3%</b>
Digester Gas	0.0%
Efficient Resource (Maine)	0.0%
Fuel Cell	0.0%
<b>Hydroelectric/Hydropower</b>	<b>3.4%</b>
Jet	0.0%
<b>Landfill Gas</b>	<b>4.5%</b>
<b>Municipal Solid Waste</b>	<b>0.3%</b>
<b>Natural Gas</b>	<b>35.4%</b>
<b>Nuclear</b>	<b>19.9%</b>
<b>Oil</b>	<b>9.6%</b>
<b>Solar Photovoltaic</b>	<b>0.4%</b>
<b>Imported Power</b>	<b>19.4%</b>
<b>Trash-to-Energy</b>	<b>0.5%</b>
<b>Wind</b>	<b>1.0%</b>
<b>Wood</b>	<b>0.4%</b>

### Air Emissions

Air emissions from the electric power resources used to serve National Grid's Standard Offer Service customers in Rhode Island are compared to the New England regional average air emissions for all power resources in the period 10/01/2014 - 9/30/2015.

Power Source	Pounds per MWh	Resource Mix Air Emissions as a % of NEPOOL System Mix
<b>Carbon Dioxide</b>	<b>774.8252</b>	<b>89.7%</b>
<b>Carbon Monoxide</b>	<b>0.5932</b>	<b>81.7%</b>
<b>Mercury</b>	<b>0.00001</b>	<b>1.5%</b>
<b>Nitrogen Oxides</b>	<b>0.7462</b>	<b>92.2%</b>

**Power Sources**

Demand for this electricity product in the period 07/01/2015 - 06/30/2016 was assigned generation from the following sources:

Power Source	Resource Mix
Biomass	0.1%
Coal	2.7%
Diesel	1.7%
Digester Gas	0.0%
Efficient Resource (Maine)	0.0%
Fuel Cell	0.0%
Hydroelectric/Hydropower	3.5%
Jet	0.0%
Landfill Gas	4.7%
Municipal Solid Waste	0.2%
Natural Gas	44.2%
Nuclear	8.9%
Oil	10.5%
Solar Photovoltaic	0.5%
Imported Power	21.0%
Trash-to-Energy	0.3%
Wind	0.3%
Wood	1.4%

**Air Emissions**

Air emissions from the electric power resources used to serve National Grid's Standard Offer Service customers in Rhode Island are compared to the New England regional average air emissions for all power resources in the period 07/01/2015 - 06/30/2016.

Power Source	Pounds per MWh	Resource Mix Air Emissions as a % of NEPOOL System Mix
Carbon Dioxide	860.8436	104.2%
Carbon Monoxide	0.6668	85.4%
Mercury	0.00001	98.9%
Nitrogen Oxides	0.7442	98.4%
Particulates	1.1108	109.4%
Fine Particulates	0.5453	98.3%
Sulphur Dioxides	1.4424	146.0%
Organic Compounds	0.0517	91.4%

## Do you know where your power comes from?

Here is some information that can help you make the best decision for your energy needs.

As required by the Rhode Island Public Utilities Commission, we provide customers with what is known as a disclosure label. This label enables you, our customers, to look at the energy sources and air emissions of the power used to serve your needs. You can then compare energy labels from other electric suppliers to make the best choice based on your energy needs.

Our customers in New England are served by an integrated power grid, not particular generating units. The information provided is based on the most recent available information provided by our suppliers via the NEPOOL Generation Information System.

National Grid procures its electricity supply for Standard Offer Service, on behalf of its customers, from system power contracts, not from specific generating units.

For additional information, you may contact National Grid at **1-800-322-3223**, [www.nationalgridus.com](http://www.nationalgridus.com), the Rhode Island Office of Energy Resources at **401-574-9100** or the Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers at **401-941-4500**.

S-05	4.842¢ per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	2.118¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**Street Lighting Rates**

In addition to the energy charges identified above for National Grid’s delivery service under its street lighting rates, the customer will also be charged a luminaire fee and, if applicable, a pole charge. These charges vary depending upon the size and type of street light fixture servicing the customer. Please see each tariff for more information.

**X-01 Electric Propulsion Rate**

This rate shall apply to any customer taking service for traction power at voltages of 69kV or greater.

Customer Charge	\$16,500.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$347.07 per month
Distribution Charge	1.961¢ per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	\$3.22 per kW
Transmission Charge	1.247¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**Back-up service rates**

Business customers who receive all or a portion of their electric supply from a non-emergency on-site generator and expect the Company to supply retail delivery service when the generator is not supplying all of the intended load are placed on an applicable “Back-Up Service” rate. Please see the tariff for rate information, as well as other terms and conditions. Business rates that have a corresponding Back-Up Service rate are shown below:

**Rate**

B-32 Customers with a facility demand of 25 kilowatts or more.  
B-62 Optional for customers with a facility demand of 5,000 kilowatts or more.  
Customers with eligible net metering systems as defined in R.I. Public Laws of 2011, § 134 and 147 are exempt from back-up service rates.

**Payment options**

For your convenience, we offer:

- **Payment Plans:** Pay your outstanding balance by spreading the payments over several months.
- **Budget Plan:** Even out your monthly payments and avoid seasonal peaks and valleys.
- **DirectPay:** Have your bill automatically deducted from your checking account.
- **Pay by Credit/Debt Card:** Pay online using Western Union Speedpay. Additional fees apply, see tariff for more information.

**Energy Efficiency**

Customers can visit [ngrid.com/saveenergy](http://ngrid.com/saveenergy) for energy savings tips and incentives on a wide variety of energy efficient home equipment, such as smart power strips and programmable thermostats.

**Where Can I Get More Information?**

If you have questions, need more detailed information, or would like copies of the actual tariff rate schedules mentioned above, please visit our web site at [ngrid.com/ri-tariff](http://ngrid.com/ri-tariff) or call Customer Service at **1-800-322-3223**.

**Summary of Rates**  
Rhode Island 2015

**About your electric bill**

Your monthly electric bill typically includes charges for:

- (1) Supply Services: the charges for electricity provided by a supplier of energy. Electricity supply is provided by a non-regulated power producer or, if the customer has not chosen a non-regulated power producer, by National Grid.
- (2) Delivery Services: the charges for the delivery of the electricity and various customer services and programs. National Grid is no longer in the power supply business. We are primarily a distribution company that delivers electricity produced by others. However, the Company has contractual arrangements with suppliers to provide electricity to customers who have not chosen a non-regulated power producer or, for whatever reason, have been dropped by their power supplier. **ELECTRIC SERVICE WILL NOT BE TERMINATED IF A CUSTOMER IS DROPPED BY THEIR POWER SUPPLIER.**

**Rate Regulation**

All of our rates are approved by the Public Utilities Commission (PUC) of Rhode Island, the regulatory agency responsible for ensuring that electric rates are fair. However, rates charged by non-regulated power producers are not regulated by the PUC.

