IN RE: APPLICATION FOR CERTIFICATION : DOCKET NO. 4785  
AS ELIGIBLE RENEWABLE ENERGY RESOURCE FILED :  
BY KEARSARGE SKSC2 LLC :

**ORDER**

WHEREAS, On January 2, 2018, Kearsarge SKSC2 LLC<sup>1</sup> (Company) filed with the Rhode Island Public Utilities Commission (PUC or Commission) an application seeking certification for its Kearsarge SKSC2 Generation Unit, a 3.10 MW AC solar energy Generation Unit located in West Kingston, Rhode Island as an eligible New Renewable Energy Resource in accordance with the PUC's Rules and Regulations Governing the Implementation of a Renewable Energy Standard (Rules) and R.I. Gen. Laws § 39-26-1; and

WHEREAS, Pursuant to Rule 6.0 and other relevant sections of the Rules, a thirty-day period for public comment was provided during which time no such comments were received; and

WHEREAS, On February 19, 2018, supplemental and clarifying information was provided to PUC Staff and their application review consultant in response to the application review consultant's February 19, 2018 request for said information; and

WHEREAS, Said supplemental and clarifying information included: the capacity of the Generation Unit and the Generation Unit's Commercial Operation Date; and

WHEREAS, After examination, the PUC is of the opinion that the application is proper, reasonable, and in compliance with the Rules and hereby grants the Company

certification as an eligible renewable energy resource pursuant to R. I. Gen. Laws § 39-26-1; and

WHEREAS, The PUC's determination in this docket is based on the information submitted by the Company and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is hereby

(23039) ORDERED:

1) The Kearsarge SKSC2 Generation Unit meets the requirements for eligibility as a New, Solar Renewable Energy Resource with its 3.10 MW AC, Grid-Connected Generation Unit having a Commercial Operation Date not yet reached and located within the NEPOOL control area in West Kingston, Rhode Island.

2) As this Generation Unit has not yet achieved Commercial Operation, eligibility is granted with a conditional requirement that the Company provide the Commission with written documentation verifying Commercial Operation and that the Company provide evidence of the Generation Unit's NEPOOL-GIS Asset Identification Number, including Market Settlement System (MSS) designation, when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date, PUC Staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number for the Company's Generation Unit.

4) The facility's Renewable Energy Certificates (RECs) become Rhode Island-eligible effective on the day that the Rhode Island certification number is issued. All RECs associated with the production of eligible energy that are minted on or after the Effective Date are eligible for the Renewable Energy Standard.

5) Although the PUC will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting at its behest, to conduct audits or site visits to assist in verification of continued eligibility for and compliance with Rhode Island Renewable Energy Standard Certification at any time at the PUC's discretion.

6) The Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON MARCH 2, 2018  
PURSUANT TO AN OPEN MEETING DECISION. WRITTEN ORDER ISSUED  
MARCH 7, 2018.
