**Re: *Narragansett Bay Commission – Tariff Advice –
Credit Card Fees***

Dear Ms. Massaro:

Pursuant to Rule 1.9(c) of the Rhode Island Public Utilities Commission's Rules of Practice and Procedure, enclosed please find the Narragansett Bay Commission's proposed revised tariffs. In this filing, the Narragansett Bay Commission ("NBC") proposes to change its credit card transaction fees. Under the NBC's proposal its customers will pay a \$2.95 fee per transaction and credit card payments will be allowed up to a \$400 maximum per transaction. Currently, NBC's customers pay a fee of 1.75% of the charge rounded up to the nearest \$0.50, plus a \$1.00 flat transaction fee. The proposed changes to the NBC's Tariffs are requested to be effective on or after January 21, 2019 to coincide with NBC's implementation of its new Customer Service billing application.

Enclosed in this filing is testimony supporting the NBC's proposed changes as well as the NBC's existing tariffs, a marked-up copy of the existing tariffs showing the proposed changes, and a clean copy of the proposed changes. I have also enclosed a copy of the proposed public notice. Please review the proposed notice as soon as possible so that it can be approved for publication.

Please note that an electronic copy of this filing has been sent to the service list from Docket 4890, the NBC's current general rate filing with the Rhode Island Public Utilities Commission, and a hard copy has been mailed to the Rhode Island Attorney General's Office.

Thank you for your attention to these matters.

Sincerely,

Joseph A. Keough, Jr.

IN RE: THE NARRAGANSETT BAY COMMISSION

NOTICE OF PROPOSED TARIFF REVISIONS

The Narragansett Bay Commission (“NBC”) hereby gives notice that on November 20, 2018, it submitted to the Rhode Island Public Utilities Commission (“Commission”) a proposal to revise its existing Tariff pursuant to Rule 1.9(c) of the Commission’s Rules of Practice and Procedure.

In its filing, the NBC proposes to change its credit card transaction fees. Under the NBC’s proposal NBC’s customers will pay a \$2.95 fee per transaction and credit card payments will be allowed up to a \$400 maximum per transaction. Currently, NBC’s customers pay a fee of 1.75% of the charge rounded up to the nearest \$0.50, plus a \$1.00 flat transaction fee. The proposed changes to the NBC’s Tariffs are requested to be effective on or after January 21, 2019 to coincide with NBC’s implementation of its new Customer Service billing application.

A copy of the proposed change to the NBC’s Tariff is on file for examination at the NBC’s office at One Service Road, Providence, RI and at the offices of the Public Utilities Commission, 89 Jefferson Boulevard, Warwick, RI.

1 **NARRAGANSETT BAY COMMISSION**

2 **PRE-FILED DIRECT TESTIMONY**

3 **OF CLARA D. CASIMIRO**

4

5

6

7 **Q. Please state your name and address.**

8 A. Clara Casimiro. My business address is the Narragansett Bay Commission, One
9 Service Road, Providence, RI 02905.

10

11 **Q. By whom are you employed and what is your position?**

12 A. I am employed by the Narragansett Bay Commission (NBC) as the Customer
13 Service Manager.

14

15 **Q. For how long have you been so employed?**

16 A. I have been in the position of Customer Service Manager for 18 years. Prior to my
17 promotion to Customer Service Manager I held other positons in the Customer
18 Service Department for a total of 30 years.

19

20 **Q. Have you previously testified before the Rhode Island Public Utilities
21 Commission?**

22 A. Yes, I have previously provided testimony in support of a proposed change to the
23 consumption billing frequency filed by the NBC on November 7, 2018.

24

25 **Q. What is the purpose of your testimony?**

26 A. To provide information regarding a proposed change to the NBC's tariffs related
27 to the credit card transaction fee. (See attached Revised Marked-up Tariffs,
28 Schedule B, Credit Card Transaction Fee).

29

1 **Q. Was this change included in the NBC's filings in Docket 4885 or 4890?**

2 A. No. Docket 4885 is a debt service compliance filing, and the NBC is restricted in
3 the relief it can request in such a filing, which does not include a tariff revision.
4 The filing in Docket 4890 did not include these changes because the NBC is
5 requesting that the proposed tariff revisions become effective on or after January
6 21, 2019, and a final order in Docket 4890 won't be issued until July 2019. Thus,
7 for the sake of clarity, the marked-up tariffs submitted with this filing only show
8 the tariff revisions requested herein.

9

10 **Q. Can you please you please explain the proposed changes?**

11 A. Yes, NBC is implementing a new Customer Service software application and will
12 utilize a new third party payment processor. This new solution will provide
13 enhanced customer service through e-bills, multiple account payment
14 functionality, and automatic account payments in addition to other account
15 management tools. As part of this process, NBC will be working with a payment
16 processing vendor that is fully integrated into the Customer Service software
17 application. With the new vendor, the fee structure for credit card payments shall
18 change from the current fee of 1.75% rounded up to the nearest \$0.50 of the user
19 selected amount, plus \$1.00 to a flat transaction fee of \$2.95 per transaction.
20 Credit card payments will be allowed up to a \$400.00 maximum per transaction.

21

22 **Q. Is the credit card fee paid to NBC?**

23 A. No, the vendor collects the credit card fee.

24

25 **Q. How does the NBC propose to amend its tariffs to effectuate this change?**

26 A. The NBC proposes to change the language in Schedule B, Credit Card Transaction
27 Fee, as set forth in its marked up tariffs, or to eliminate the credit card
28 transaction fee language all together to reflect the fact that NBC does not collect
29 the fee.

1 **Q. Will all customers would be affected by this change?**

2 A. Although the proposed tariff change would apply to all customers, this change
3 would apply to only those customers who chose to pay their bills with a credit
4 card. Customers may also make payments on-line via ACH at no charge.

5

6 **Q. When does the NBC request that these changes take effect?**

7 A. The NBC requests that the proposed tariff revisions take effect on or after
8 January 21, 2019 to coincide with the implementation of the new Customer
9 Service software application.

10

11 **Q. Does this conclude your testimony?**

12 A. Yes.