**Supply Services**

Customers have the option of obtaining their power from a non-regulated power producer.

For more information regarding the restructuring of the electric industry in Rhode Island or for a list of the current non-regulated power producers, please visit [www.ripuc.org](http://www.ripuc.org).

If a customer does not choose to buy electricity from a non-regulated power producer or the customer is dropped by a non-regulated power producer, National Grid will provide the customer with the necessary power supply under Standard Offer Service. These charges will be in addition to the charges for delivery.

**Standard Offer Service**

Customers who choose not to obtain their power from a non-regulated power producer will receive Standard Offer Service.

For Residential customers, Standard Offer Service is billed at a fixed per kWh price. The rate for Standard Offer Service typically changes every six months based on regulations and is subject to PUC approval.

For the Commercial Group, there are two pricing options. The first option is a variable price option which provides for monthly per kWh charges for a six month period. The second option is a fixed price option in which a six-month fixed per kWh price is in effect. The “customary” option for rate C-06 customers is the fixed price option. The “customary” option for all other customers in this group (rates G-02,S-10, S-06, S-05 and S-14) is the variable price option.

All customers will have the option to switch to the alternative pricing option at any time. The change to the alternative pricing option will occur on the next scheduled meter read date. Once the election has been made, the customer must remain on the chosen option for a period of at least twelve (12) months.

**Renewable Energy Standard Charge**

This charge, which applies to all customers receiving Standard Offer Service, is being collected for the purpose of acquiring a portion of Rhode Island’s energy supply from renewable energy resources, as required by R.I. General Laws § 39-26.

The Renewable Energy Standard Charge is combined with the Standard Offer Service rate on customer bills and is included in Standard Offer Service Rate presented below.

**Standard Offer Service - Residential**

(effective 4/1/2015 – 12/31/2015)

**Residential Rate** 10.405¢ per kWh

\*rates vary monthly

**Delivery Services**

The following is a summary of National Grid rates in effect as of October 1, 2015. The charges listed may change from time to time. The descriptions are abbreviated summaries of the various rates available to our customers. The tariffs on file contain all of the actual terms and conditions for electric service and are available online. You should notify the Company immediately if you are not being served on the most beneficial rate.

**Residential rates**

**A-16 – Basic Residential Rate**

This delivery service rate is available for all domestic purposes in an individual private dwelling or an individual private apartment. It is the rate serving most residential customers, as other rates require special situations.

Service is also available under this rate for:

- Farm customers when all electricity is delivered by the Company.
- A church and adjacent buildings owned and operated by the church. However, service to such buildings would be billed separately if they are separated by public ways.
- Residential condominium associations for service provided to common areas and facilities in accordance with Rhode Island General Laws § 39-2-21. The condominium association must provide documentation of the establishment of a residential condominium and a written statement identifying all buildings or units which are part of the condominium.

**Rates for A-16 Delivery Service**

Customer Charge	\$5.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$0.17 per month
Distribution Charge	4.091¢ per kWh
Renewable Energy Distribution Charge	0.232¢ per kWh
Transmission Charge	2.348¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**A-60 – Low Income Rate**

Service under this rate is provided at a discount to the A-16 Basic Residential Rate. This delivery service rate is available only to qualified customers for all domestic purposes in an individual private dwelling or an individual apartment.

To qualify, a customer must be both:

1. Head of household or principal wage earner, and
2. Receiving Supplemental Security Income from the Social Security Administration, be eligible for the low-income home energy assistance program, or receive one of the following: Medicaid, Food Stamps, General Public Assistance or Family Independence Program Assistance (formerly AFDC).

**Rates for A-60 Delivery Service**

LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$0.17 per month
Distribution Charge	2.744¢ per kWh
Renewable Energy Distribution Charge	0.232¢ per kWh
Transmission Charge	2.348¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**Business rates**

This delivery service rate is available for all purposes and is primarily designed for small commercial and industrial customers.

**Rates for C-06 Delivery Service**

Customer Charge	\$10.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$0.26 per month
Unmetered Charge	\$6.00 per month

Distribution Charge	3.694¢ per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	2.072¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

If the kVa transformer capacity needed to serve a customer exceeds 25 kVa, the minimum charge will be increased by \$1.85 for each kVa in excess of 25 kVa.

**G-02 – General C&I Rate**

The G-02 retail delivery rate is designed for midsize business customers with demand of 10 kilowatts or more. It is available for all purposes and is calculated as a demand charge plus an energy charge.

**Rates for G-02 Delivery Service**

Customer Charge	\$135.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$2.46 per month
Demand Charge	>10 kW \$5.23 per kW
Distribution Charge	0.707¢ per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	\$3.02 per kW
Transmission Charge	0.894¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kW

**G-32 – Large Demand Rate**

This delivery service rate is designed for large business customers. It is mandatory for any customer who has a 12-month average demand of 200kW or greater for three consecutive months. This rate contains a variety of special clauses and conditions. The G-32 rate also is open to customers using less than 200 kW.

**Rates for G-32 Delivery Service**

Customer Charge	\$825.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$17.78 per month
Demand Charge	> 200kW \$4.10 per kW
Distribution Charge	0.732¢ per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	\$3.40 per kW
Transmission Charge	0.930¢ per kWh

Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**G-62 – Optional Large Demand Rate**

This retail delivery rate is designed for the Company's largest business customers. This rate is optional for any customer who has a 12-month maximum demand of 5,000 kW or greater on this rate.

**Rates for G-62 Delivery Service**

Customer Charge	\$17,000.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$347.07 per month
Demand Charge	\$3.54 per kW
Distribution Charge	0.091 per kWh
Renewable Energy Dist Charge	0.232¢ per kWh
Transmission Charge	\$322 per kW
Transmission Charge	1.247¢ per kWh
Transition Charge	(0.201)¢ per kWh
Energy Efficiency	0.983¢ per kWh

**Special clauses and conditions in commercial & industrial rates**

Customers on Rates B-32, B-62, G-02, G-32, and G-62 are eligible to receive a discount for high voltage metering and/or transformer ownership (high voltage delivery) if the customer meets the criteria for receipt of the discount. Rates C-06, G-02, G-32, and G-62 are eligible to receive a Gross Earnings Tax Credit consistent with the gross receipts' tax exemption provided in Section 44-13-35 of Rhode Island General Laws. There also are other terms not summarized above. Please see each tariff for more information.

**S-10 – Limited Service – Private Lighting Rate**

The Company serves various customers under the S-10 delivery service rate for certain private lighting. This rate is not open to new customers.

**S-14 – General Street and Area Lighting Service Rate**

This delivery service rate is available to any city, town or other public authority for street lighting for municipality-owned or accepted roadways, including private ways.

