

PUBLIC UTILITIES COMMISSION

IN RE: THE NARRAGANSETT ELECTRIC COMPANY :
d/b/a NATIONAL GRID – ELECTRIC AND GAS : DOCKET NO. 4770
DISTRIBUTION RATE FILING :

COMMISSION'S FIRST SET OF DATA REQUESTS
DIRECTED TO WALMART
(Issued May 4, 2018)

Rate Design

- 1-1. Please set forth the energy efficiency projects in Rhode Island undertaken by Walmart where incentives were received through the energy efficiency budget.
 - a. For each project, please provide any analysis of the kWh and/or kW savings realized by Walmart in Rhode Island.
 - b. Please provide any analysis and/or explain how the combination of the G-32 and G-62 rates would affect the value of energy efficiency measures to Walmart.
- 1-2. Has the Walmart engaged in any net metering or Renewable Energy Growth program projects? If so, please identify. Also, if so, please provide any analysis of how combining the G-32 and G-62 would affect the credits or value of net metering credits to Walmart.
