In Re: KB Surfaces LLC Generation Unit - Independent Verifier – Docket No. 4874

Dear Mr. Beck,

The Rhode Island Public Utilities Commission (Commission) has completed its review of the application by Solect Energy Development to become an independent verifier for the KB Surfaces LLC Generation Unit.<sup>1</sup> The application submitted on May 20, 2019 and revised on May 23, 2019, included *Appendix D: Special Provisions for Aggregators of Customer-Sited or Off-grid Generation Facilities* identifying and confirming independence of verifier Solect Energy Development as the independent verifier for verifying and reporting appropriate billing records from the Company's Generation Unit to the NEPOOL Generation Information System (GIS).

The Commission finds that the documentation provided is enough to confirm independence of Solect Energy Development and meets the requirements for approval as a Rhode Island Independent Verifier. The Commission approves Solect Energy Development as an independent verifier.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

Luly E. Massaro  
Commission Clerk

cc: James Webb - Administrator, NEPOOL GIS

<sup>1</sup> Commission Order No. 23352 approved KB Surfaces LLC's application for eligibility as a New, Solar Renewable Energy Resource Generation Unit (NEPOOL-GIS Asset Id Number NON127504). Owner's Generation Unit Certification Number RI-4874-N18.