**S-06 – Decorative Street and Area Lighting Service Rate**

This delivery service rate is available for full service, underground served, decorative street and area lighting applications owned by the Company to a Customer, inclusive of

**S-06 – Decorative Street and Area Lighting Service Rate**

This delivery service rate is available for full service, underground served, decorative street and area lighting applications owned by the Company to a Customer, inclusive of municipalities, governmental entity, or other public authority in accordance with the qualifications and the specifications set forth in the tariff.

**S-05 – Customer Owned Equipment Street and Area Lighting Service Rate**

This delivery service rate is available to any municipal city or town that have purchased street and area lighting facilities, including dedicated poles, standards, or accessories pursuant to R.I.G.L. § 39-30-1 et seq.

**Rates for S-05, S-06, S-10 and S-14 Delivery Service**

LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$0.09 per luminaire per month
Distribution Charge	
S-06, S-10 and S-14	2.660¢ per kWh
S-05	5.314¢ per kWh
Renewable Energy Dist Charge	0.344¢ per kWh
Transmission Charge	1.983¢ per kWh
Transition Charge	(0.058)¢ per kWh
Energy Efficiency	1.107¢ per kWh

**Street Lighting Rates**

In addition to the energy charges identified above for National Grid’s delivery service under its street lighting rates, the customer will also be charged a luminaire fee and, if applicable, a pole charge. These charges vary depending upon the size and type of street light fixture servicing the customer. Please see each tariff for more information.

**X-01 Electric Propulsion Rate**

This rate shall apply to any customer taking service for traction power at voltages of 69kV or greater.

Customer Charge	\$16,500.00 per month
LIHEAP Enhancement Charge	\$0.73 per month
Renewable Energy Growth Charge	\$583.94 per month
Distribution Charge	2.114¢ per kWh
Renewable Energy Dist Charge	0.344¢ per kWh
Transmission Charge	\$3.22 per kW
Transmission Charge	1.378¢ per kWh
Transition Charge	(0.058)¢ per kWh
Energy Efficiency	1.107¢ per kWh

**Back-up service rates**

Business customers who receive all or a portion of their electric supply from a non-emergency on-site generator and expect the Company to supply retail delivery service when the generator is not supplying all of the intended load are placed on an applicable “Back-Up Service” rate. Please see the tariff for rate information, as well as other terms and conditions. Business rates that have a corresponding Back-Up Service rate are shown below:

**Rate**

B-32 Customers with a facility demand of 25 kilowatts or more.

B-62 Optional for customers with a facility demand of 5,000 kilowatts or more.

Customers with eligible net metering systems as defined in R.I. Public Laws of 2011, § 134 and 147 are exempt from back-up service rates.

**Payment options**

For your convenience, we offer:

- **Payment Plans:** Pay your outstanding balance by spreading the payments over several months.
- **Budget Plan:** Even out your monthly payments and avoid seasonal peaks and valleys.
- **DirectPay:** Have your bill automatically deducted from your checking account.
- **Pay by Credit/Debt Card:** Pay online using Western Union Speedpay. Additional fees apply, see tariff for more information.

**Energy Efficiency**

Customers can visit [ngrid.com/saveenergy](http://ngrid.com/saveenergy) for energy savings tips and incentives on a wide variety of energy efficient home equipment, such as smart power strips and programmable thermostats.

**Where Can I Get More Information?**

Transmission Charge	2.249¢ per kWh
Transition Charge	0.057¢ per kWh
Energy Efficiency	1.154¢ per kWh

**Street Lighting Rates**

In addition to the energy charges identified above for National Grid’s delivery service under its street lighting rates, the customer will also be charged a luminaire fee and, if applicable, a pole charge. These charges vary depending upon the size and type of street light fixture servicing the customer. Please see each tariff for more information.

**X-01 Electric Propulsion Rate**

This rate shall apply to any customer taking service for traction power at voltages of 69kV or greater.

Customer Charge	\$16,500.00 per month
LIHEAP Enhancement Charge	\$0.81 per month
Renewable Energy Growth Charge	\$2,087.71 per month
Distribution Charge	2.157¢ per kWh
Renewable Energy Dist Charge	0.687¢ per kWh
Transmission Charge	\$3.40 per kWh
Transmission Charge	1.524¢ per kWh
Transition Charge	0.057¢ per kWh
Energy Efficiency	1.154¢ per kWh

**Back-up service rates**

Business customers who receive all or a portion of their electric supply from a non-emergency on-site generator and expect the Company to supply retail delivery service when the generator is not supplying all of the intended load are placed on an applicable “Back-Up Service” rate. Please see the tariff for rate information, as well as other terms and conditions. Business rates that have a corresponding Back-Up Service rate are shown below:

**Rate**

B-32 Customers with a facility demand of 25 kilowatts or more.

B-62 Optional for customers with a facility demand of 5,000 kilowatts or more.

Customers with eligible net metering systems as defined in R.I. Public Laws of 2011, § 134 and 147 are exempt from back-up service rates.

**Payment options**

For your convenience, we offer:

- **Payment Plans:** Pay your outstanding balance by spreading the payments over several months.
- **Budget Plan:** Even out your monthly payments and avoid seasonal peaks and valleys.
- **DirectPay:** Have your bill automatically deducted from your checking account.
- **Pay by Credit/Debt Card:** Pay online using Western Union Speedpay. Additional fees apply, see tariff for more information.

**Energy Efficiency**

Customers can visit [ngrid.com/saveenergy](http://ngrid.com/saveenergy) for energy savings tips and incentives on a wide variety of energy efficient home equipment, such as smart power strips and programmable thermostats.

**Where Can I Get More Information?**

If you have questions, need more detailed information, or would like copies of the actual tariff rate schedules mentioned above, please visit our web site at [ngrid.com/ri-tariff](http://ngrid.com/ri-tariff) or call Customer Service at **1-800-322-3223**.

**Summary of Rates**  
Rhode Island 2017

**About your electric bill**

Your monthly electric bill typically includes charges for:

(1) Supply Services: the charges for electricity provided by a supplier of energy. Electricity supply is provided by a non-regulated power producer or, if the customer has not chosen a non-regulated power producer, by National Grid.

(2) Delivery Services: the charges for the delivery of the electricity and various customer services and programs. National Grid is no longer in the power supply business. We are primarily a distribution company that delivers electricity produced by others. However, the Company has contractual arrangements with suppliers to provide electricity to customers who have not chosen a non-regulated power producer or, for whatever reason, have been dropped by their power supplier. **ELECTRIC SERVICE WILL NOT BE TERMINATED IF A CUSTOMER IS DROPPED BY THEIR POWER SUPPLIER.**

**Rate Regulation**

All of our rates are approved by the Public Utilities Commission (PUC) of Rhode Island, the regulatory agency responsible for ensuring that electric rates are fair. However, rates charged by non-regulated power producers are not regulated by the PUC.

**Supply Services**

Customers have the option of obtaining their power from a non-regulated power producer.

For more information regarding the restructuring of the electric industry in Rhode Island or for a list of the current non-regulated power producers, please visit [www.ripuc.org](http://www.ripuc.org).

If a customer does not choose to buy electricity from a non-regulated power producer or the customer is dropped by a non-regulated power producer, National Grid will provide the customer with the necessary power supply under Standard Offer Service. These charges will be in addition to the charges for delivery.

**Standard Offer Service**

Customers who choose not to obtain their power from a non-regulated power producer will receive Standard Offer Service.

For Residential customers, Standard Offer Service is billed at a fixed per kWh price. The rate for Standard Offer Service typically changes every six months based on regulations and is subject to PUC approval.

For the Commercial Group, there are two pricing options. The first option is a variable price option which provides for monthly per kWh charges for a six month period. The second option is a fixed price option in which a six-month fixed per kWh price is in effect. The “customary” option for rate C-06 customers is the fixed price option. The “customary” option for all other customers in this group (rates G-02,S-10, S-06, S-05 and S-14) is the variable price option.

All customers will have the option to switch to the alternative pricing option at any time. The change to the alternative pricing option will occur on the next scheduled meter read date. Once the election has been made, the customer must remain on the chosen option for a period of at least twelve (12) months.

**Renewable Energy Standard Charge**

This charge, which applies to all customers receiving Standard Offer Service, is being collected for the purpose of acquiring a portion of Rhode Island’s energy supply from renewable energy resources, as required by R.I. General Laws § 39-26.

The Renewable Energy Standard Charge is combined with the Standard Offer Service rate on customer bills and is included in Standard Offer Service Rate presented below.

**Standard Offer Service - Residential**

(effective 10/1/2017 - 3/31/2018)

**Residential Rate** 9.515¢ per kWh

*continued >*

**Standard Office Service - Commercial Group**

**Commercial Group**

(C-06, G-02, S-05, S-06, S-10, S-14)

**Fixed Price Option** 9.350¢  
(effective 10/1/2017 - 3/31/2018)

**Variable Price Option\***

October 2017: 6.969¢  
November 2017: 7.802¢  
December 2017: 9.201¢  
January 2018: 11.527¢  
February 2018: 11.585¢  
March 2018: 8.827¢

**Industrial Customer Group\***

(G-32, G-62, B-32, B-62, X-01)

October 2017: 5.264¢  
November 2017: 6.046¢  
December 2017: 8.011¢

\*rates vary monthly

**Delivery Services**

The following is a summary of National Grid rates in effect as of October 1, 2017. The charges listed may change from time to time. The descriptions are abbreviated summaries of the various rates available to our customers. The tariffs on file contain all of the actual terms and conditions for electric service and are available online. You should notify the Company immediately if you are not being served on the most beneficial rate.

**Residential rates**

**A-16 – Basic Residential Rate**

This delivery service rate is available for all domestic purposes in an individual private dwelling or an individual private apartment. It is the rate serving most residential customers, as other rates require special situations.

Service is also available under this rate for:

- Farm customers when all electricity is delivered by the Company.
- A church and adjacent buildings owned and operated by the church. However, service to such buildings would be billed separately if they are separated by public ways.
- Residential condominium associations for service provided to common areas and facilities in accordance with Rhode Island General Laws § 39-2-21. The condominium association must provide documentation of the establishment of a residential

condominium and a written statement identifying all buildings or units which are part of the condominium.

**Rates for A-16 Delivery Service**

Customer Charge \$5.00 per month  
LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy Growth Charge \$0.78 per month  
Distribution Charge 4.300¢ per kWh  
Renewable Energy Distribution Charge 0.687¢ per kWh  
Transmission Charge 3.179¢ per kWh  
Transition Charge 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kWh

**A-60 – Low Income Rate**

Service under this rate is provided at a discount to the A-16 Basic Residential Rate. This delivery service rate is available only to qualified customers for all domestic purposes in an individual private dwelling or an individual apartment.

To qualify, a customer must be both:

1. Head of household or principal wage earner, and
2. Receiving Supplemental Security Income from the Social Security Administration, be eligible for the low-income home energy assistance program, or receive one of the following: Medicaid, Food Stamps, General Public Assistance or Family Independence Program Assistance (formerly AFDC).

**Rates for A-60 Delivery Service**

LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy Growth Charge \$0.78 per month  
Distribution Charge 2.953¢ per kWh  
Renewable Energy Distribution Charge 0.687¢ per kWh  
Transmission Charge 3.179¢ per kWh  
Transition Charge 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kWh

**Business rates**

This delivery service rate is available for all purposes and is primarily designed for small commercial and industrial customers.

**Rates for C-06 Delivery Service**

Customer Charge \$10.00 per month  
LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy Growth Charge \$1.26 per month  
Unmetered Charge \$6.00 per month  
Distribution Charge 3.892¢ per kWh  
Renewable Energy Dist Charge 0.687¢ per kWh  
Transmission Charge 2.838¢ per kWh  
Transition Charge 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kWh

If the kVa transformer capacity needed to serve a customer exceeds 25 kVa, the minimum charge will be increased by \$1.85 for each kVa in excess of 25 kVa.

**G-02 – General C&I Rate**

The G-02 retail delivery rate is designed for midsize business customers with demand of 10 kilowatts or more. It is available for all purposes and is calculated as a demand charge plus an energy charge.

**Rates for G-02 Delivery Service**

Customer Charge \$135.00 per month  
LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy Growth Charge \$11.85 per month  
Demand Charge > 10kW \$5.52 per kW  
Distribution Charge 0.812¢ per kWh  
Renewable Energy Dist Charge 0.687¢ per kWh  
Transmission Charge \$4.37 per kW  
Transition Charge 1.096¢ per kWh  
Energy Efficiency 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kW

**G-32 – Large Demand Rate**

This delivery service rate is designed for large business customers. It is mandatory for any customer who has a 12-month average demand of 200kW or greater for three consecutive months. This rate contains a variety of special clauses and conditions. The G-32 rate also is open to customers using less than 200 kW.

**Rates for G-32 Delivery Service**

Customer Charge \$825.00 per month  
LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy

Growth Charge \$86.86 per month  
Demand Charge >200kW \$4.41 per kW  
Distribution Charge 0.900¢ per kWh  
Renewable Energy Dist Charge 0.687¢ per kWh  
Transmission Charge \$4.69 per kW  
Transition Charge 1.123¢ per kWh  
Energy Efficiency 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kWh

**G-62 – Optional Large Demand Rate**

This retail delivery rate is designed for the Company's largest business customers. This rate is optional for any customer who has a 12-month maximum demand of 5,000 kW or greater on this rate.

**Rates for G-62 Delivery Service**

Customer Charge \$17,000.00 per month  
LIHEAP Enhancement Charge \$0.81 per month  
Renewable Energy Growth Charge \$1,928.08 per month  
Demand Charge \$3.90 per kW  
Distribution Charge 0.282 per kWh  
Renewable Energy Dist Charge 0.687¢ per kWh  
Transmission Charge \$3.40 per kW  
Transition Charge 1.524¢ per kWh  
Energy Efficiency 0.057¢ per kWh  
Energy Efficiency 1.154¢ per kWh

**Special clauses and conditions in commercial & industrial rates**

Customers on Rates B-32, B-62, G-02, G-32, and G-62 are eligible to receive a discount for high voltage metering and/or transformer ownership (high voltage delivery) if the customer meets the criteria for receipt of the discount. Rates C-06, G-02, G-32, and G-62 are eligible to receive a Gross Earnings Tax Credit consistent with the gross receipts' tax exemption provided in Section 44-13-35 of Rhode Island General Laws. There also are other terms not summarized above. Please see each tariff for more information.

**S-10 – Limited Service – Private Lighting Rate**

The Company serves various customers under the S-10 delivery service rate for certain private lighting. This rate is not open to new customers.

**S-14 – General Street and Area Lighting Service Rate**

This delivery service rate is available to any city, town or other public authority for street lighting for municipality-owned or accepted roadways, including private ways.

**nationalgrid**

## Important Information for National Grid Customers in Rhode Island

Retail electric supply competition was phased in beginning on July 1, 1997. Since that time, the services by National Grid have been separated into two parts—delivery and supply. This means you and all other Rhode Island consumers have the option to purchase electricity supply from a Non-Regulated Power Producer (also known as Competitive Suppliers). If you choose a Competitive Supplier, National Grid will continue to deliver the electricity to your business, maintain lines, read your meter and provide customer and billing services and respond to emergencies.

In order to expand the range of competitive options available to electricity consumers in Rhode Island, the Public Utilities Commission has approved the release of non-residential information on a Customer Information List. Effective December 2005, National Grid made this Customer Information List available to registered Competitive Suppliers. Competitive Suppliers may use the information included on the Customer Information List for the marketing of energy-related products and services only.

### **Information to be included on the Customer Information List**

The Customer Information List compiled by National Grid includes the name on your electric account (corporate name), your mailing and service addresses, and energy information including rate class, 12 months historical usage information (kWh, kW, and kVa if applicable), meter read cycle and voltage indicator. Your company will appear on the Customer Information List unless you notify National Grid that you do not want this information included (see over).

National Grid has updated the Customer Information List on a quarterly basis since March 2006.

**Benefits of having your information included on the Customer Information List**

National Grid is committed to taking all appropriate steps to bring the benefits of the competitive electric industry to consumers. By having your account information included on the Customer Information List, you are improving the ability of Competitive Suppliers to offer you electricity-related products and services. These products and services may provide savings, as well as other benefits that may be of interest.

**If you do not want your account information included on the Customer Information List**

Certain consumers may not want their account information included on the Customer Information List. If you do not want your information included on the Customer Information List, contact National Grid at the telephone number, web site or address below. National Grid will remove your information from all subsequent Customer Information Lists. If you decide at a later date that you want your account information included on the Customer Information List, you can contact National Grid using the number, web site or address below.

Please include your name, account number, address and phone number in all correspondence.

## Important Information Regarding Termination of Utility Service in Rhode Island

The Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers have established rules relating to the termination of residential gas and electric service. These rules provide a series of options for customers with an outstanding balance and for customers whose service has been terminated.

There are two sets of payment plans available to customers, based on whether a customer is a “standard” customer or a “protected” customer. A “standard” customer is a customer not classified in one of the protected categories. A “protected” customer is a residential customer whom the utility has evidence of one or more of the following:

- ▶ Unemployed/receiving unemployment compensation;
- ▶ Elderly (all members of household must be 62 or older) or disabled (an affidavit stating one disability – verified by a physician – is required);
- ▶ Receiving assistance via the LIHEAP program;
- ▶ Seriously ill – illness that is life threatening or may become life threatening, or a disability;
- ▶ Households with a child under 24 months of age – provided there is a financial hardship.

These regulations prevent gas and electric utilities from terminating residential service during the utility termination moratorium period (November 1st through April 15th) for nonpayment of a delinquent account if the customer is a “protected” customer (see above).

For both “standard” and “protected” customers, there are specific steps to the payment plan process requiring the customer to meet certain commitments.

The rules also contain an Arrearage Forgiveness Payment Plan for “LIHEAP-eligible” customers who qualify.

### The terms of each Step of the Standard Customer Payment Plans are as follows:

Step 1A Standard Customer Payment Plan Pre-Termination	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/6 of the customer's unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 1B Standard Customer Payment Plan Pre-Termination Six Month Option	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 2 Standard Customer Payment Plan Pre-Termination Re-negotiation	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective average annual utility cost) + (1/6 of the customer's unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service.</li> </ul>
Step 3 Standard Customer Payment Plan Post-Termination	<ul style="list-style-type: none"> <li>• Initial down payment of 60% of the customer's unpaid balance required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/3 of the customer's unpaid balance for the first three months of the plan).</li> </ul>
Step 4 Post-Termination 100% may be required	<ul style="list-style-type: none"> <li>• A customer may be required to pay up to 100% of the customer's unpaid balance to restore service.</li> </ul>

**The terms of each Step of the Protected Customer Payment Plans are as follows:**

Step 1A Protected Customer Payment Plan Pre-Termination	<ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>Not available after disenrollment from a previous Step 1A, Step 1B, Step 1C or Step 2 Protected Customer Payment Plan.</li> </ul>
Step 1B Protected Customer Payment Plan Post-Termination	<ul style="list-style-type: none"> <li>Initial down payment of 25% required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>Not available to a customer who has become disenrolled from a Step 1A Payment Plan.</li> </ul>
Step 1C Protected Customer Payment Plan Six Month Option	<p><b>Pre-Termination</b></p> <ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for six months the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> </ul> <p><b>Post-Termination</b></p> <ul style="list-style-type: none"> <li>25% down payment required.</li> <li>Must pay each month for six months the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> </ul>
Step 2 Protected Customer Payment Plan Pre-Termination Re-negotiation	<ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>LIHEAP recipients may renegotiate one additional time upon receipt of a LIHEAP promissory note or at the time when the utility receives the LIHEAP grant, whichever is first. Customer must pay each month for 12 months the sum of (1/12 of the unpaid balance + 1/12 of the prospective use after reducing the amount due by the amount of the LIHEAP grant/promise).</li> <li>Only available prior to termination of service.</li> </ul>
Step 3 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 25% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Step 4 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 35% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Step 5 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 50% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Reasonable Pay- ment Plan Based on Individual Case-By- Case Analysis	<ul style="list-style-type: none"> <li>Customer and company may establish a reasonable payment plan with a negotiated down payment of at least 50%. When establishing a reasonable payment plan, the company shall consider the income schedule of the customer, if offered by the customer, the customer's payment history, the size of the unpaid balance and current bill, the amount of time and reason for the outstanding bill and whether the delinquency was caused by unforeseen circumstances.</li> </ul>

**RULES AND REGULATIONS**

A copy of the Rules and Regulations Governing Termination of Residential Electric, Gas and Water Utility Service is available for review at the office of the Division of Public Utilities and Carriers located at 89 Jefferson Boulevard, Warwick, Rhode Island, Monday through Friday, 8:30 AM to 4:00 PM. A copy of the Rules and Regulations may also be obtained via the Internet at [www.ripuc.org/rulesregs/commrules/termination.pdf](http://www.ripuc.org/rulesregs/commrules/termination.pdf)

**Avoid Service Disconnection**

If you or someone you know is without natural gas or electric service, or behind on payments, call National Grid. The company works with customers individually to establish payment plans, and can also provide customers with a list of energy assistance sources. After a mutually acceptable customer payment is made, a payment plan will be established and utility service can be restored.

## Important Information Regarding Termination of Utility Service in Rhode Island nationalgrid

The Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers have established rules relating to the termination of residential gas and electric service. These rules also provide payment options for customers with an outstanding balance and for customers whose service has been terminated.

These regulations prevent gas and electric utilities from terminating residential service during the utility moratorium period (November 1st through April 15th) for nonpayment of a delinquent account if the customer is a “protected” customer. A protected customer has provided proof of qualifying for one of the following categories:

- ▶ Unemployed and receiving unemployment compensation;
- ▶ Elderly – all members of household must be 62 or older;
- ▶ Receiving assistance via the LIHEAP program;
- ▶ Seriously ill – illness that is life threatening or cause adverse consequences to human health (Licensed Physician (MD, DO, LP), Physician Assistant (PA) OR Registered Nurse Practitioner (RNP) must certify to the serious illness is required to complete serious illness form.)
- ▶ Handicapped – physical or mental impairment which limits one or more major life activities, or a disability (Along with a notarized affidavit, a Licensed physician (MD, DO, LP), Physician Assistant (PA) OR Registered Nurse Practitioner (RNP) is required to complete the handicapped form OR you may provide proof of receiving Social Security Disability Insurance or Supplemental Security Income);
- ▶ Households with a child under 24 months of age and proof of financial hardship.

There are two sets of payment plans available to customers, depending on whether a particular customer is a “standard” customer or a “protected” customer. A “standard” customer is a customer not classified in one of the protected categories. A “protected” customer is a residential customer whom the utility has evidence of one or more of the following listed above.

For both “standard” and “protected” customers, there are specific steps to the payment plan process requiring the customer to meet certain commitments. The Arrears Management Plan (AMP) is also available to customers who participate in the Low Income Home Energy Assistance Program (LIHEAP) with an account balance of at least \$300 and more than 60 days past due. Handicapped customers may also be eligible for individualized payment plans outside of the following step payment structure.

Step 1A Standard Customer Payment Plan Pre-Termination	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/6 of the customer’s unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 1B Standard Customer Payment Plan Pre-Termination Six Month Option	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 2 Standard Customer Payment Plan Pre-Termination Re-negotiation	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective average annual utility cost) + (1/6 of the customer’s unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service.</li> </ul>
Step 3 Standard Customer Payment Plan Post-Termination	<ul style="list-style-type: none"> <li>• Initial down payment of 60% of the customer’s unpaid balance required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/3 of the customer’s unpaid balance for the first three months of the plan).</li> </ul>
Step 4 Post-Termination 100% may be required	<ul style="list-style-type: none"> <li>• A customer may be required to pay up to 100% of the customer’s unpaid balance to restore service.</li> </ul>

**The terms of each Step of the Protected Customer Payment Plans are as follows:**

Step 1A Protected Customer Payment Plan Pre-Termination	<ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>Not available after disenrollment from a previous Step 1A, Step 1B, Step 1C or Step 2 Protected Customer Payment Plan.</li> </ul>
Step 1B Protected Customer Payment Plan Post-Termination	<ul style="list-style-type: none"> <li>Initial down payment of 25% required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>Not available to a customer who has become disenrolled from a Step 1A Payment Plan.</li> </ul>
Step 1C Protected Customer Payment Plan Six Month Option	<p><b>Pre-Termination</b></p> <ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for six months the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> </ul> <p><b>Post-Termination</b></p> <ul style="list-style-type: none"> <li>25% down payment required.</li> <li>Must pay each month for six months the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> </ul>
Step 2 Protected Customer Payment Plan Pre-Termination Re-negotiation	<ul style="list-style-type: none"> <li>No down payment required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the unpaid balance + the balance due for current usage) or (1/12 of the unpaid balance + 1/12 of the prospective usage after reducing the amount due by any public energy assistance funds received or promised).</li> <li>LIHEAP recipients may renegotiate one additional time upon receipt of a LIHEAP promissory note or at the time when the utility receives the LIHEAP grant, whichever is first. Customer must pay each month for 12 months the sum of (1/12 of the unpaid balance + 1/12 of the prospective use after reducing the amount due by the amount of the LIHEAP grant/promise).</li> <li>Only available prior to termination of service.</li> </ul>
Step 3 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 25% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Step 4 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 35% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Step 5 Protected Customer Payment Plan	<ul style="list-style-type: none"> <li>Initial down payment of 50% of the customer's unpaid balance required.</li> <li>Must pay each month for 12 months the sum of (1/12 of the estimated prospective average annual utility cost less the estimated annual payment from the public energy assistance programs) + (1/12 of the customer's unpaid balance).</li> </ul>
Reasonable Payment Plan Based on Individual Case-By-Case Analysis	<ul style="list-style-type: none"> <li>Customer and company may establish a reasonable payment plan with a negotiated down payment of at least 50%. When establishing a reasonable payment plan, the company shall consider the income schedule of the customer, if offered by the customer, the customer's payment history, the size of the unpaid balance and current bill, the amount of time and reason for the outstanding bill and whether the delinquency was caused by unforeseen circumstances.</li> </ul>

**RULES AND REGULATIONS**

A copy of the Rules and Regulations Governing Termination of Residential Electric, Gas and Water Utility Service is available for review at the office of the Division of Public Utilities and Carriers located at 89 Jefferson Boulevard, Warwick, Rhode Island, Monday through Friday, 8:30 AM to 4:00 PM. A copy of the Rules and Regulations may also be obtained via the Internet at [www.ripuc.org/rulesregs/commrules/termination.pdf](http://www.ripuc.org/rulesregs/commrules/termination.pdf)

**Avoid Service Disconnection**

If you or someone you know is without natural gas or electric service, or behind on payments, call National Grid. The company works with customers individually to establish payment plans, and can also provide customers with a list of energy assistance sources. After a mutually acceptable customer payment is made, a payment plan will be established and utility service can be restored.

## Important Information Regarding Termination of Utility Service in Rhode Island nationalgrid

The Rhode Island Public Utilities Commission and Division of Public Utilities and Carriers have established rules relating to the termination of residential gas and electric service. These rules also provide payment options for customers with an outstanding balance and for customers whose service has been terminated.

These regulations prevent gas and electric utilities from terminating residential service during the utility moratorium period (November 1st through April 15th) for nonpayment of a delinquent account if the customer is a “protected” customer. A protected customer has provided proof of qualifying for one of the following categories:

- ▶ Unemployed and receiving unemployment compensation;
- ▶ Elderly – all members of household must be 62 or older;
- ▶ Receiving assistance via the LIHEAP program;
- ▶ Seriously ill – illness that is life threatening or cause adverse consequences to human health (Licensed Physician (MD, DO), Physician Assistant (PA) OR Registered Nurse Practitioner (RNP) must certify to the serious illness is required to complete serious illness form.)
- ▶ Handicapped – physical or mental impairment which limits one or more major life activities, or a disability (Along with a notarized affidavit, a Licensed physician (MD, DO), Physician Assistant (PA) OR Registered Nurse Practitioner (RNP) is required to complete the handicapped form OR you may provide proof of receiving Social Security Disability);
- ▶ Households with a child under 24 months of age and proof of financial hardship.

There are two sets of payment plans available to customers, depending on whether a particular customer is a “standard” customer or a “protected” customer. A “standard” customer is a customer not classified in one of the protected categories. A “protected” customer is a residential customer whom the utility has evidence of one or more of the following listed above.

For both “standard” and “protected” customers, there are specific steps to the payment plan process requiring the customer to meet certain commitments. The Arrears Management Plan (AMP) is also available to customers who participate in the Low Income Home Energy Assistance Program (LIHEAP) with an account balance of at least \$300 and more than 60 days past due. Handicapped customers may also be eligible for individualized payment plans outside of the following step payment structure.

**The terms of each Step of the Standard Customer Payment Plans are as follows:**

Step 1A Standard Customer Payment Plan Pre-Termination	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/6 of the customer’s unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 1B Standard Customer Payment Plan Pre-Termination Six Month Option	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/6 of the unpaid balance + the amount due for current usage).</li> <li>• Not available to customers after termination of service or after disenrollment from a previous Step 1A or Step 1B Plan.</li> </ul>
Step 2 Standard Customer Payment Plan Pre-Termination Re-negotiation	<ul style="list-style-type: none"> <li>• No down payment required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective average annual utility cost) + (1/6 of the customer’s unpaid balance for the first six months of the plan).</li> <li>• Not available to customers after termination of service.</li> </ul>
Step 3 Standard Customer Payment Plan Post-Termination	<ul style="list-style-type: none"> <li>• Initial down payment of 60% of the customer’s unpaid balance required.</li> <li>• Must pay each month the sum of (1/12 of the estimated prospective annual utility cost) + (1/3 of the customer’s unpaid balance for the first three months of the plan).</li> </ul>
Step 4 Post-Termination 100% may be required	<ul style="list-style-type: none"> <li>• A customer may be required to pay up to 100% of the customer’s unpaid balance to restore service.</li> </ul>

PUC 1-63

Request:

Please itemize the amounts of lobbying expenses included in operations and maintenance expense for each of the years 2015 and 2016. For purposes of this request, lobbying is defined by R.I. Gen. Laws §22-10-2.

Response:

The Company did not have any lobbying expenses charged to operation and maintenance expense for fiscal year 2015, fiscal year 2016, or the test year in this case, which is July 1, 2016 through June 30, 2017.

PUC 1-64

Request:

Please provide the expenses for each of the years 2015 and 2016 relating to corporate identification. Please itemize all expenses relating to any National Grid, National Grid USA Service Company, and the Company name changes, logo changes, notices of new service centers, and any expense relating to National Grid’s, service company’s and the Company’s name being printed on “give-a-way” items, such as mugs, shirts, etc.

Response:

The Company did not incur any expenses related to either name/logo changes, or notices of new service centers in National Grid’s service territory. Giveaways were used to engage customers and drive participation at various outreach and education events and sponsorships supporting the Company’s electric and gas customers in Rhode Island.

Table 1 lists for each requested year the expenses incurred by Narragansett Electric and Narragansett Gas to support customer outreach and education events and sponsorships, through giveaways.

Table 2 displays samples of customer outreach and education events and sponsorships in the Company’s electric service territory and the supporting giveaway items.

**Table 1**

<b>Calendar Year</b>	<b>Narragansett Electric</b>	<b>Narragansett Gas</b>	<b>TOTAL</b>
<b>2015</b>	\$2,375	\$2,375	\$4,750
<b>2016</b>	\$17,359	\$15,732	\$33,091
<b>GRAND TOTAL</b>	<b>\$19,734</b>	<b>\$18,107</b>	<b>\$37,841</b>

**Table 2**

<b>CY</b>	<b>Customer Outreach and Education Events and Sponsorships</b>	<b>Giveaway Items</b>
<b>2015</b>	<ul style="list-style-type: none"> <li>• Rhode Island Home Show</li> <li>• First Light Funeral: the first night of The Lighting of the Beeches</li> <li>• Earth Day</li> <li>• Pell Elementary School STEM Fair</li> <li>• National Grid Rhode Island Community Service Day with the Boston Red Sox</li> <li>• Rhode Island Builders Association Clambake</li> <li>• Water Fire</li> <li>• RI Paw Sox Annual 5K Road Race</li> <li>• Eastern Lighting Peer Exchange</li> <li>• RI Sustainable Schools Conference</li> <li>• RI Association of School Business Officials</li> <li>• The Energy Council of Rhode Island</li> <li>• The Energy Expo at the Rhode Island Home Show</li> <li>• Distributed Generation and National Grid - RI Seminar</li> <li>• Distributed Generation and National Grid - RI Webinar</li> </ul>	<ul style="list-style-type: none"> <li>• Tote bags</li> <li>• Sunglasses</li> <li>• Backpacks</li> <li>• Ice scrapers</li> <li>• Outlet plug covers</li> <li>• Runner packets</li> </ul>
<b>2016</b>	<ul style="list-style-type: none"> <li>• Rhode Island Home Show- 2016</li> <li>• First Light Funeral: the first night of The Lighting of the Beeches</li> <li>• Earth Day</li> <li>• Pell Elementary School STEM Fair</li> <li>• National Grid Rhode Island Community Service Day with the Boston Red Sox</li> <li>• Rhode Island Builders Association Clambake</li> <li>• Water Fire</li> <li>• RI Paw Sox Annual 5K Road Race</li> <li>• Eastern Lighting Peer Exchange</li> <li>• RI Sustainable Schools Conference</li> <li>• RI Association of School Business Officials</li> <li>• The Energy Council of Rhode Island</li> <li>• The Energy Expo at the Rhode Island Home Show</li> <li>• Distributed Generation and National Grid - RI Seminar</li> <li>• Distributed Generation and National Grid - RI Webinar</li> </ul>	<ul style="list-style-type: none"> <li>• Tote bags</li> <li>• Sunglasses</li> <li>• Backpacks</li> <li>• Ice scrapers</li> <li>• Outlet plug covers</li> <li>• Lip balm</li> </ul>

PUC 1-65

Request:

Please provide in list form the details of all judgment and/or settlements resulting from suits brought which involved National Grid plc, National Grid and/or the Company as a defendant, which resulted in National Grid, its service companies and/or the Company, in each of the years 2015 and 2016, paying or agreeing to pay or being ordered to pay an amount in excess of \$10,000.

Response:

Please see Attachment PUC 1-65 for a list of all judgment and/or settlements in excess of \$10,000 resulting from lawsuits brought against the Company in each of the years 2015 and 2016.

Operation Name	Claimant Full Name	Suit Date	Trans. Date	Payment Amount
The Narragansett Electric Company	Harleysville, a/s/o Wheelock Auto group, Inc	11/16/2012	03/02/2015	\$11,644.69
The Narragansett Electric Company	Quincy Mutual Ins, a/s/o Krystal Wilcox	3/6/2010	03/09/2015	\$58,792.64
The Narragansett Electric Company	Amica, a/s/o Martin, John	3/22/2013	11/23/2015	\$35,000.00
The Narragansett Electric Company	U S Fire, a/s/o Greystone Inc	5/11/2010	06/28/2016	\$100,000.00
The Narragansett Electric Company	Alix, Deborah	2/5/2015	08/01/2016	\$42,228.00
The Narragansett Electric Company	Suvari, Madis, Patricia, Derek	9/15/2011	11/07/2016	\$11,250.00

PUC 1-66

Request:

Please provide in list form the details of all warranty claims the Company has pending including but not limited to the amount being sought, the manufacturer, the date the claim was submitted, the specific item(s) under warranty.

Response:

The Company does not have any pending warranty claims that are being pursued by the Legal Department.

PUC 1-67

Request:

Please provide the combined total dollar amount of all legal suits presently pending in which National Grid plc, National Grid, and/or the Company is a defendant.

Response:

Most pleadings filed in Rhode Island do not contain a requested damages amount and therefore the Company cannot provide a combined total dollar amount of all legal suits presently pending in which National Grid plc, National Grid, and /or the Company is a defendant. Please see Attachment PUC 1-67 for a list of all legal suits presently pending in which National Grid plc, National Grid, and/or the Company is a defendant.

Notes:

\* Collection (non-utility) includes matters where the Company bills a marketer for supply charges or when someone damages the Company's property, as opposed to regular Collection matters where the Company supplies electricity or gas to a customer.

PUC 1-69

Request:

Please provide in two lists the aggregate amount of all fines and/or penalties in excess of \$5,000 paid or agreed to be paid in whole or in part by National Grid and or the Company in the Test Year including the nature of each such fine or penalty, the date assessed, and the entity assessing National Grid, and/or the Company. Provide this information even if appeals are pending and note every instance of an appeal. Please indicate whether ratepayer funds were used to satisfy any of the penalties and explain the rationale.

Response:

Please see Attachment PUC 1-69 for all fines and/or penalties in excess of \$5,000 paid or agreed to be paid by the Company in the Test Year ended June 30, 2017, which were assessed by the Division of Public Utilities and Carriers. None of such fines and/or penalties are currently on appeal. Any fines and/or penalties paid or agreed to be paid are charged to the Company's shareholders.

<b>NOPV</b>	<b>Date NOPV Issue/Fine Assessed</b>	<b>Location</b>	<b>Civil Penalty Assessed</b>	<b>Civil Penalty Paid</b>	<b>Description</b>
16-2	04/11/16	100 Manton AV, Providence	\$ 201,000.00	\$ 36,200.00	Alleged failure to abandon a gas line as required in 5 years

PUC 1-70

Request:

Please provide by community, the Company's property taxes paid in each of the calendar years 2015 and 2016, assessed valuation, and property tax rate. Please specify between real or tangible property tax, where applicable.

Response:

Attachment PUC 1-70-1 provides the amount of property tax paid by The Narragansett Electric Company on its electric distribution and transmission property by community in calendar years 2015 and 2016, including the associated assessed valuation and property tax rate. Property type is provided in the column labeled Class, with "Personal" denoting tangible property tax and "Industrial", "Commerical", and "Residential" denoting real property tax.

Attachment PUC 1-70-2 provides the same information for The Narragansett Electric Company's gas property taxes.

PUC 1-71

Request:

Please provide the amount of tax abatements received by year for the last three years (2014- 2016).

Response:

The Narragansett Electric Company received property tax abatements for the years 2014-2016 as shown in the table below.

Year	Electric Distribution and Transmission	Gas
2014	\$0	\$0
2015	\$465,359.30	\$112,284.60
2016	\$440,841.36	\$0

PUC 1-72

Request:

Please set forth the total dollar amount of property tax abatements which would result should all of the Company's presently pending abatement requests be granted. If an exact total cannot be supplied provide the Company's best estimate.

Response:

The estimated value of The Narragansett Electric Company's presently pending abatement requests, using current tax rates, is \$8.2 million for electric distribution and transmission, and \$2.7 million for gas.

PUC 1-73

Request:

1-73 Please indicate whether the Company uses normalization accounting for all book/tax timing differences.

Response:

The Narragansett Electric Company uses normalization accounting for all book/tax timing differences, except that the tax effect of the book amortization of Equity Allowance for Funds Used During Construction (AFUDC) and Investment Tax Credit (ITC) Basis Reduction are not normalized. The book amortization period is the same as the book life of the underlying plant. During the Test Year ended June 30, 2017, the total annual federal tax impact of both items was \$126,000 for Narragansett Electric and \$14,000 for Narragansett Gas.

The Company is also amortizing the deferred income tax deficiency from Docket No. 4065 over 15 years. The total annual federal tax impact of this amortization is \$650,000 for Narragansett Electric only.

PUC 1-75

Request:

Please itemize and quantify all outside services charges assigned/allocated to the Company from National Grid and its service companies for each of the last three years (2014-2016).

Response:

Please see Attachment PUC 1-75 for a detailed analysis of outside services charged from National Grid and National Grid USA Service Company, Inc. that were allocated or assigned to the Company for each of the last three calendar years (2014, 2015, and 2016). The charges are detailed by expense type and summarized by regulatory account.
